

# NURS11168 *Determinants of Health and Primary Health Care Nursing*

## Term 3 - 2023

Profile information current as at 27/04/2024 05:48 am

All details in this unit profile for NURS11168 have been officially approved by CQUniversity and represent a learning partnership between the University and you (our student). The information will not be changed unless absolutely necessary and any change will be clearly indicated by an approved correction included in the profile.

## Corrections

### Unit Profile Correction added on 03-11-23

Assessment 3 - Assessment has a recorded due date as Week 12 Monday (5 February 2024) 11:45pm AEST. Please note this has changed to Week 12 Sunday (11 February 2024) 11:59pm AEST as this is the correct closing date and time.

## General Information

### Overview

In this unit you will be introduced to primary health care as a philosophy, organising framework and way of working with people and communities. You will gain an understanding of the role of the primary health care nurse working in the community. You will examine the role of primary health care in the Australian health care system and be introduced to social determinants of health. The impact of social determinants and health literacy on health outcomes will be investigated. You will have the opportunity to explain the significance of immunisation for the community and your responsibility as a nursing student in relation to immunisation.

### Details

Career Level: *Undergraduate*

Unit Level: *Level 1*

Credit Points: 6

Student Contribution Band: 7

Fraction of Full-Time Student Load: 0.125

### Pre-requisites or Co-requisites

Must be enrolled in CL91 Bachelor of Nursing

Important note: Students enrolled in a subsequent unit who failed their pre-requisite unit, should drop the subsequent unit before the census date or within 10 working days of Fail grade notification. Students who do not drop the unit in this timeframe cannot later drop the unit without academic and financial liability. See details in the [Assessment Policy and Procedure \(Higher Education Coursework\)](#).

### Offerings For Term 3 - 2023

- Online

### Attendance Requirements

All on-campus students are expected to attend scheduled classes – in some units, these classes are identified as a mandatory (pass/fail) component and attendance is compulsory. International students, on a student visa, must maintain a full time study load and meet both attendance and academic progress requirements in each study period (satisfactory attendance for International students is defined as maintaining at least an 80% attendance record).

### Website

[This unit has a website, within the Moodle system, which is available two weeks before the start of term. It is important that you visit your Moodle site throughout the term. Please visit Moodle for more information.](#)

## Class and Assessment Overview

### Recommended Student Time Commitment

Each 6-credit Undergraduate unit at CQUniversity requires an overall time commitment of an average of 12.5 hours of study per week, making a total of 150 hours for the unit.

### Class Timetable

#### [Regional Campuses](#)

Bundaberg, Cairns, Emerald, Gladstone, Mackay, Rockhampton, Townsville

#### [Metropolitan Campuses](#)

Adelaide, Brisbane, Melbourne, Perth, Sydney

### Assessment Overview

#### 1. **Written Assessment**

Weighting: 30%

#### 2. **Case Study**

Weighting: 40%

#### 3. **Online Quiz(zes)**

Weighting: 30%

### Assessment Grading

This is a graded unit: your overall grade will be calculated from the marks or grades for each assessment task, based on the relative weightings shown in the table above. You must obtain an overall mark for the unit of at least 50%, or an overall grade of 'pass' in order to pass the unit. If any 'pass/fail' tasks are shown in the table above they must also be completed successfully ('pass' grade). You must also meet any minimum mark requirements specified for a particular assessment task, as detailed in the 'assessment task' section (note that in some instances, the minimum mark for a task may be greater than 50%). Consult the [University's Grades and Results Policy](#) for more details of interim results and final grades.

## CQUniversity Policies

**All University policies are available on the [CQUniversity Policy site](#).**

You may wish to view these policies:

- Grades and Results Policy

This list is not an exhaustive list of all University policies. The full list of University policies are available on the [CQUniversity Policy site](#).

## Previous Student Feedback

### Feedback, Recommendations and Responses

Every unit is reviewed for enhancement each year. At the most recent review, the following staff and student feedback items were identified and recommendations were made.

#### Feedback from SUTE data 2022, T2

**Feedback**

Maybe get onto the assignment instructions and tutorials earlier as they are very time consuming especially with other essay writing for other units

**Recommendation**

Unit coordinators will provide all assignment information in a timely manner to enable students sufficient time to plan and prepare.

#### Feedback from SUTE data 2022, T2

**Feedback**

I hope that it can be ensured that marker's write more appropriate comments on a student's paper and what a student did right or wrong

**Recommendation**

The unit coordinators will work more closely with all markers, and ensure that the expert moderation process is followed. A range of support resources will be provided to all markers including a Zoom session outlining assessment requirements, expected student responses and marking criteria. Unit coordinators will moderate a range of each marker's papers, and will intervene early if any issues of concern noted.

#### Feedback from SUTE data 2022, T2

**Feedback**

Trish and Ade are both wonderful. Made learning easy. Thoroughly enjoyed the unit.

**Recommendation**

Unit coordinators will continue to strive to provide students with the highest level of support and teaching quality.

## Unit Learning Outcomes

### On successful completion of this unit, you will be able to:

1. Explain the role of the World Health Organisation (WHO) and its influence on primary health care in Australia
2. Discuss the relationship between health inequities, health literacy, and health outcomes
3. Examine the relationship between social determinants of health and health outcomes
4. Explain the importance of immunisation in communities and the role of health care professionals in vaccination programs
5. Outline the role of the primary health care nurse within a community.

### Content in this unit incorporates a number of professional nursing requirements

#### **Nursing and Midwifery Board of Australia Registered Nurse Standards for Practice**

Thinks critically and analyses nursing practice

## Assessment Tasks

### 1 Academic Poster

#### Assessment Type

Written Assessment

#### Task Description

#### Aim

This single page poster allows you to demonstrate your applied understanding of the social determinants of health and how, through health inequities, they influence health outcomes.

#### Task requirements

- Submit a single page poster displaying the following three items:
  - Item 1** - Outline the role of the World Health Organisation (WHO) (200 words)
  - Item 2** - Choose, define, and describe one WHO social determinant of health (SDH) from the list below (200 words)
    - Food insecurity
    - Housing, basic amenities
    - Early childhood development
  - Item 3** - For your chosen social determinant of health (SDH), identify three current primary healthcare actions to improve Australians' healthcare outcomes. Comprehensively describes how each primary health care action addresses the social determinant of health. (300 words)
- Submit a reference list using CQU APA 7th referencing for your poster on a separate Word document.

#### Literature and references

In this assessment, use at least four (4) contemporary references (<5 years) to support your discussion. You may also use seminal scholarly literature where relevant. Suitable references include peer-reviewed journal articles as well as textbooks and credible websites. When sourcing information, consider the 5 elements of a quality reference: currency, authority, relevance, objectivity, and coverage. Grey literature sourced from the internet must be from reputable websites such as government, university, or peak national bodies, like the Australian College of Nursing.

#### Requirements

Use the e-poster template provided.

- Use a clear and legible size font, such as Calibri, Times New Roman or Arial.
- A cover page is not required for this assessment.
- Do not include an introduction and conclusion for this assessment.
- Write in the third-person.
- Use formal academic language.

- Use the seventh (7th) edition American Psychological Association (APA) referencing style. The CQUniversity Academic Learning Centre has an online APA Referencing Style Guide.
- The word count excludes headings and reference list but includes in-text references and direct quotations.

## Resources

You can reference your poster with unit-provided materials and other credible sources (e.g., journal articles, books). The quality and credibility of your sources are important.

- You may like to manage your citations and reference list. Information on how to use academic referencing software (EndNote) is available at the CQUniversity Library website should you wish to learn how to use it.
- For academic writing and referencing information, please visit the Academic Learning Centre Moodle site. The Academic Communication section has many helpful resources, including information for students with English as a second language.
- Submit a draft before the due date to review your Turnitin Similarity Score before making a final submission. Instructions are available [here](#).

## Assessment Type

Case Study

## Task Description

### Aim

This assessment aims to explore the public health service of immunisation to improve community health outcomes and the role of health professionals in delivering this service.

### Task Description

Read the scenario below and respond using the prompts provided.

#### Scenario:

As the primary health care nurse at a metropolitan community clinic, you encounter the Ali family, who recently sought asylum in Australia from Iran. The Ali family consist of three individuals: Mr. Omar Ali (35 years old), Mrs Zara Ali (32 years old) and their young daughter, Ariana Ali (5 years old). The Ali family have had limited access to healthcare in Iran over the past few years and are seeking guidance on health and immunisation matters as they adapt to their new life in Australia.

Please answer the following four questions relating to the scenario

1. Outline the role of the primary health care nurse? (250 words)
2. Discuss three health inequities that this family could be experiencing. (250 words)
3. Zara states to the primary care community nurse, "we can't afford vaccinations; why do we need them?" Explain why vaccinations are important and what Australian primary health care programs are available to support the Ali family. (250 words)
4. Explain what other primary health screening advice could be provided to Zara by the primary care community nurse? (250 words)

### Literature and references

In this assessment, use at least eight (8) contemporary references (<5 years) to support your discussion. You may also use seminal scholarly literature where relevant. Suitable references include peer-reviewed journal articles as well as textbooks and credible websites. When sourcing information, consider the 5 elements of a quality reference: currency, authority, relevance, objectivity, and coverage. Grey literature sourced from the internet must be from reputable websites such as government, university, or peak national bodies, like the Australian College of Nursing.

### Requirements

- Use a conventional and legible size 12 font, such as Times New Roman or Arial, with 1.5 line spacing and 2.54cm page margins (standard pre-set margin in Microsoft Word).
- A cover page is not required for this assessment.
- Do not include an introduction and conclusion for this assessment.
- Write in the third-person.
- Use formal academic language.
- Use the seventh (7th) edition American Psychological Association (APA) referencing style. The CQUniversity Academic Learning Centre has an online APA Referencing Style Guide.
- The word count excludes headings and reference list but includes in-text references and direct quotations.

### Resources

- You can reference your case study with unit-provided materials and other credible sources (e.g., journal articles, books). The quality and credibility of your sources are important.
- You may like to manage your citations and reference list. Information on how to use academic referencing software (EndNote) is available at the CQUniversity Library website should you wish to learn how to use it.
- For academic writing and referencing information, please visit the Academic Learning Centre Moodle site. The Academic Communication section has many helpful resources, including information for students with English as a second language.

## Academic Integrity Statement

As a CQUniversity student you are expected to act honestly in all aspects of your academic work.

Any assessable work undertaken or submitted for review or assessment must be your own work. Assessable work is any type of work you do to meet the assessment requirements in the unit, including draft work submitted for review and feedback and final work to be assessed.

When you use the ideas, words or data of others in your assessment, you must thoroughly and clearly acknowledge the source of this information by using the correct referencing style for your unit. Using others' work without proper acknowledgement may be considered a form of intellectual dishonesty.

Participating honestly, respectfully, responsibly, and fairly in your university study ensures the CQUniversity qualification you earn will be valued as a true indication of your individual academic achievement and will continue to receive the respect and recognition it deserves.

As a student, you are responsible for reading and following CQUniversity's policies, including the [Student Academic Integrity Policy and Procedure](#). This policy sets out CQUniversity's expectations of you to act with integrity, examples of academic integrity breaches to avoid, the processes used to address alleged breaches of academic integrity, and potential penalties.

### **What is a breach of academic integrity?**

A breach of academic integrity includes but is not limited to plagiarism, self-plagiarism, collusion, cheating, contract cheating, and academic misconduct. The Student Academic Integrity Policy and Procedure defines what these terms mean and gives examples.

### **Why is academic integrity important?**

A breach of academic integrity may result in one or more penalties, including suspension or even expulsion from the University. It can also have negative implications for student visas and future enrolment at CQUniversity or elsewhere. Students who engage in contract cheating also risk being blackmailed by contract cheating services.

### **Where can I get assistance?**

For academic advice and guidance, the [Academic Learning Centre \(ALC\)](#) can support you in becoming confident in completing assessments with integrity and of high standard.

### **What can you do to act with integrity?**

**Be Honest**

If your assessment task is done by someone else, it would be dishonest of you to claim it as your own

**Seek Help**

If you are not sure about how to cite or reference in essays, reports etc, then seek help from your lecturer, the library or the Academic Learning Centre (ALC)

**Produce Original Work**

Originality comes from your ability to read widely, think critically, and apply your gained knowledge to address a question or problem
