Assessment Tasks

1 Written Assessment

Assessment Type

Written Assessment

Task Description

Worksheet 1 - Swing Era

Students will choose **TWO** swing era jazz solos from the list provided on the moodle course site. Students are required to analyse the solos from the score, outlining the harmonic language used. You will specifically use the musical devices studied in the course workbooks.

You must submit the following for **EACH SOLO**:

Part 1 Analysis

- Mark on the scores your analysis - indicating where certain improvisational techniques are used.
- Upload score as a pdf. file

You must complete the following tasks on each solo:

1. Mark the note numbers against the harmony - example- 1,5,7,9,13 against the chord in each bar.
2. Highlight repetitive rhythms or special use of rhythm/ sequences
3. Highlight any unique uses of range on an instrument or specific techniques - bends or wails seen on the score.
4. Mark the inversions or patterns used with the harmony. eg. If a melody uses 135 or 531 or 1235 of a chord etc.
5. Highlight any approach tones
6. Highlight any chromaticism
7. Highlight any enclosures

Part 2 300 word discussion

In this discussion, you will need to comment on your analysis above. This must include theoretical reasoning - (discuss how and why the soloist used a particular device or technique).

Things to include can be:

- Improvisational devices ie. mode and scale use
- Unique/Interesting chord usage, arpeggio and extension use
- Other harmonic devices
- Use of rhythms
- Technique on instrument
- Upload discussion as a word doc.

2 Written Assessment

Assessment Type

Written Assessment

Task Description

Students will choose **two (2)** jazz standards (songs) from a list provided on the moodle course site. Students must reharmonize the standards using the techniques covered in the course topics.

Part 1 Reharmonization

Using Sibelius or Finale, reharmonize the chord progression using the following devices:

- Plurality substitutions
- Tritone substitutions
- Diminished substitutions
- Sus4 substitutions
- Secondary dominants

You must demonstrate use of each reharmonization technique.

**Higher marks will be awarded to the most musically cohesive pieces - so try to experiment with the substitutions rather than just apply them where you see fit. A quality reharmonization must not lose the character of the original - but rather enhance it to create interesting colors.*

Upload these reharmonizations as a **pdf. file**

Part 2 400 word discussion (per song)

- Discussion on harmony choice with theoretical explanation for each substitution.

Things to include:

- Detail each substitution and justify the use with theoretical reasoning.
- Describe the balance of the substitution in comparison to the overall piece. How does each sub compliment the existing harmony? Does the tonality of the piece change too much? Why did you choose that particular section of the piece to reharmonize?

Upload as a Word doc.

Academic Integrity Statement

As a CQUniversity student you are expected to act honestly in all aspects of your academic work.

Any assessable work undertaken or submitted for review or assessment must be your own work. Assessable work is any type of work you do to meet the assessment requirements in the unit, including draft work submitted for review and feedback and final work to be assessed.

When you use the ideas, words or data of others in your assessment, you must thoroughly and clearly acknowledge the source of this information by using the correct referencing style for your unit. Using others' work without proper acknowledgement may be considered a form of intellectual dishonesty.

Participating honestly, respectfully, responsibly, and fairly in your university study ensures the CQUniversity qualification you earn will be valued as a true indication of your individual academic achievement and will continue to receive the respect and recognition it deserves.

As a student, you are responsible for reading and following CQUniversity's policies, including the [Student Academic Integrity Policy and Procedure](#). This policy sets out CQUniversity's expectations of you to act with integrity, examples of academic integrity breaches to avoid, the processes used to address alleged breaches of academic integrity, and potential penalties.

What is a breach of academic integrity?

A breach of academic integrity includes but is not limited to plagiarism, self-plagiarism, collusion, cheating, contract cheating, and academic misconduct. The Student Academic Integrity Policy and Procedure defines what these terms mean and gives examples.

Why is academic integrity important?

A breach of academic integrity may result in one or more penalties, including suspension or even expulsion from the University. It can also have negative implications for student visas and future enrolment at CQUniversity or elsewhere. Students who engage in contract cheating also risk being blackmailed by contract cheating services.

Where can I get assistance?

For academic advice and guidance, the [Academic Learning Centre \(ALC\)](#) can support you in becoming confident in completing assessments with integrity and of high standard.

What can you do to act with integrity?

Be Honest

If your assessment task is done by someone else, it would be dishonest of you to claim it as your own

Seek Help

If you are not sure about how to cite or reference in essays, reports etc, then seek help from your lecturer, the library or the Academic Learning Centre (ALC)

Produce Original Work

Originality comes from your ability to read widely, think critically, and apply your gained knowledge to address a question or problem
