## Term Specific Information

Students will be required to use musical notation software for the completion of assessments during this unit. It is highly recommended to use the free version *Sibelius First*. Alternatively you may choose to purchase *Sibelius*. There are pay-by-the-month options for students on the *Sibelius* website. More information on music notation software will be made available on the Moodle Unit website. Please contact the Unit Coordinator for any further information.

## Assessment Tasks

### 1 Written Assessment

#### Assessment Type

Written Assessment

#### Task Description

#### Worksheet 1 - Reharmonisation

Students will choose **two (2)** jazz standards (songs) from a list provided on the Moodle unit site. Students must reharmonise the pieces using the techniques covered in the unit topics

#### Part 1 Reharmonisation

Students are required to reharmonise two different chord progressions. Each piece must include the following 5 devices:

- Plurality substitutions
- Tri-tone substitutions
- Diminished substitutions
- Sus4 substitutions
- Secondary dominants

*\*Higher marks will be awarded to the most musically cohesive pieces - so try to experiment with the substitutions rather than just apply them where you see fit. A quality reharmonisation must not lose the character of the original - but rather enhance it to create interesting colours*

Upload both pieces as a **pdf. file**

#### Part 2 \*400 word discussion (per song)

- Discussion on the harmonic choices with theoretical explanations for each substitution

Things to include:

- Detail each substitution and justify the use with theoretical reasoning
- Describe the balance of the substitution in comparison to the overall piece. How does each substitution compliment the existing harmony? Does the tonality of the piece change too much? Why did you choose that particular section of the piece to reharmonise?
- Upload discussion as a Microsoft Word Document (.docx) which (1) must use 12 point Times New Roman font; (2) must use 1.5 spacing for the body of the assignment; and (3) may use sub-headings to organise your assignment

clearly. Must adhere to the CQUniversity APA Style Guide

- \*Word count - The word count is considered from the first word of the introduction to the last word of the conclusion. It excludes the cover page, abstract, contents page, reference page and appendices. It includes in-text references and direct quotations.

5. Accurate use of secondary dominants **10%**

## 2 Written Assessment

### Assessment Type

Written Assessment

### Task Description

#### Worksheet 2 - Swing Era

Students will choose **ONE** swing era jazz solo from the list provided on the Moodle unit site. Students are required to analyse the solo from the score, outlining the melodic language used. You will specifically use the musical devices studied in the workbooks

#### Part 1 Analysis

- Mark on the score your analysis - indicating where certain improvisational techniques are used
- Upload score as a pdf. file

You must complete the following tasks on the solo:

1. Mark the note numbers against the harmony - example- 1,5,7,9,13 against the chord in each bar
2. Mark repetitive rhythms or special use of rhythm/ sequences
3. Mark any enclosures
4. Mark any chromaticism
5. Mark particular scales used or notes of significance

## **Part 2** \*300-500 word discussion

In this discussion, you will need to comment on your analysis above. This must include theoretical reasoning - (discuss how and why the soloist used a particular device or harmony).

Things to include:

- Improvisational devices - mode and scale use
- Unique/Interesting chord usage, arpeggio and extension use
- Other harmonic devices (covered in the topics) Example: Tri-tone use or altered dominants
- Use of rhythms - Syncopation? Sequences?
- A typical sentence in the discussion might look like this: *In bars 4, 5, 7 & 13, the soloist used enclosures on quaver passages. In bar 4, you can see the target note is G on a Cmaj7. The two notes prior are G# and F#. These two non-diatonic notes create tension before resolving to the 5th degree of Cmaj7*
- Upload discussion as a Microsoft Word Document (.docx) which (1) must use 12 point Times New Roman font; (2) must use 1.5 spacing for the body of the assignment; and (3) may use sub-headings to organise your assignment clearly. Must adhere to the CQUniversity APA Style Guide
- \*Word count - The word count is considered from the first word of the introduction to the last word of the conclusion. It excludes the cover page, abstract, contents page, reference page and appendices. It includes in-text references and direct quotations.

\*Note: This is a melodic assignment that looks at the techniques covered in the topics. Try to think back on LOMM 1 & 2 for specific rhythms or other musical language you find

## Academic Integrity Statement

As a CQUniversity student you are expected to act honestly in all aspects of your academic work.

Any assessable work undertaken or submitted for review or assessment must be your own work. Assessable work is any type of work you do to meet the assessment requirements in the unit, including draft work submitted for review and feedback and final work to be assessed.

When you use the ideas, words or data of others in your assessment, you must thoroughly and clearly acknowledge the source of this information by using the correct referencing style for your unit. Using others' work without proper acknowledgement may be considered a form of intellectual dishonesty.

Participating honestly, respectfully, responsibly, and fairly in your university study ensures the CQUniversity qualification you earn will be valued as a true indication of your individual academic achievement and will continue to receive the respect and recognition it deserves.

As a student, you are responsible for reading and following CQUniversity's policies, including the [Student Academic Integrity Policy and Procedure](#). This policy sets out CQUniversity's expectations of you to act with integrity, examples of academic integrity breaches to avoid, the processes used to address alleged breaches of academic integrity, and potential penalties.

### What is a breach of academic integrity?

A breach of academic integrity includes but is not limited to plagiarism, self-plagiarism, collusion, cheating, contract cheating, and academic misconduct. The Student Academic Integrity Policy and Procedure defines what these terms mean and gives examples.

### Why is academic integrity important?

A breach of academic integrity may result in one or more penalties, including suspension or even expulsion from the University. It can also have negative implications for student visas and future enrolment at CQUniversity or elsewhere. Students who engage in contract cheating also risk being blackmailed by contract cheating services.

### Where can I get assistance?

For academic advice and guidance, the [Academic Learning Centre \(ALC\)](#) can support you in becoming confident in completing assessments with integrity and of high standard.

### What can you do to act with integrity?

#### Be Honest

If your assessment task is done by someone else, it would be dishonest of you to claim it as your own

#### Seek Help

If you are not sure about how to cite or reference in essays, reports etc, then seek help from your lecturer, the library or the Academic Learning Centre (ALC)

#### Produce Original Work

Originality comes from your ability to read widely, think critically, and apply your gained knowledge to address a question or problem
