Task Description

Length: 2000 - 2500 words

The word count is considered from the first word of the introduction to the last word of the conclusion. It excludes the cover page, abstract, contents pages, reference page and appendices. It includes in-text references and direct quotations.

Task: Choose **one** of the following essay topics and complete an essay using the guidelines shown below:

- Investigate the origins of *The Great American Songbook* and its influence on popular music throughout the 20th century up to the present day. As part of your discussion include an analysis five songs by different composers/lyricists, looking at their musical structure, the style and content of the lyrics as well as their performance/recording history up to the present day. For each song that you discuss, find an appropriate performance of this song on YouTube and include the URL for these songs in the body of your assignment and also include in the Reference List.

- Investigate the characteristics of movie musicals from the early 1930s to the present day. Choose five different *landmark movie musicals* from early 1930s to the present day. Focus only on musicals that were *first written for film*, and not musicals that started as a stage version. Do not include animated musicals in your discussion. Discuss why you would consider these musicals to be landmark musicals. Discuss the contribution from the directors, composers, lyricists, choreographers, producers and star performers. Discuss the technology and cinematography that has contributed to their success. For each movie musical that you discuss, find appropriate YouTube clips to support your discussion. Include the URL for these clips in the body of your assignment and also include in the Reference List.
- Investigate the origins and development of soul music from the 1950s through to the present day. Discuss important artists, the related recording studios and the early distribution of this style of music through radio and television. Include an analysis of five songs by different artists by commenting on the musical style, content of the lyrics, the performance history/recording history, as well as the contribution of the composers, lyricists and producers of these songs. For each song that you discuss, find an appropriate performance of this song on YouTube and include the URL for these songs in the body of your assignment and also include in the Reference List.
- Investigate the influence of the blues on the development of rock and roll in the late 20th century by providing an overview of blues-based music and influential artists/bands from the 1950s to the end of the 20th century. Choose one blues-based song from each decade: the 1950s, 1960s, 1970s, 1980s and 1990s and discuss how each artist/band has interpreted the blues form in this song, how they have made use of various instruments and voices, the way improvisation is incorporated and how it is similar or different to the traditional blues forms of the early 20th century. For each song that you discuss, find an appropriate performance of this song on YouTube and include the URL for these songs in the body of your assignment and also include in the Reference List.
- One characteristic of the progressive rock genre that emerged in the late 1960s, was the concept album. In this topic, you are to investigate the development of the concept album with reference to at least five different albums by different artists/bands. For every album you discuss, you will need to make reference to the artwork and specific songs/tracks, in order to demonstrate how the artists used instrumentation, stylistic choices, and technology afforded by the recording studio, to convey their chosen theme of the album. Include appropriate images and links to recordings to support your research and include within the in-text referencing and Reference List.

Academic Integrity Statement

As a CQUniversity student you are expected to act honestly in all aspects of your academic work.

Any assessable work undertaken or submitted for review or assessment must be your own work. Assessable work is any type of work you do to meet the assessment requirements in the unit, including draft work submitted for review and feedback and final work to be assessed.

When you use the ideas, words or data of others in your assessment, you must thoroughly and clearly acknowledge the source of this information by using the correct referencing style for your unit. Using others' work without proper acknowledgement may be considered a form of intellectual dishonesty.

Participating honestly, respectfully, responsibly, and fairly in your university study ensures the CQUniversity qualification you earn will be valued as a true indication of your individual academic achievement and will continue to receive the respect and recognition it deserves.

As a student, you are responsible for reading and following CQUniversity's policies, including the [Student Academic Integrity Policy and Procedure](#). This policy sets out CQUniversity's expectations of you to act with integrity, examples of academic integrity breaches to avoid, the processes used to address alleged breaches of academic integrity, and potential penalties.

What is a breach of academic integrity?

A breach of academic integrity includes but is not limited to plagiarism, self-plagiarism, collusion, cheating, contract cheating, and academic misconduct. The Student Academic Integrity Policy and Procedure defines what these terms mean and gives examples.

Why is academic integrity important?

A breach of academic integrity may result in one or more penalties, including suspension or even expulsion from the University. It can also have negative implications for student visas and future enrolment at CQUniversity or elsewhere. Students who engage in contract cheating also risk being blackmailed by contract cheating services.

Where can I get assistance?

For academic advice and guidance, the [Academic Learning Centre \(ALC\)](#) can support you in becoming confident in completing assessments with integrity and of high standard.

What can you do to act with integrity?

Be Honest

If your assessment task is done by someone else, it would be dishonest of you to claim it as your own

Seek Help

If you are not sure about how to cite or reference in essays, reports etc, then seek help from your lecturer, the library or the Academic Learning Centre (ALC)

Produce Original Work

Originality comes from your ability to read widely, think critically, and apply your gained knowledge to address a question or problem
