

NURS11169 Health Across Life Stages

Term 2 - 2021

Profile information current as at 24/04/2024 11:44 am

All details in this unit profile for NURS11169 have been officially approved by CQUniversity and represent a learning partnership between the University and you (our student). The information will not be changed unless absolutely necessary and any change will be clearly indicated by an approved correction included in the profile.

Corrections

Unit Profile Correction added on 29-07-21

To achieve a passing grade for the unit, you are required to pass **each** assessment piece. If you do not pass the required assessment items, you will have an opportunity to reattempt. If you are required to reattempt you can only achieve a maximum of 50% of the available marks for the reattempted assessment.

General Information

Overview

In this unit, you will study the stages and milestones of the lifespan and consider the implications of life stages on health and end of life experiences. The uniqueness of people's experience as they reach milestones will be considered in developing person-centred care. You will have the opportunity to reflect on end of life experiences and the impact this may have on the person, their significant others and yourself as a nurse.

Assessment Grading

This is a graded unit: your overall grade will be calculated from the marks or grades for each assessment task, based on the relative weightings shown in the table above. You must obtain an overall mark for the unit of at least 50%, or an overall grade of 'pass' in order to pass the unit. If any 'pass/fail' tasks are shown in the table above they must also be completed successfully ('pass' grade). You must also meet any minimum mark requirements specified for a particular assessment task, as detailed in the 'assessment task' section (note that in some instances, the minimum mark for a task may be greater than 50%). Consult the [University's Grades and Results Policy](#) for more details of interim results and final grades.

CQUniversity Policies

All University policies are available on the [CQUniversity Policy site](#).

You may wish to view these policies:

Assessment Type

Online Quiz(zes)

Task Description

Assessment 1 - Online quizzes

Type: Online quizzes

Due date:

- Quiz 1A - 9am AEST Monday 26th July to 4pm AEST Friday 30th July (Week 3).
 - Quiz 1B - 9am AEST Monday 23rd August to 4pm AEST Friday 27th August (Week 6).
- Weighting: 20% (Quiz 1A 10%, Quiz 1B 10%)
Length: Each quiz will consist of 20 questions. Students will have 30 minutes to complete each quiz.

Learning Outcomes Assessed

1. Describe the stages and milestones of the lifespan.

Aim

The aim of this assessment is to provide you with an opportunity to demonstrate your knowledge and understanding of the stages and milestones of the lifespan.

Instructions

- You will be attempting **two** online quizzes.
 - o **Quiz 1A** (10%) - will assess your knowledge and understanding of materials covered in weeks 1 and 2. This quiz will consist of 20 questions. Each question is worth 0.5 marks.
 - o **Quiz 1B** (10%) - will assess your knowledge and understanding of materials covered in weeks 3, 4 and 5. This quiz will consist of 20 questions. Each question is worth 0.5 marks.
- This is an open book assessment. You can refer to your learning materials at any time during your attempt.
- You have a maximum of 30 minutes to complete each attempt at the quiz. The quiz will automatically close at the end of 30 minutes and will submit your result even if you have not finished.
- Once you have commenced your quiz, you cannot log out. Please do not refresh or reload your screen as this may close your quiz and record your result.
- For any technical issues please contact TASAC by phone - (toll free) 1300 666 620. Please take a screenshot or photo of the technical issue. If the issue affects your ability to complete your attempt, please also notify your Unit Coordinator.
- You can have a maximum of two attempts for each quiz. The highest result will be recorded as your grade.

Requirements

Please ensure that you access each quiz during the following timeframes. Instructions on how to access each quiz can be found under Assessment 1 on the Moodle site.

- Quiz 1A (10%)
 - o Opens at 9am AEST Monday 26th July 2021 and closes at 4pm AEST Friday 30th July (Week 3).
- Quiz 1B (10%)
 - o Opens at 9am AEST Monday 23rd August 2021 and closes at 4pm AEST Friday 27th August (Week 6).

You will also need:

- Computer access with reliable internet connection.
- Your learning materials available to access during the quiz.

Submission

- You will complete this assessment online. Click submit at the end of the quiz and your answers will be automatically submitted.
- Results for the quiz will be available immediately after the attempt is complete.

Reflective Practice Assignment

Task Description

Assessment 2 - Reflective Practice Assignment

Type: Written assessment

Due date: 5 pm (AEST) Friday 10th September 2021 (Week 8)

Weighting: 40%

Length: 2000 words +/- 10% (≥ 1800 and ≤ 2200 words) excluding references

Learning Outcomes Assessed

3. Discuss individual circumstances that could impact on health outcomes and the provision of care to individuals such as those who may be homeless, identify as Lesbian, Gay, Bisexual, Transgender, Intersex, Queer or Questioning (LGBTIQ), those impacted by domestic and/or family violence, drug/alcohol use, disability, those from a Culturally and Linguistically Diverse (CALD) background, religion, refugees or other displaced persons.
4. Describe the impact of life stage on end of life experiences on a person, their significant others and yourself as a nurse.

Aim

The aim of this assessment is to demonstrate your understanding of the impact of individual circumstances and life stage on health outcomes and end of life experiences for an individual, their significant others and yourself as a nurse.

Instructions

View the following two videos in the Assessment tile on the NURS11169 Moodle site.

- 'Meet Claire, Finding Beauty in the Sadness | My Last Days' (31:52)
- 'Claire | The Documentary' (from 30:40 to 35:00)

You then need to answer the following questions:

1. Identify three (3) unique circumstances for Claire.
 - Discuss how these circumstances may impact on Claire's health outcomes?
 - Discuss how these circumstances may impact on your provision of nursing care to Claire?
2. Identify the life stage that Claire is in. Explain the impact that this life stage could have on end-of-life experiences for:
 - Claire
 - Her significant others (e.g., parents, sister, friends – *choose one*)
 - The nurses caring for Claire
3. Claire died as a result of an ischaemic stroke following her lung transplant. Do you think this was a 'good' death or a 'bad' death? Explain your answer.
4. Reflect on what you have learned from Claire's story. Describe how it may impact your nursing practice. Use Borton's reflective model (adapted by Rolfe and colleagues (2001)) to structure your response.

Literature and references

In this assessment use at least 5 references to support your discussion. You may also use seminal scholarly literature where relevant (e.g. the Kubler-Ross model). Suitable references include peer-reviewed journal articles as well as textbooks and credible websites.

When sourcing information, consider the 5 elements of a quality reference: currency, authority, relevance, objectivity, and coverage. Grey literature sourced from the internet must be from reputable websites such as from government, university, or peak national bodies: for example, the Australian College of Nursing.

Requirements

- Use a conventional and legible size 12 font, such as Times New Roman or Arial, with 1.5 line spacing and 2.54cm page margins (standard pre-set margin in Microsoft Word).
- Include page numbers on each page in a footer.
- Use the headings provided for each question.
- An introduction and conclusion are not required for this assessment.
- Write in the third-person perspective for your responses to questions 1, 2 and 3.
- You may write in the first-person perspective for the reflection (question 4) only.
- Use formal academic language.
- Use the seventh edition American Psychological Association (APA) referencing style. The CQUniversity Academic Learning Centre has an online [APA Referencing Style Guide](#).
- The word count is considered from the first word of your response to question 1 to the last word of your response to question 4. The word count excludes the cover page and reference list but includes in-text references and direct quotations.

Resources

- You can use unit provided materials and other credible sources (e.g. journal articles, books) to reference your argument. The quality and credibility of your sources are important.
- You may like to manage your citations and reference list. Information on how to use academic referencing software (EndNote) is available at the [CQUniversity Library website](#) should you wish to learn how to use it.
- For information on academic writing and referencing please go to the [Academic Learning Centre Moodle site](#). The [Academic Communication section](#) has many helpful resources including information for students with English as a second language.
- Submit a draft before the due date to review your Turnitin Similarity Score before making a final submission. [Instructions are available here.](#)

Submission

Submit your assessment via the unit Moodle site in Microsoft Word format only.

Assessment 3 - Case Study

Type: Written assessment

Due date: 5 pm (AEST) Wednesday 6th October 2021 (Week 12)

Weighting: 40%

Length: 1500 words +/- 10% (≥ 1350 and ≤ 1650 words) excluding references

Learning Outcome Assessed

2. Identify broad health challenges that may be associated with people at a particular life stage and consider individual differences to be able to ensure person-centred care
3. Discuss individual circumstances that could impact on health outcomes and the provision of care to individuals such as those who may be homeless, identify as Lesbian, Gay, Bisexual, Transgender, Intersex, Queer or Questioning (LGBTIQQ), those impacted by domestic and/or family violence, drug/alcohol use, disability, those from a Culturally and Linguistically Diverse (CALD) background, religion, refugees or other displaced persons.

Aim

The impact of a health challenge can vary due to the life stage and circumstances of the individual. The aim of this assessment is to provide you with an opportunity to demonstrate your knowledge and understanding of the impact of life stage and individual circumstances on health outcomes and the provision of care to individuals.

Instructions

Select one (1) of the following health challenges as the focus for this assessment:

- Constipation
- Fractured ulna due to family violence
- Glaucoma

Using the provided template, discuss the potential impact of this health challenge and what you need to consider in order to provide person-centred nursing care. Provide a discussion for all of the following individuals:

- A) a six (6) month old infant.
- B) a seventeen (17) year old transgender male.
- C) a forty-five (45) year old man.
- D) a seventy-two (72) year old woman from a CALD background who speaks limited English.

Literature and references

In this assessment use at least 10 contemporary references (<5 years) to support your discussion. You may also use seminal scholarly literature where relevant. Suitable references include peer-reviewed journal articles as well as textbooks and credible websites. When sourcing information, consider the 5 elements of a quality reference: currency, authority, relevance, objectivity, and coverage. Grey literature sourced from the internet must be from reputable websites such as from government, university, or peak national bodies: for example, the Australian College of Nursing.

Requirements

- Use a conventional and legible size 12 font, such as Times New Roman or Arial, with 1.5 line spacing and 2.54cm page margins (standard pre-set margin in Microsoft Word).
- Include page numbers on each page in a footer
- Provide your answer using the template below.
- An introduction and conclusion are not required for this assessment.
- Write in the third-person perspective.
- Use formal academic language.
- Use the seventh edition American Psychological Association (APA) referencing style. The CQUniversity Academic

Learning Centre has an online [APA Referencing Style Guide](#).

- The word count excludes the template headings and reference list but includes in-text references and direct quotations.

Discuss the potential impact of *<insert health challenge>* on health outcomes and what do you need to consider in order to provide person-centred nursing care to the following individuals:

- A) a six (6) month old infant?
- B) a seventeen (17) year old transgender male?
- C) a forty-five (45) year old man?
- D) a seventy-two (72) year old woman from a CALD background who speaks limited English?

Resources

- You can use unit provided materials and other credible sources (e.g. journal articles, books) to reference your argument. The quality and credibility of your sources are important.
- You may like to manage your citations and reference list. Information on how to use academic referencing software (EndNote) is available at the [CQUniversity Library website](#) should you wish to learn how to use it.
- For information on academic writing and referencing please go to the [Academic Learning Centre Moodle site](#). The [Academic Communication section](#) has many helpful resources including information for students with English as a second language.
- Submit a draft before the due date to review your Turnitin Similarity Score before making a final submission. [Instructions are available here](#).

Submission

Submit your assessment via the unit Moodle site in Microsoft Word format only.

Academic Integrity Statement

As a CQUniversity student you are expected to act honestly in all aspects of your academic work.

Any assessable work undertaken or submitted for review or assessment must be your own work. Assessable work is any type of work you do to meet the assessment requirements in the unit, including draft work submitted for review and feedback and final work to be assessed.

When you use the ideas, words or data of others in your assessment, you must thoroughly and clearly acknowledge the source of this information by using the correct referencing style for your unit. Using others' work without proper acknowledgement may be considered a form of intellectual dishonesty.

Participating honestly, respectfully, responsibly, and fairly in your university study ensures the CQUniversity qualification you earn will be valued as a true indication of your individual academic achievement and will continue to receive the respect and recognition it deserves.

As a student, you are responsible for reading and following CQUniversity's policies, including the [Student Academic Integrity Policy and Procedure](#). This policy sets out CQUniversity's expectations of you to act with integrity, examples of academic integrity breaches to avoid, the processes used to address alleged breaches of academic integrity, and potential penalties.

What is a breach of academic integrity?

A breach of academic integrity includes but is not limited to plagiarism, self-plagiarism, collusion, cheating, contract cheating, and academic misconduct. The Student Academic Integrity Policy and Procedure defines what these terms mean and gives examples.

Why is academic integrity important?

A breach of academic integrity may result in one or more penalties, including suspension or even expulsion from the University. It can also have negative implications for student visas and future enrolment at CQUniversity or elsewhere. Students who engage in contract cheating also risk being blackmailed by contract cheating services.

Where can I get assistance?

For academic advice and guidance, the [Academic Learning Centre \(ALC\)](#) can support you in becoming confident in completing assessments with integrity and of high standard.

What can you do to act with integrity?

Be Honest

If your assessment task is done by someone else, it would be dishonest of you to claim it as your own

Seek Help

If you are not sure about how to cite or reference in essays, reports etc, then seek help from your lecturer, the library or the Academic Learning Centre (ALC)

Produce Original Work

Originality comes from your ability to read widely, think critically, and apply your gained knowledge to address a question or problem
