3 Practical Assessment

Assessment Type

Practical Assessment

Task Description

Bachelor of Music (Jazz & Pop) MKY ONLY Cohort

Students are required to present a variety of aural and rhythm based materials in a practical test setting. Each week, students will engage in aural and rhythm classes. Students will present the following:

- Scale and chord recognition
- Interval recognition
- Learning pieces in multiple keys
- Chord progression recognition
- Note values, subdivisions and time signatures
- Sight reading
- Groove and transcription reading

Bachelor of Music (Performance Major) & Diploma of Music - Distance Cohort (Distance/Townsville/Wagga

Wagga/ Bathurst)

Program notes

Students must submit program notes on their practical performance (Assessment item 2). They provide you with the opportunity to research the pieces that you are performing and present this information in a written format at your practical exam. They are much like the 'general knowledge' component of a practical exam.

Length of program notes

They should be a minimum of **200 words for each piece of music** that you are playing in your performance exam. You **do not** need to do program notes on your study as is part of the Technical exam.

Classical pieces

1. Who wrote the piece and when?
2. Is this piece part of a larger work? Is it a movement, section or piece that belongs to a larger set of pieces?
3. What is the key and form of the piece?
4. What are the main musical features of the piece?
5. What effects or emotions was the composer trying to achieve?
6. What other major works did this composer write and for what instruments?

Contemporary popular pieces/songs

1. Who wrote the words and the music and when?
2. Who has recorded this work and when?
3. Is this song part of a larger work such as a musical?
4. What is the key and the form of the song?
5. What is the musical style of this song?
6. What other songs did this composer and lyricist write?

Upload the program notes as a Microsoft Word Document (.docx) which (1) must use 12 point Times New Roman font; (2) must use 1.5 spacing for the body of the assignment; and (3) may use sub-headings to organise your assignment clearly. Must adhere to the CQUniversity APA Style Guide.

Referencing

Since this is a written piece of assessment, you should include a **Reference List** at the end and properly reference any direct quotes that you make. The referencing style is APA, 6th Edition.

Academic Integrity Statement

As a CQUniversity student you are expected to act honestly in all aspects of your academic work.

Any assessable work undertaken or submitted for review or assessment must be your own work. Assessable work is any type of work you do to meet the assessment requirements in the unit, including draft work submitted for review and feedback and final work to be assessed.

When you use the ideas, words or data of others in your assessment, you must thoroughly and clearly acknowledge the source of this information by using the correct referencing style for your unit. Using others' work without proper acknowledgement may be considered a form of intellectual dishonesty.

Participating honestly, respectfully, responsibly, and fairly in your university study ensures the CQUniversity qualification you earn will be valued as a true indication of your individual academic achievement and will continue to receive the respect and recognition it deserves.

As a student, you are responsible for reading and following CQUniversity's policies, including the [Student Academic Integrity Policy and Procedure](#). This policy sets out CQUniversity's expectations of you to act with integrity, examples of academic integrity breaches to avoid, the processes used to address alleged breaches of academic integrity, and potential penalties.

What is a breach of academic integrity?

A breach of academic integrity includes but is not limited to plagiarism, self-plagiarism, collusion, cheating, contract cheating, and academic misconduct. The Student Academic Integrity Policy and Procedure defines what these terms mean and gives examples.

Why is academic integrity important?

A breach of academic integrity may result in one or more penalties, including suspension or even expulsion from the University. It can also have negative implications for student visas and future enrolment at CQUniversity or elsewhere. Students who engage in contract cheating also risk being blackmailed by contract cheating services.

Where can I get assistance?

For academic advice and guidance, the [Academic Learning Centre \(ALC\)](#) can support you in becoming confident in completing assessments with integrity and of high standard.

What can you do to act with integrity?

**Be Honest**

If your assessment task is done by someone else, it would be dishonest of you to claim it as your own

**Seek Help**

If you are not sure about how to cite or reference in essays, reports etc, then seek help from your lecturer, the library or the Academic Learning Centre (ALC)

**Produce Original Work**

Originality comes from your ability to read widely, think critically, and apply your gained knowledge to address a question or problem
