

# NURS12163 Chronic Health and Community Care

## Term 2 - 2023

Profile information current as at 29/04/2024 10:32 am

All details in this unit profile for NURS12163 have been officially approved by CQUniversity and represent a learning partnership between the University and you (our student). The information will not be changed unless absolutely necessary and any change will be clearly indicated by an approved correction included in the profile.

## General Information

### Overview

In this unit, you will examine chronic health conditions that may affect people across the lifespan. You will learn to recognise symptoms that commonly lead to an exacerbation or worsening of a chronic health condition. Taking into consideration individual socio-cultural and lifestyle choices, you will assist people living with a chronic health condition to implement self-management strategies and develop care plans from a person-centred, community, family and health care service perspective to minimise exacerbations. You will develop a discharge/education plan utilising aspects of behavioural change, psychosocial support and health literacy aimed at effecting change and supporting a person's self-management of chronic illness taking into consideration the roles of other members of the interdisciplinary care team.

### Details

Career Level: *Undergraduate*

Unit Level: *Level 2*

Credit Points: 6

Student Contribution Band: 7

Fraction of Full-Time Student Load: 0.125

### Pre-requisites or Co-requisites

Pre-requisites: NURS12161 Professional Experience Placement 2 or NURS12156 Clinical Practice 2BIOH12011

Pathophysiology and Pharmacology 1 or BIOH11006 Advanced Anatomy and Physiology and NURS12154 Pharmacology for Nursing Practice.

Important note: Students enrolled in a subsequent unit who failed their pre-requisite unit, should drop the subsequent unit before the census date or within 10 working days of Fail grade notification. Students who do not drop the unit in this timeframe cannot later drop the unit without academic and financial liability. See details in the [Assessment Policy and Procedure \(Higher Education Coursework\)](#).

### Offerings For Term 2 - 2023

- Online
- Rockhampton

### Attendance Requirements

All on-campus students are expected to attend scheduled classes – in some units, these classes are identified as a mandatory (pass/fail) component and attendance is compulsory. International students, on a student visa, must maintain a full time study load and meet both attendance and academic progress requirements in each study period (satisfactory attendance for International students is defined as maintaining at least an 80% attendance record).

### Website

[This unit has a website, within the Moodle system, which is available two weeks before the start of term. It is important that you visit your Moodle site throughout the term. Please visit Moodle for more information.](#)

## Class and Assessment Overview

### Recommended Student Time Commitment

Each 6-credit Undergraduate unit at CQUniversity requires an overall time commitment of an average of 12.5 hours of study per week, making a total of 150 hours for the unit.

### Class Timetable

#### [Regional Campuses](#)

Bundaberg, Cairns, Emerald, Gladstone, Mackay, Rockhampton, Townsville

#### [Metropolitan Campuses](#)

Adelaide, Brisbane, Melbourne, Perth, Sydney

### Assessment Overview

#### 1. **Online Quiz(zes)**

Weighting: 20%

#### 2. **Written Assessment**

Weighting: 30%

#### 3. **Written Assessment**

Weighting: 50%

### Assessment Grading

This is a graded unit: your overall grade will be calculated from the marks or grades for each assessment task, based on the relative weightings shown in the table above. You must obtain an overall mark for the unit of at least 50%, or an overall grade of 'pass' in order to pass the unit. If any 'pass/fail' tasks are shown in the table above they must also be completed successfully ('pass' grade). You must also meet any minimum mark requirements specified for a particular assessment task, as detailed in the 'assessment task' section (note that in some instances, the minimum mark for a task may be greater than 50%). Consult the [University's Grades and Results Policy](#) for more details of interim results and final grades.

## CQUniversity Policies

**All University policies are available on the [CQUniversity Policy site](#).**

You may wish to view these policies:

- Grades and Results Policy
- Assessment Policy and Procedure (Higher Education Coursework)
- Review of Grade Procedure
- Student Academic Integrity Policy and Procedure
- Monitoring Academic Progress (MAP) Policy and Procedure – Domestic Students
- Monitoring Academic Progress (MAP) Policy and Procedure – International Students
- Student Refund and Credit Balance Policy and Procedure
- Student Feedback – Compliments and Complaints Policy and Procedure
- Information and Communications Technology Acceptable Use Policy and Procedure

This list is not an exhaustive list of all University policies. The full list of University policies are available on the [CQUniversity Policy site](#).

## Previous Student Feedback

### Feedback, Recommendations and Responses

Every unit is reviewed for enhancement each year. At the most recent review, the following staff and student feedback items were identified and recommendations were made.

#### Feedback from Student

##### **Feedback**

"I really enjoyed the case studies this term, I found them really helpful in thinking more wholistic as a nurse and gaining a broader view of the lived experiences of ill health. I hope you continue to offer case studies to future students as I found these incredibly helpful in my learning."

##### **Recommendation**

Case studies are to continue to be used to facilitate learning and engage students.

#### Feedback from Student

##### **Feedback**

"Overall, I found this unit informative, interesting, and applicable to real-life nursing practice. The lecturers were responsive and helpful. Thank you ladies for a great semester."

##### **Recommendation**

Unit content and structure will continue in the same setup.

#### Feedback from Student

##### **Feedback**

"The tutorials were too long so I preferred to watch the recordings; the audio setup in the Rockhampton's room made it very difficult to hear the students even when they came to the front."

##### **Recommendation**

Tutorials to return to weekly online zoom sessions and the Rockhampton tutorials will not be linked in.

#### Feedback from Student

##### **Feedback**

"I enjoyed the entire subject and learned a lot, the lecturers were informative, however, I find the flipped classroom techniques difficult and prefer normal classroom lectures."

##### **Recommendation**

The use of the flipped classroom will be reviewed in accordance with feedback from students

#### Feedback from Coordinator

##### **Feedback**

Many students struggled with time allocation for Assessment One Quiz.

##### **Recommendation**

A review of the quiz and the time allocated will take place in collaboration with DDLT and ILD.

#### Feedback from Coordinator

##### **Feedback**

Clarity of assessment items one and two

##### **Recommendation**

These will be reviewed every term to ensure further clarity for students.

## Unit Learning Outcomes

### On successful completion of this unit, you will be able to:

1. Identify factors associated with the early recognition of an acute exacerbation of a chronic health condition and plan relevant nursing care
2. Evaluate interventions to influence socio-cultural and lifestyle choices of individuals
3. Incorporate the lived experience of a person with a chronic health condition when collaboratively planning care
4. Develop a collaborative discharge/education plan for a consumer who has a health challenge associated with the National Health Priority Areas (NHPA).

### Content in this unit incorporates a number of professional nursing requirements

#### **Nursing and Midwifery Board of Australia Registered Nurse Standards for Practice**

Thinks critically and analyses nursing practice

Maintains the capability for practice

Develops a plan for nursing practice

Evaluates outcomes to inform nursing practice

#### **Nursing and Midwifery Board of Australia Nursing Code of Conduct**

Legal compliance

Person-centred practice

Cultural practice and respectful relationships

Professional behaviour

Research in health

Health and wellbeing

#### **International Council of Nursing Code of Ethics for Nursing**

Nurses and People

Nurses and Practice

Nurses and the Profession

Nurses and co-workers

#### **National Safety and Quality Health Service Standards**

Clinical governance

Partnering with consumers

Preventing and Controlling healthcare-associated infection

Medication safety

Comprehensive care

Communicating for safety

Recognising and responding to acute deterioration

#### **Patient Safety Competency Framework**

Person-centred care

Therapeutic communication

Cultural competence

Teamwork and collaborative practice

Clinical reasoning

Evidence-based practice

Preventing, minimising and responding to adverse events

Infection prevention and control

Medication safety

#### **Aged Care Quality Standards**

Consumer dignity and choice

Ongoing assessment and planning with consumers

Services and supports for daily living

Organisation's service environment

## Alignment of Learning Outcomes, Assessment and Graduate Attributes

## Textbooks and Resources

### Textbooks

NURS12163

#### Supplementary

**Critical conversations for patient safety. An essential guide for healthcare students.**

Edition: 2nd (2020)

Authors: Tracey-Levett Jones

Pearson

Melbourne , Victoria , Australia

ISBN: 13: 9781488623004

Binding: Other

NURS12163

#### Supplementary

**Living with chronic illness and disability. Principles for nursing practice**

Edition: 4th (2021)

Authors: Esther Chang and Amanda Johnson

Elsevier

Chatswood , Victoria , Australia

ISBN: Paperback ISBN: 9780729543583 eBook ISBN: 9780729588270

Binding: Other

#### Additional Textbook Information

Critical conversations for patient safety. An essential guide for healthcare students.

Chapter 20, pp.237-249 will be a digitalised eReading chapter within the unit. If you prefer to study with your own copy, paper, and eBook versions can be purchased at the CQUni Bookshop here: <http://bookshop.cqu.edu.au> (search on the Unit code).

### IT Resources

**You will need access to the following IT resources:**

- CQUniversity Student Email
- Internet
- Unit Website (Moodle)
- Students must have necessary equipment/accessories to attend online lectures via Zoom or Microsoft Teams

## Referencing Style

All submissions for this unit must use the referencing style: [American Psychological Association 7th Edition \(APA 7th edition\)](#)

For further information, see the Assessment Tasks.

## Schedule

**Week 1 | Chronic health conditions and Primary Health Care - 10 Jul 2023**

| Module/Topic   | Chapter   | Events and Submissions/Topic |
|--|---|------------------------------|
| Topics include: <ul style="list-style-type: none"><li>•</li></ul>  | View allocated resources and complete activities. |                              |
| What is chronic health? <ul style="list-style-type: none"><li>• Chronic disease in general practice</li><li>• What is a chronic disease?</li><li>• Understanding the role of Primary Health Care in the community.</li><li>• Understanding the role of the Primary Health Care Nurse.</li></ul> This week contains 12 hrs of learning. | There is no prescribed textbook for this unit.    |                              |

**Week 2 | The biopsychosocial/cultural approach to care - 17 Jul 2023**

| Module/Topic   | Chapter   | Events and Submissions/Topic |
|--|---|------------------------------|
| Topics include: <ul style="list-style-type: none"><li>• What are socio-cultural/economic factors?</li><li>• What are lifestyle choices?</li><li>• Person-centred care in the context of chronic health.</li><li>• Self-efficacy in the context of chronic health.</li></ul> This week contains 12 hrs of learning. | View allocated resources and complete activities.<br>There is no prescribed textbook for this unit. |                              |

**Week 3 | Interventions to influence socio-cultural and lifestyle choices - 24 Jul 2023**

| Module/Topic  | Chapter   | Events and Submissions/Topic |
|---|---|------------------------------|
| Topics include: <ul style="list-style-type: none"><li>• Factors that influence health.</li><li>• The path to improved health.</li><li>• Social factors that influence health.</li><li>• Different types of intervention.</li></ul> This week contains 12 hrs of learning. | There is no prescribed textbook for this unit.<br>View allocated resources and complete activities. |                              |

**Week 4 | Recognition of acute exacerbations of chronic illness and rehabilitation within the community setting - 31 Jul 2023**

| Module/Topic  | Chapter   | Events and Submissions/Topic |
|---|---|------------------------------|
| Topics include: <ul style="list-style-type: none"><li>• Recognition of acute exacerbations.</li><li>• Factors associated with the early recognition of acute exacerbations.</li><li>• Nursing principles and interventions.</li><li>• Health promotion and health education in improving health outcomes.</li><li>• Rehabilitation on chronic health.</li><li>• Community resources.</li></ul> This week contains 12 hrs of learning. | View allocated resources and complete activities.<br>There is no prescribed textbook for this unit. |                              |

**Week 5 | Patient-centred care and communicating with consumers - 07 Aug 2023**

| Module/Topic | Chapter | Events and Submissions/Topic |
|--------------|---------|------------------------------|
|--------------|---------|------------------------------|

Topics include:

- Communication refresher.
- Interviewing techniques-motivational interviewing.
- Shared decision making.
- Decision aids

This week contains 12 hrs of learning.

### Online Quiz-Short Answer

**Vignettes** Due: Week 5 Friday (11 Aug 2023) 5:00 pm AEST

## Vacation Week - 14 Aug 2023

| Module/Topic                        | Chapter | Events and Submissions/Topic |
|-------------------------------------|---------|------------------------------|
| Take a break and try to recuperate! |         |                              |

## Week 6 | Assessment preparation - 21 Aug 2023

| Module/Topic   | Chapter   | Events and Submissions/Topic |
|--|---|------------------------------|
| Topics include: <ul style="list-style-type: none"><li>• Understanding the task.</li><li>• Researching for evidence.</li><li>• Outlining and planning the task.</li><li>• Writing the first draft.</li></ul> This week contains 12 hrs of learning. | View allocated resources and complete activities.<br>There is no prescribed textbook for this unit. |                              |

## Week 7 | Self-management of chronic health conditions - 28 Aug 2023

| Module/Topic  | Chapter   | Events and Submissions/Topic |
|---|---|------------------------------|
| Topics include: <ul style="list-style-type: none"><li>• The National Chronic Disease Strategy in Australia</li><li>• Models of care</li><li>• The development of self-management programs</li><li>• Self-management strategies and support in chronic health conditions</li><li>• Assessing readiness for change</li></ul> This week contains 12 hrs of learning. | View allocated resources and complete activities.<br>There is no prescribed textbook for this unit. |                              |

## Week 8 | The lived experience of individuals in the community setting - 04 Sep 2023

| Module/Topic  | Chapter   | Events and Submissions/Topic  |
|---|---|---|
| Topics include: <ul style="list-style-type: none"><li>• What is meant by Lived Experience?</li><li>• The lived experience of consumers suffering from chronic health conditions.</li><li>• What is essential to the consumer in their healthcare?</li><li>• Multimorbidity.</li><li>• Dementia-a lived experience.</li></ul> This week contains 12 hrs of learning. | View allocated resources and complete activities.<br>There is no prescribed textbook for this unit. | <b>Written Assessment</b> Due: Week 8 Friday (8 Sept 2023) 5:00 pm AEST |

## Week 9 | Seamless service or 'cracks' in care - 11 Sep 2023

| Module/Topic  | Chapter   | Events and Submissions/Topic |
|---|---|------------------------------|
| Topics include: <ul style="list-style-type: none"><li>• Health fragmentation (the silo effect).</li><li>• Cracks in care.</li><li>• Non-Compliance.</li><li>• Rethinking Adherence.</li><li>• How to manage medication safety and polypharmacy in the community setting.</li></ul> This week contains 12 hrs of learning. | View allocated resources and complete activities.<br><br>There is no prescribed textbook for this unit. |                              |

## Week 10 | Transitional care planning - 18 Sep 2023

| Module/Topic | Chapter | Events and Submissions/Topic |
|--------------|---------|------------------------------|
|--------------|---------|------------------------------|

Topics include:

- What is involved in transitional care planning?
- The importance of continuity
- Transitions from acute to community care
- The transition from Community Health Care to other services within the community.

This week contains 12 hrs of learning.

View allocated resources and complete activities.

There is no prescribed textbook for this unit.

## Week 11 | The palliative approach and the role of the nurse in palliative care - 25 Sep 2023

| Module/Topic   | Chapter   | Events and Submissions/Topic   |
|--|---|--|
| <p>Topics include:</p> <ul style="list-style-type: none"> <li>• What is palliative care?</li> <li>• The health promotion approach to palliative care</li> <li>• The nurse in palliative care</li> <li>• The importance of social and cultural norms in palliative care</li> <li>• Communicating end-of-life decisions.</li> <li>• Advanced Health Directives (AHDs)</li> </ul> <p>This week contains 12 hrs of learning.</p> | <p>View allocated resources and complete activities.</p> <p><b>You will be referred to digitalised chapters (in the e-Reading list) from the following texts to complete your learning.</b></p> <p>Haley, C. &amp; Daley, J. (2018). Palliation in chronic illness. In J. Chang &amp; A. Johnson (Eds.), Living with Chronic Illness and Disability: Principles for nursing practice (4th ed., pp. 215-229). Elsevier Australia</p> <p>Palmer, L. &amp; Horton, G. (2020). Communication about end-of-life care and decisions. ## Assessment Tasks

### 1 Online Quiz-Short Answer Vignettes

#### Assessment Type

Online Quiz(zes)

#### Task Description

##### Aim

This assessment aims to enhance your critical thinking and knowledge for a person living with a chronic health condition in the community.

Instructions.

**You are to complete the quiz in the allotted time and dates. Please note the following:**

- Each student will get two vignettes to view.
- There are five questions to answer for each vignette.
- It is expected to write 3-4 sentences per question.

- Based on case studies and content you have encountered in Weeks 1 to 4 in the unit.
- The vignettes will be randomly allocated to ensure students will receive different vignettes.
- There are ten marks per vignette (two marks per question)
- You have a maximum of 45 minutes to complete the quiz. (22 mins per vignette).
- Note that individual questions in each vignette can be inadvertently deleted, so DO NOT click on these questions. Just click under and start your answer. Once you start the quiz, you must complete it in 45 minutes.
- The quiz will automatically close at the end of 45 minutes, and you will submit your result even if you have not finished.
- You have a maximum of 1 attempt for the quiz, and you must complete the quiz in one sitting.
- Once you have started the quiz, you cannot log out. Please do not refresh or reload your screen, as this may close the quiz and record your result.
- If you have any technical issues, notify the unit coordinators immediately. Take a screenshot or photo of the issue and email it to the unit coordinators. We will assist you with resolving it or refer you to TaSAC for further assistance (toll-free phone number 1300 666 620).

### **Requirements**

- Computer access with a reliable internet connection.
- Relevant learning materials are available to access during the quiz.

### **Submission**

- You will complete this assessment online. Click submit at the end of the quiz, and your answers will be automatically submitted.
- The quiz will be marked manually.
- Quiz will be available two weeks after the attempt is complete.

### **Number of Quizzes**

1

### **Frequency of Quizzes**

#### **Assessment Due Date**

Week 5 Friday (11 Aug 2023) 5:00 pm AEST

This quiz will close on Friday, 11 August 2023, 5:00 PM.

#### **Return Date to Students**

Results for the quiz will be available 2 weeks after the attempt is complete.

#### **Weighting**

20%

#### **Assessment Criteria**

No Assessment Criteria

#### **Referencing Style**

- [American Psychological Association 7th Edition \(APA 7th edition\)](#)

#### **Submission**

Online

#### **Submission Instructions**

Submit via Turnitin online.

#### **Learning Outcomes Assessed**

- Identify factors associated with the early recognition of an acute exacerbation of a chronic health condition and plan relevant nursing care
- Evaluate interventions to influence socio-cultural and lifestyle choices of individuals

## **2 Written Assessment**

#### **Assessment Type**

Written Assessment

#### **Task Description**

#### **Aim**

This assessment will assist you in applying the concepts you have learned in NURS12163. You will be able to demonstrate your ability to evaluate interventions incorporating the lived experience of an individual living with a chronic illness. You will develop a collaborative education plan considering the needs of the individual with chronic illness within the NHPA.

### Instructions

Watch the video (duration: 2.8 min) about Jo. Jo shares her story of heart disease, after having five cardiac stents inserted into her heart in her early 40s, and fifteen years later, she had a triple bypass. Jo shares her family background and genetic history that influenced her heart health. Women have heart disease and do suffer heart attacks. Be aware and act before it's too late.

#### Follow the steps.

##### Step 1: Introduction (approximately 150 words)

- Introduce Jo and her presenting chronic health condition.
- Name the Australian National Health Priority Area (NHPA) associated with Jo's chronic health condition.
- Briefly outline what you will discuss in your essay.

##### Step 2: Body discussion (approximately 1200 words)

- Discuss some of the issues/challenges Jo highlights when talking about her lived experience.
- Explain how you would evaluate your chosen intervention and its impact on Jo's socio-cultural and lifestyle choices.
- Develop a collaborative education plan concerning the intervention you have implemented with Jo considering the information you have already discussed.
- Ensure your discussion is supported by literature, with in-text citations. Use CQU library to source your journals.

##### Step 3: Conclusion (approximately 150 words)

Provide a paragraph concluding your essay conveying the most important points to consider concerning Jo and her condition. Consider what you want the reader to take away from Jo's experience.

##### Step 4: References-Use APA 7th edition, (maximum of 10 < 5 yrs old)

- Source journals from the CQUniversity library.
- You may use seminal scholarly literature where relevant.
- Suitable references include peer-reviewed journal articles, and textbooks.
- When sourcing information, consider the five elements of a quality reference: currency, authority, relevance, objectivity, and coverage.
- Grey literature from the internet must be from reputable websites such as government, university, or peak national bodies, such as the Australian College of Nursing or the Australian Association of Social Workers.

#### Requirements for literature, referencing and formatting.

- Use the provided template.
- Write in the third-person perspective.
- Use formal academic language.
- The word count is considered from the introduction's first word to the conclusion's last word. The word count excludes the reference list but includes in-text references and direct quotations.

#### Resources

- Use the template provided.
- You may use unit-provided materials (such as journal articles) to reference your case study. However, you must look beyond the Moodle content for this assessment. And use other credible sources (e.g., journal articles, books) to reference your argument. The quality and credibility of your sources are important.
- We recommend you use EndNote to manage your citations and reference list. More information on how to use EndNote is available at the CQUniversity Library website.
- We recommend you access your discipline-specific library guide: the Nursing and Midwifery Guide; Social Work and Community Services Guide.
- For information on academic communication, please go to the Academic Learning Centre Moodle site. The Academic Communication section has many helpful resources, including information for students with English as a second language.
- Submit a draft before the due date to review your Turnitin Similarity Score before making a final submission. Instructions are available [here](#).

#### Submission

Submit your assessment as one document via the unit Moodle site in Microsoft Word format only. Results will be two weeks from the submission date.

#### Marking Criteria

Refer to the marking rubric on the Moodle site for more detail on how marks will be assigned.

Week 8 Friday (8 Sept 2023) 5:00 pm AEST  
Submit via Turnitin using a word document Friday, 8 September 2023, 5:00 PM

Results will be two weeks from the submission date.

30%

| HD 85 - 100%   | D 75 - 84%   | C 65 - 74%   | P 50 - 64%  | F <50%  | Fail<br>(content absent)<br>0%   | Marks |
|--|--|--|---|---|--|-------|
| <b>Presentation (5%)</b>   |  |  |   |   |  |       |
| An engaging and well-planned assessment. The assessment material is logical, clear, concise, and convincing. The template provided is used. 5.00-4.23  | A well-planned, logical, and clear submission. The assessment material is generally logical, concise, and convincing. The template provided is used. 4.22-3.73   | The submission needs to be more concise and convincing but is primarily comprehensive. The template provided is used. 3.72-3.23  | The submission is presented, lacks flow and is not concise or comprehensive. The template provided is used. 3.22-2.48   | The submission could be clearer. It is not logical OR unclear, OR is superficial. The template provided is used. 2.47-0.00  | No flow to the presentation. The template provided is not used. 0  | 5     |
| <b>Structure (5%)</b>  |  |  |   |   |  |       |
| Clear and succinct introduction that outlines the information requested and the direction of the paper. Written material is free from spelling, grammar, and structural errors. A conclusion that clearly and succinctly brings the assessment to a close. 5.00-4.23 | Clear and appropriate introduction that outlines the information requested and the direction of the paper. There are 1-2 errors (in spelling, grammar, and paragraph structure) that do not affect the meaning and flow of the submission. A conclusion that clearly and appropriately brings the assessment to a close. 4.22-3.73 | Appropriate introduction that outlines the information requested and the direction of the paper. There are 3-4 errors (in spelling, grammar, and paragraph structure) that do not affect the meaning and flow of the submission. The conclusion outlines most of the main points and brings some sense of closure. 3.72-3.23 | An introduction is apparent, although it consists only of a list of the paper's contents. There are 4-5 errors (in spelling, grammar, and paragraph structure) that do not affect the meaning and flow of the submission. Conclusion apparent - outlines most of the main points and endeavours to bring the argument to a close -some incongruity. 3.22-2.48 | No recognisable introduction. There is no direction offered in respect of the paper. There are >5 errors (in spelling, grammar, and paragraph structure) that affect the meaning and flow of the submission. No recognisable conclusion - a little reference to the main points does not offer a clear conclusion to the paper. 2.47-0.00 | No evidence of an introduction or conclusion. Grammatical errors prevent understanding large tracts of the submission. 0 | 5     |
| <b>Approach and Argument (80%)</b>   |  |  |   |   |  |       |

## Submission

Online

## Submission Instructions

Submit via Turnitin online using a word document

## Learning Outcomes Assessed

- Evaluate interventions to influence socio-cultural and lifestyle choices of individuals
- Incorporate the lived experience of a person with a chronic health condition when collaboratively planning care
- Develop a collaborative discharge/education plan for a consumer who has a health challenge associated with the National Health Priority Areas (NHPA).

## 3 Written Assessment

### Assessment Type

Written Assessment

### Task Description

#### Aim

This assessment will assist you in applying the concepts you have learned in NURS12163. You will be able to demonstrate your ability to evaluate interventions incorporating the lived experience of an individual living with a chronic illness. You will develop a collaborative discharge plan considering the needs of the individual with chronic illness within the NHPA. The discharge plan will be a discharge from community care to the GP.

#### Instructions

Watch the video (duration 8.37 mins). Award-winning actor and best-selling author Michael J. Fox join "CBS Mornings" to discuss his new memoir, "No Time Like the Future: An Optimist Considers Mortality." In it, Fox shares personal stories and observations about illness and health, aging, the strength of family and friends, and how our perceptions about time affect how we approach mortality. Use the Template provided with the headings.

#### Step 1: Introduction (approximately 200 words)

- Introduce Michael and his presenting chronic health condition.
- Name the Australian National Health Priority Areas (NHPA) associated with Michael's chronic health condition.
- Briefly outline what you will discuss in your essay.

#### Step 2: Discussion (approximately 1400 words)

Address ALL five dot points to explore and discuss the lived experience of your chosen consumer. Discuss the impact of chronic health conditions on Michael and his lifestyle.

- Discuss what Michael should expect from Health Care Professionals (HCPs) working in the community in the Australian context.
- Discuss the importance of shared decision-making in managing individuals such as Michael with Parkinson's?
- List three nursing approaches you could implement to ensure Michael feels heard.
- Develop a discharge plan for Michael should he be in Australia. Consider what Michael might need to be discharged from the hospital to his GP.
- As part of Michael's discharge plan, explain how to recognise early warning signs and acute deterioration of his parkinson's.
- Please DO NOT use dot points.
- Ensure your discussion is supported by the literature, with in-text citations. Use CQU library to source your journals.

#### Step 3: Conclusion (approximately 200 words)

Provide a paragraph concluding your essay conveying the most important points to consider concerning Michael and his condition. Consider what you want the reader to take away from Michael's experience.

#### Step 4: References- Use APA 7th edition, (maximum of 10)

- All journals should be sourced from the CQUniversity library.
- You may use seminal scholarly literature where relevant.
- Suitable references include peer-reviewed journal articles and textbooks.
- When sourcing information, consider the five elements of a quality reference: currency, authority, relevance, objectivity, and coverage.
- Grey literature from the internet must be from reputable websites such as government, university, or peak national bodies, such as the Australian College of Nursing or the Australian Association of Social Workers.

#### Requirements for literature, referencing and formatting.

- Write in the third-person perspective.
- Write in the third-person perspective.
- Use formal academic language.
- The word count is considered from the introduction's first word to the conclusion's last word. The word count excludes the reference list but includes in-text references and direct quotations.

#### Resources

- Use the template provided.
- You can use unit-provided materials to reference your case study. However, you must look beyond the Moodle content for this assessment. And use other credible sources (e.g., journal articles, books) to reference your argument. The quality and credibility of your sources are important.
- We recommend you use EndNote to manage your citations and reference list. More information on how to use EndNote is available at the CQUniversity Library website.
- We recommend you access your discipline-specific library guide: the Nursing and Midwifery Guide; Social Work and Community Services Guide.

## Learning Outcomes Assessed

- Identify factors associated with the early recognition of an acute exacerbation of a chronic health condition and plan relevant nursing care
- Evaluate interventions to influence socio-cultural and lifestyle choices of individuals
- Incorporate the lived experience of a person with a chronic health condition when collaboratively planning care
- Develop a collaborative discharge/education plan for a consumer who has a health challenge associated with the National Health Priority Areas (NHPA).

## Academic Integrity Statement

As a CQUniversity student you are expected to act honestly in all aspects of your academic work.

Any assessable work undertaken or submitted for review or assessment must be your own work. Assessable work is any type of work you do to meet the assessment requirements in the unit, including draft work submitted for review and feedback and final work to be assessed.

When you use the ideas, words or data of others in your assessment, you must thoroughly and clearly acknowledge the source of this information by using the correct referencing style for your unit. Using others' work without proper acknowledgement may be considered a form of intellectual dishonesty.

Participating honestly, respectfully, responsibly, and fairly in your university study ensures the CQUniversity qualification you earn will be valued as a true indication of your individual academic achievement and will continue to receive the respect and recognition it deserves.

As a student, you are responsible for reading and following CQUniversity's policies, including the [Student Academic Integrity Policy and Procedure](#). This policy sets out CQUniversity's expectations of you to act with integrity, examples of academic integrity breaches to avoid, the processes used to address alleged breaches of academic integrity, and potential penalties.

### What is a breach of academic integrity?

A breach of academic integrity includes but is not limited to plagiarism, self-plagiarism, collusion, cheating, contract cheating, and academic misconduct. The Student Academic Integrity Policy and Procedure defines what these terms mean and gives examples.

### Why is academic integrity important?

A breach of academic integrity may result in one or more penalties, including suspension or even expulsion from the University. It can also have negative implications for student visas and future enrolment at CQUniversity or elsewhere. Students who engage in contract cheating also risk being blackmailed by contract cheating services.

### Where can I get assistance?

For academic advice and guidance, the [Academic Learning Centre \(ALC\)](#) can support you in becoming confident in completing assessments with integrity and of high standard.

### What can you do to act with integrity?

#### Be Honest

If your assessment task is done by someone else, it would be dishonest of you to claim it as your own

#### Seek Help

If you are not sure about how to cite or reference in essays, reports etc, then seek help from your lecturer, the library or the Academic Learning Centre (ALC)

#### Produce Original Work

Originality comes from your ability to read widely, think critically, and apply your gained knowledge to address a question or problem
