NURS11170 *Professional Nursing Practice 1*

Term 3 - 2027

Profile information current as at 07/09/2026 09:35 pm

All details in this unit profile for NURS11170 have been officially approved by CQUniversity and represent a learning partnership between the University and you (our student). The information will not be changed unless absolutely necessary and any change will be clearly indicated by an approved correction included in the profile.

General Information

Overview

In this unit, you will have the opportunity to practice fundamental nursing care, including the care of the older adult. You will apply the relevant Nursing and Midwifery Board of Australia (NMBA) Professional Standards and the National Safety and Quality Health Service Standards (NSQHS) in your practice as a nursing student. You will learn to identify risk and recognise and respond appropriately to the needs of the patient in the simulated and clinical environments. You will review the concept of scope of practice using the Decision-Making Framework (DMF) (NMBA, 2020). You are required to participate in a compulsory three (3) day, 24-hour residential school or equivalent prior to attending professional experience placement for this unit. This unit includes a 120 hour block professional experience placement in a clinical care environment. You must meet specific mandatory health, safety and security requirements to be eligible to attend each professional experience placement. Professional experience placements may be limited in your community, and you may be placed in other locations. Please be prepared financially and personally to cover the costs of relocating for placements. Due to the limited availability of placements, some block placements have start and/or end dates that fall outside standard term dates.

Details

Career Level: *Undergraduate*

Unit Level: *Level 1*

Credit Points: 6

Student Contribution Band: 7

Fraction of Full-Time Student Load: 0.125

Pre-requisites or Co-requisites

Pre requisites: NURS11164 NURS11166 NURS11165 OR NURS11172 Co-requisites: BMSC11010 NURS11169 OR NURS11173

Important note: Students enrolled in a subsequent unit who failed their pre-requisite unit, should drop the subsequent unit before the census date or within 10 working days of Fail grade notification. Students who do not drop the unit in this timeframe cannot later drop the unit without academic and financial liability. See details in the [Assessment Policy and Procedure \(Higher Education Coursework\)](#).

Offerings For Term 3 - 2027

- Mixed Mode

Attendance Requirements

All on-campus students are expected to attend scheduled classes – in some units, these classes are identified as a mandatory (pass/fail) component and attendance is compulsory. International students, on a student visa, must maintain a full time study load and meet both attendance and academic progress requirements in each study period (satisfactory attendance for International students is defined as maintaining at least an 80% attendance record).

Website

This unit has a website, within the Moodle system, which is available two weeks before the start of term. It is important that you visit your Moodle site throughout the term. Please visit Moodle for more information.

Class and Assessment Overview

Information for Class and Assessment Overview has not been released yet.
This information will be available on Monday 13 September 2027

- Information and Communications Technology Acceptable Use Policy and Procedure

This list is not an exhaustive list of all University policies. The full list of University policies are available on the [CQUniversity Policy site](#).

Previous Student Feedback

Feedback, Recommendations and Responses

Every unit is reviewed for enhancement each year. At the most recent review, the following staff and student feedback items were identified and recommendations were made.

Feedback from Student evaluation

Feedback

My clinical placement was an incredible experience, providing me with invaluable hands-on learning and support from a fantastic team. It helped build my confidence and deepen my understanding of patient care in a real-world setting.

Recommendation

Continue to ensure students' readiness for clinical placement experience by providing rigorous residential school curricula.

Feedback from Student evaluation

Feedback

Some of the questions on the maths quiz during res school weren't good. I also felt like a lot of them were guesses because we weren't prepared well enough for it.

Recommendation

To review and refine questions in the medication and maths quiz. Ensure students are adequately informed and prepared for the quiz before undertaking the task.

Unit Learning Outcomes

Information for Unit Learning Outcomes has not been released yet.
This information will be available on Monday 13 September 2027

Alignment of Learning Outcomes, Assessment and Graduate Attributes

Information for Alignment of Learning Outcomes, Assessment and Graduate Attributes has not been released yet.
