Term Specific Information

All students are required to purchase a student Auralia/Musition cloud license. This license will give you access to the Auralia and Musition programs. These two programs will be used to facilitate the music theory, aural musicianship content and assessment in Language of Modern Music 5 (LOMM5). These programs are interconnected and can be used on any computer and/or other devices with internet.

The cost of Auralia/Musition, is \$59 for a 12 months access. To purchase this software, you must enter the software website through the designated link in the LOMM5 Moodle site. This will register you as a CQU Musition student. This is a cloud subscription, meaning you cannot sign up without going through Moodle. The instructions and details will be available on the Moodle site prior to term commencing. The Unit Coordinator will also email all students further instructions.

It is strongly encouraged that students purchase the music notation software Sibelius to complete the assessments in this unit. Sibelius can be purchased in full or by annual subscription. The Moodle unit site contains the relevant purchase/set up information.

For any questions regarding Auralia/Musition or Sibelius software, please contact d.reaston@cqu.edu.au.

Academic Integrity Statement

As a CQUniversity student you are expected to act honestly in all aspects of your academic work.

Any assessable work undertaken or submitted for review or assessment must be your own work. Assessable work is any type of work you do to meet the assessment requirements in the unit, including draft work submitted for review and feedback and final work to be assessed.

When you use the ideas, words or data of others in your assessment, you must thoroughly and clearly acknowledge the source of this information by using the correct referencing style for your unit. Using others' work without proper acknowledgement may be considered a form of intellectual dishonesty.

Participating honestly, respectfully, responsibly, and fairly in your university study ensures the CQUniversity qualification you earn will be valued as a true indication of your individual academic achievement and will continue to receive the respect and recognition it deserves.

As a student, you are responsible for reading and following CQUniversity's policies, including the [Student Academic Integrity Policy and Procedure](#). This policy sets out CQUniversity's expectations of you to act with integrity, examples of academic integrity breaches to avoid, the processes used to address alleged breaches of academic integrity, and potential penalties.

What is a breach of academic integrity?

A breach of academic integrity includes but is not limited to plagiarism, self-plagiarism, collusion, cheating, contract cheating, and academic misconduct. The Student Academic Integrity Policy and Procedure defines what these terms mean and gives examples.

Why is academic integrity important?

A breach of academic integrity may result in one or more penalties, including suspension or even expulsion from the University. It can also have negative implications for student visas and future enrolment at CQUniversity or elsewhere. Students who engage in contract cheating also risk being blackmailed by contract cheating services.

Where can I get assistance?

For academic advice and guidance, the [Academic Learning Centre \(ALC\)](#) can support you in becoming confident in completing assessments with integrity and of high standard.

What can you do to act with integrity?

**Be Honest**

If your assessment task is done by someone else, it would be dishonest of you to claim it as your own

**Seek Help**

If you are not sure about how to cite or reference in essays, reports etc, then seek help from your lecturer, the library or the Academic Learning Centre (ALC)

**Produce Original Work**

Originality comes from your ability to read widely, think critically, and apply your gained knowledge to address a question or problem
