Term 2 - 2017

Profile information current as at 04/05/2024 02:34 am

All details in this unit profile for MUSC12414 have been officially approved by CQU University and represent a learning partnership between the University and you (our student). The information will not be changed unless absolutely necessary and any change will be clearly indicated by an approved correction included in the profile.

General Information

Overview

Building on the work covered in Language of Modern Music 3, you will continue to study more advanced aspects of the language of modern music. Modern harmony, melody, music structures, genre specific devices and stylistic idioms are all studied with weight given to practical applications as well as theoretical and analytical work. Analysis and written exercises are used to develop a competent knowledge of the structures and styles of modern harmony and melody.

Assessment Grading

This is a graded unit: your overall grade will be calculated from the marks or grades for each assessment task, based on the relative weightings shown in the table above. You must obtain an overall mark for the unit of at least 50%, or an overall grade of 'pass' in order to pass the unit. If any 'pass/fail' tasks are shown in the table above they must also be completed successfully ('pass' grade). You must also meet any minimum mark requirements specified for a particular assessment task, as detailed in the 'assessment task' section (note that in some instances, the minimum mark for a task may be greater than 50%). Consult the [University's Grades and Results Policy](#) for more details of interim results and final grades.

Assessment Tasks

1 Written Assessment

Assessment Type

Written Assessment

Task Description

Worksheet 1 - Bebop Composition (20%)

You will compose two (2) bebop improvisations encompassing the soloing devices studied in this unit.

Composition 1: (10%)

You will be given a score (through the moodle unit website) to use as the template for the improvisation composition. For the first composition, you will be given pre-existing rhythms to write your solo from. The rhythms will be in the style of bebop. Accompanying these rhythms, the score will contain the chord symbols, scale and melodic device instructions written above each bar. You must combine the rhythms and harmonic choices for each bar, demonstrating your ability to write melodies with the correct harmonic choices. The moodle unit website will contain examples of how this it to be completed. This solo is one (1) form and you must complete the entire form.

You will be provided with the harmonic language to use in the first composition. This will be in the form of scale names or harmonic instructions above each bar.

Composition 2: (10%)

You will be given a score (through moodle unit website) to use as the template for the improvisation composition. For this second composition, you will only be given pre-existing rhythms to write your solo from. You must combine the given rhythms and harmonic concepts learnt in LOMM 3 & 4. This solo is one (1) form and you must complete the entire form. You must be creative with your harmonic choices. A list of solo's will be provided on moodle as well as the topic workbook examples to help see how solos can be created.

A specific list of harmonic devices to be used will be provided on the moodle unit website.

You must submit:

- Students will be given two separate composition templates to complete.
- Students must complete this task using Sibelius or Finale.
- Each composition must be uploaded as a separate file.
- Upload score as a pdf. file

Assessment Criteria**Criteria:****Composition 1 (rhythm and harmony provided)**

1. 35% Accurate use of key bebop techniques including the ability to apply the given harmonic language with correct notes.
2. 25% Ability to demonstrate understanding of harmonic and rhythmic cohesion (correct notes against beats of bar and quality of note choice)
3. 20% Degree of creativity with composing from given harmonic and rhythmic language.
4. 20% Quality of score (including correct notation, rhythms, accidentals and all musical elements)

Composition 2 (rhythm only provided)

1. 35% Ability to use key bebop techniques including the ability to apply appropriate harmonic language with correct notes.
2. 25% Ability to demonstrate understanding of harmonic and rhythmic cohesion (correct notes against beats of bar and quality of note choice)
3. 20% Degree of creativity with composing from given rhythmic language.

2 Written Assessment

Assessment Type

Written Assessment

Task Description

Worksheet 2 - One Bebop Composition (20%)

Students will compose one bebop improvisation encompassing the soloing devices studied in this unit.

Students must:

You will be given one chord progression (available on the moodle unit website). The task will require you to compose two forms (two choruses/64 bars) of bebop improvisations using the melodic, rhythmic and harmonic techniques studied in

LOMM 3 & 4.

You must submit:

Part 1 Composition

- Students will be given one chord progression to write their solo on.
- Use the bebop techniques studied in this unit and in LOMM 3.
- Students must complete this task using Sibelius or Finale.
- Upload score as pdf. file

You will be given a list of compulsory harmonic devices to be used on the moodle unit website.

Part 2 200 word discussion

Discussion on harmonic, melodic and rhythmic choices within solo. This discussion is a chance for you to justify your theoretical choices for the solos.

Things to include:

- Detail each bar by outlining your harmonic choices and how the scale/device works against the harmony.
- Detail each bar by outlining your rhythmic choices and how the rhythms compliment the harmony.

Academic Integrity Statement

As a CQUniversity student you are expected to act honestly in all aspects of your academic work.

Any assessable work undertaken or submitted for review or assessment must be your own work. Assessable work is any type of work you do to meet the assessment requirements in the unit, including draft work submitted for review and feedback and final work to be assessed.

When you use the ideas, words or data of others in your assessment, you must thoroughly and clearly acknowledge the source of this information by using the correct referencing style for your unit. Using others' work without proper acknowledgement may be considered a form of intellectual dishonesty.

Participating honestly, respectfully, responsibly, and fairly in your university study ensures the CQUniversity qualification you earn will be valued as a true indication of your individual academic achievement and will continue to receive the respect and recognition it deserves.

As a student, you are responsible for reading and following CQUniversity's policies, including the [Student Academic Integrity Policy and Procedure](#). This policy sets out CQUniversity's expectations of you to act with integrity, examples of academic integrity breaches to avoid, the processes used to address alleged breaches of academic integrity, and potential penalties.

What is a breach of academic integrity?

A breach of academic integrity includes but is not limited to plagiarism, self-plagiarism, collusion, cheating, contract cheating, and academic misconduct. The Student Academic Integrity Policy and Procedure defines what these terms mean and gives examples.

Why is academic integrity important?

A breach of academic integrity may result in one or more penalties, including suspension or even expulsion from the University. It can also have negative implications for student visas and future enrolment at CQUniversity or elsewhere. Students who engage in contract cheating also risk being blackmailed by contract cheating services.

Where can I get assistance?

For academic advice and guidance, the [Academic Learning Centre \(ALC\)](#) can support you in becoming confident in completing assessments with integrity and of high standard.

What can you do to act with integrity?

Be Honest

If your assessment task is done by someone else, it would be dishonest of you to claim it as your own

Seek Help

If you are not sure about how to cite or reference in essays, reports etc, then seek help from your lecturer, the library or the Academic Learning Centre (ALC)

Produce Original Work

Originality comes from your ability to read widely, think critically, and apply your gained knowledge to address a question or problem
