NURS12164 Professional Nursing Practice 3

Term 3 - 2026

Profile information current as at 05/12/2025 02:11 pm

All details in this unit profile for NURS12164 have been officially approved by CQUniversity and represent a learning partnership between the University and you (our student). The information will not be changed unless absolutely necessary and any change will be clearly indicated by an approved correction included in the profile.

General Information

Overview

In this unit, you will have the opportunity to practice nursing care for individuals, including the care of a person living with a chronic condition. You will apply the relevant Nursing and Midwifery Board of Australia (NMBA) Professional Standards and the National Safety and Quality Health Service Standards (NSQHS) in your practice as a nursing student. You will be expected to identify risk and recognise and respond appropriately to the needs of the patient in the simulated and clinical environments. You will review the concept of scope of practice using the Decision-Making Framework (DMF) (NMBA, 2020). You are required to participate in a compulsory three (3) day, 24-hour residential school or equivalent prior to attending professional experience placement for this unit. This unit includes a 120 hour block professional experience placement in a clinical care environment. You must meet specific mandatory health, safety and security requirements to be eligible to attend each professional experience placement. Professional experience placements may be limited in your community, and you may be placed in other locations. Please be prepared financially and personally to cover the costs of relocating for placements. Due to the limited availability of placements, some block placements have start and/or end dates that fall outside standard term dates.

- Mixed Mode

Attendance Requirements

All on-campus students are expected to attend scheduled classes – in some units, these classes are identified as a mandatory (pass/fail) component and attendance is compulsory. International students, on a student visa, must maintain a full time study load and meet both attendance and academic progress requirements in each study period (satisfactory attendance for International students is defined as maintaining at least an 80% attendance record).

Website

[This unit has a website, within the Moodle system, which is available two weeks before the start of term. It is important that you visit your Moodle site throughout the term. Please visit Moodle for more information.](#)

Previous Student Feedback

Feedback, Recommendations and Responses

Every unit is reviewed for enhancement each year. At the most recent review, the following staff and student feedback items were identified and recommendations were made.

Feedback from SUTE Unit Comments

Feedback

"Having all of the unit content at the beginning of term has been helpful in managing the rest of the term with placement, working and the other 3 units."

Recommendation

Continue using pre-brief as the content repository before on-campus learning sessions and clinical practicum.

Feedback from SUTE Unit Comments

Feedback

"Too much learning content before early res school."

Recommendation

Review pre-brief learning content to condense it into smaller, user-friendly packages.

Feedback from SUTE Unit Comments

Feedback

"As there were only 10 practice questions provided, it would be helpful to have more as I felt the questions were more complicated than those on the quiz."

Recommendation

The SNM&SS is currently developing school support for medication calculations through a Maths Moodle site.

Feedback from SUTE Unit Comments

Feedback

"I would appreciate if the unit coordinator would have approached the first time placement students and assisted them with the expectations of completing the ANSAT."

Recommendation

Develop an information package and hold an information session for students undertaking a clinical placement unit for the first time within CQU Bachelor of Nursing program.
