## 3 Practical and written assessment

#### **Assessment Type**

Practical and Written Assessment

#### **Task Description**

**Weighting:** 40% of term result

**Length:** 1200 words minimum + video recording of a minimum of 30 minutes in total.

#### **Task:**

**Part A:** You are to create **six videos**, each of a **minimum length of five minutes**. Each video will feature you as the performer on your chosen instrument or voice and will focus on technical and musical challenges for the **intermediate - advanced performer**.

- Three videos are to focus on **three separate technical areas** relevant to your chosen instrument/voice. You will demonstrate through speech and performance how to approach these technical issues. They should be relevant to the **intermediate - advanced student** in your instrument. You should show how **not to do the technique** as well as **how to do the technique**. Here are some possible examples to get you thinking:
  - Playing spiccato bowing on the violin
  - Double and triple tonguing on the flute
  - Breath control for long phrases (wind instruments and singing)
  - Bringing out the melody in a chordal piano piece
  - Sticking techniques for drummers.
- Three videos are to focus on **three separate repertoire/style/performance** areas relevant to your chosen instrument. This should be related to specific pieces of music that are part of the standard repertoire for your

instrument/voice. You will demonstrate through speech and performance how to approach these repertoire/style/performance issues. You should show how **not to do the performance issue** as well as **how to do the performance issue**. They should be relevant to the **intermediate - advanced student** in your instrument. Here are some possible examples to get you thinking:

- The application of rubato in a piece of piano music by Chopin
- Developing characterisation in a music theatre song using vocal colour
- Appropriate guitar soloing for a particular rock song
- How to apply the damper pedal in a Bach Prelude for the piano
- Funk drumming patterns for a particular funk tune.

**Part B:** For each of the six videos, you will write a minimum of 200 words explaining your approach in the video and why this particular technique or musical style is important for an intermediate-advancing student in your instrument/voice. This written part must include a reference list in APA style, 6th edition.

### **Video assignment format:**

- Each video should start with a title page that outlines the topic of the video and the name of the presenter.
- Make sure your camera position shows clearly your performance on the instrument, and is filmed with plenty of light on you and your instrument.
- The final videos should be **compressed as mp4 files**, as this is compatible across computer platforms and will be smaller in size.
- The six videos can be uploaded separately to Moodle or zip them together before uploading to Moodle.
- Each video should contain your discussion of the concept as well as a demonstration of the concept by you on your chosen instrument.

### **Written assignment format:**

- Use 12 point Times New Roman font for the body of the essay.
- 1.5 spacing throughout
- You may use sub-headings if you wish to organise your assignment. These may be in a different colour or different size font.
- Include in-text references (citations) throughout the assignment.

## Academic Integrity Statement

As a CQUniversity student you are expected to act honestly in all aspects of your academic work.

Any assessable work undertaken or submitted for review or assessment must be your own work. Assessable work is any type of work you do to meet the assessment requirements in the unit, including draft work submitted for review and feedback and final work to be assessed.

When you use the ideas, words or data of others in your assessment, you must thoroughly and clearly acknowledge the source of this information by using the correct referencing style for your unit. Using others' work without proper acknowledgement may be considered a form of intellectual dishonesty.

Participating honestly, respectfully, responsibly, and fairly in your university study ensures the CQUniversity qualification you earn will be valued as a true indication of your individual academic achievement and will continue to receive the respect and recognition it deserves.

As a student, you are responsible for reading and following CQUniversity's policies, including the [Student Academic Integrity Policy and Procedure](#). This policy sets out CQUniversity's expectations of you to act with integrity, examples of academic integrity breaches to avoid, the processes used to address alleged breaches of academic integrity, and potential penalties.

### What is a breach of academic integrity?

A breach of academic integrity includes but is not limited to plagiarism, self-plagiarism, collusion, cheating, contract cheating, and academic misconduct. The Student Academic Integrity Policy and Procedure defines what these terms mean and gives examples.

### Why is academic integrity important?

A breach of academic integrity may result in one or more penalties, including suspension or even expulsion from the University. It can also have negative implications for student visas and future enrolment at CQUniversity or elsewhere. Students who engage in contract cheating also risk being blackmailed by contract cheating services.

### Where can I get assistance?

For academic advice and guidance, the [Academic Learning Centre \(ALC\)](#) can support you in becoming confident in completing assessments with integrity and of high standard.

### What can you do to act with integrity?

**Be Honest**

If your assessment task is done by someone else, it would be dishonest of you to claim it as your own

**Seek Help**

If you are not sure about how to cite or reference in essays, reports etc, then seek help from your lecturer, the library or the Academic Learning Centre (ALC)

**Produce Original Work**

Originality comes from your ability to read widely, think critically, and apply your gained knowledge to address a question or problem
