

NURS20161 Contemporary Australian Healthcare

Term 1 - 2018

Profile information current as at 16/05/2024 11:29 am

All details in this unit profile for NURS20161 have been officially approved by CQUniversity and represent a learning partnership between the University and you (our student). The information will not be changed unless absolutely necessary and any change will be clearly indicated by an approved correction included in the profile.

General Information

Overview

This unit will provide you with the knowledge of the health and healthcare needs of a range of people within Australia's culturally diverse society with an emphasis on Aboriginal and Torres Strait Islander health perspectives. You will review contemporary models of health services used to provide healthcare to populations in urban, rural and remote locations. You will explore the social determinants of health by analysing health conditions and the provision of quality and culturally safe health care. The role of the government will also be analysed in terms of the provision of health care. You will use your judgement in a range of simulated scenarios across these contextual factors in order to contribute to meaningful and responsive care.

Offerings For Term 1 - 2018

- Distance

Attendance Requirements

All on-campus students are expected to attend scheduled classes – in some units, these classes are identified as a mandatory (pass/fail) component and attendance is compulsory. International students, on a student visa, must maintain a full time study load and meet both attendance and academic progress requirements in each study period (satisfactory attendance for International students is defined as maintaining at least an 80% attendance record).

Website

[This unit has a website, within the Moodle system, which is available two weeks before the start of term. It is important that you visit your Moodle site throughout the term. Please visit Moodle for more information.](#)

Class and Assessment Overview

Recommended Student Time Commitment

Each 6-credit Postgraduate unit at CQUniversity requires an overall time commitment of an average of 12.5 hours of study per week, making a total of 150 hours for the unit.

Assessment Grading

This is a graded unit: your overall grade will be calculated from the marks or grades for each assessment task, based on the relative weightings shown in the table above. You must obtain an overall mark for the unit of at least 50%, or an overall grade of 'pass' in order to pass the unit. If any 'pass/fail' tasks are shown in the table above they must also be completed successfully ('pass' grade). You must also meet any minimum mark requirements specified for a particular assessment task, as detailed in the 'assessment task' section (note that in some instances, the minimum mark for a task may be greater than 50%). Consult the [University's Grades and Results Policy](#) for more details of interim results and final grades.

CQUniversity Policies

All University policies are available on the [CQUniversity Policy site](#).

You may wish to view these policies:

Previous Student Feedback

Feedback, Recommendations and Responses

Every unit is reviewed for enhancement each year. At the most recent review, the following staff and student feedback items were identified and recommendations were made.

Feedback from Have Your Say

Feedback

My only complaint would be IT related. When studying by distance it is critical that IT works...I had a lot of problems with UCROO and TASAC was slow to respond, despite repeated messages. It was only when I said I was feeling quite isolated by not being able to communicate with my classmates on UCROO and pointed out that I had sent several messages and had no response that anything happened. At best, UCROO worked intermittently throughout the course for me.

Recommendation

UCROO has been removed. Discussions with the director of TaSAC have highlighted the communication breakdown in regards to UCROO. We have reverted to using Moodle Forums.

Feedback from Have Your Say

Feedback

Assessments. I find it so hard to focus on learning if assessments are taking too much of our time. It is overwhelming thus inhibiting me in focusing on my lectures. This might not be a problem of course if I focus more on enhancing my time management but not all students are like me who does not have kids.

Recommendation

Assessment items to be reduced from three to two pieces.

Feedback from Have Your Say

Feedback

Anytime I was separated to a smaller group during a tutorial I found that I made a connection with other class mates and then continued to communicate with them via email. So breaking into smaller groups can be helpful and get the class talking more to each other outside of set tutorial times.

Recommendation

More opportunities for small group work will be incorporated into the tutorials. Students will be encouraged to use ZOOM to connect outside of the tutorials.

Unit Learning Outcomes

On successful completion of this unit, you will be able to:

1. Analyse the role of government in the provision of healthcare in Australia
2. Research and assess the impact of the social determinants of health on common health conditions
3. Apply a process of cultural safety to a range of scenarios with particular consideration of Aboriginal and Torres Strait Islander peoples and people of other cultures
4. Compare and contrast nursing roles in the contemporary models of healthcare used in Australia.

Standard 1: Thinks critically and analyses nursing practice

1.2 develops practice through reflection on experiences, knowledge, actions, feelings and beliefs to identify how these shape practice

1.3 respects all cultures and experiences, which includes responding to the role of family and community that underpin the health of Aboriginal and Torres Strait Islander peoples and people of other cultures

Standard 2: Engages in therapeutic and professional relationships

2.2 communicates effectively, and is respectful of a person's dignity, culture, values, beliefs and rights

2.3 recognises that people are the experts in the experience of their life

2.4 provides support and directs people to resources to optimise health-related decisions

2.5 advocates on behalf of people in a manner that respects the person's autonomy and legal capacity

Standard 6: Provides safe, appropriate and responsive quality nursing practice

6.5 practises in accordance with relevant policies, guidelines, standards, regulations and legislation

Assessment Tasks

1 Portfolio

Assessment Type

Portfolio

Task Description

Due Date: Monday, 30 April 2018

Length: 2000 words

Weighting: 50%

Referencing Style: APA 6th Edition Format: APA style

Learning Outcomes Assessed

- Research and assess the impact of the social determinants of health on common health conditions
- Apply a process of cultural safety to a range of scenarios with particular consideration of Aboriginal and Torres Strait Islander peoples and people of other cultures

Graduate Attributes

1. **Knowledge:** Acquire and apply a body of knowledge and appropriate professional judgment relevant to a discipline.
2. **Communication:** Communicate and interact with others and in culturally diverse contexts.
3. **Cognitive, technical and creative skills:** Investigate, analyse and synthesise complex information, problems and concepts.
4. **Research:** Critically appraise outcomes and products of research for translation into the discipline
5. **Self-management:** Reflect on and critically evaluate one's performance
6. **Ethical and Professional Responsibility:** Demonstrate ethical, legal, social and civic responsibility

Objectives and Outcomes

Throughout this unit you have been challenged to reflect on the way in which you view healthcare; that is, your worldview. For this assessment, you are required to watch the film "Here I Am" then complete the written task.

The Task

Write an academic piece which:

1. Explains the determinants of health, and how they affect individual and population health.
2. Compares and contrasts your own health and wellbeing in relation to the experiences of Karen. Discuss this in terms of the determinants of health. Consider how these factors have affected both your own and Karen's health and wellbeing.
3. Reflects on your experiences, thoughts and emotions as you were watching "Here I am" and considers alternative routes that could have been taken (eg. by the women's shelter worker, department of social security, police), and consequently led to better outcomes for Karen, her mother and other women in this movie.
4. Proposes approaches nurses could take to provide culturally safe initiatives to deliver appropriate services to clients from minority and disadvantaged groups.

The essay can be written in first person, academic style. A reference list should be included at the end of the essay. You should review Academic Writing which can be found in the Academic Learning Centre site.

Assessment Criteria

Assessment Criteria

You will be marked on your ability to meet the following criteria:

Structure

Efficacy and organisation

The portfolio items should be organised very effectively. There should be a clear and succinct introduction and conclusion to each item: they introduce the topic and outline the direction of the item/bring the item to a logical close.

Presentation

The assignment should adhere to APA formatting. The submitted written material very well-presented and free from errors.

Referencing

You should integrate up-to-date references/citations to support and reflect all ideas, factual information and quotations. Accurate APA referencing. No errors.

Approach and Argument

Relevancy and depth

You should ensure that the content is relevant to the topic, the approach comprehensively addresses the task and the

presentation proceeds logically and is within the set time limit and word count.

Knowledge of Topic

Objectives and Outcomes

Throughout this unit, you have learnt about how Australia's healthcare systems and the nursing profession are governed and have been introduced/re-introduced to some of the many nursing roles found in practice. In the following assessment piece, you will explore, in greater detail, an area of specific interest to you.

The Task

This assignment will give you the opportunity to learn more about the contemporary role of nursing you wish to return to and its broad and specific governance structures. This assignment should be presented as a portfolio under the following sections.

Overview (250 words)

Introduce the assessment and provide a brief overview and direction of the portfolio.

Nursing Role (500 words approx.)

Identify the type of nursing role you wish to return to (e.g. theatre nurse, mental health nurse, community health nurse, sexual and reproductive health nurse manager).

Describe this position in detail:

* your client/patient base their health needs

* they scope of the role (what kinds of nursing care will you provide? what is the level of autonomy? What is the major setting of the work? Etc.)

Governance (500 words approx.)

Explain the governance that provides a legal/procedural framework to your nursing role. You should begin this section by describing the broad Federal/State laws affecting nursing in general, then narrow your focus to the laws, guidelines, standards and frameworks which are pertinent to your area of nursing.

Peak Bodies (500 words approx.)

Identify the major peak nursing bodies for your area of nursing. Clarify their role and explain how they support the specific area of nursing.

Consider if the peak body appears to support a diverse nursing workforce and justify what has led you to that conclusion.

Continuing Professional Development (CPD) Requirements (not counted in the word count)

In consideration of the factors you have explicated above, create an annual CPD plan directed at increasing your knowledge and skill in your preferred area of nursing. In undertaking this task you should use the Nursing and Midwifery Board of Australia's Self Directed Evidence Record. Tasks should be well-aligned to the nursing role.

Conclusion (250 words)

Provide a summary to your portfolio which connects the separate items and brings the assessment to a logical conclusion.

Reference List

The reference list should include a minimum of 10 references; these can be from both peer-reviewed journal articles and grey literature.

Academic Integrity Statement

As a CQUniversity student you are expected to act honestly in all aspects of your academic work.

Any assessable work undertaken or submitted for review or assessment must be your own work. Assessable work is any type of work you do to meet the assessment requirements in the unit, including draft work submitted for review and feedback and final work to be assessed.

When you use the ideas, words or data of others in your assessment, you must thoroughly and clearly acknowledge the source of this information by using the correct referencing style for your unit. Using others' work without proper acknowledgement may be considered a form of intellectual dishonesty.

Participating honestly, respectfully, responsibly, and fairly in your university study ensures the CQUniversity qualification you earn will be valued as a true indication of your individual academic achievement and will continue to receive the respect and recognition it deserves.

As a student, you are responsible for reading and following CQUniversity's policies, including the [Student Academic Integrity Policy and Procedure](#). This policy sets out CQUniversity's expectations of you to act with integrity, examples of academic integrity breaches to avoid, the processes used to address alleged breaches of academic integrity, and potential penalties.

What is a breach of academic integrity?

A breach of academic integrity includes but is not limited to plagiarism, self-plagiarism, collusion, cheating, contract cheating, and academic misconduct. The Student Academic Integrity Policy and Procedure defines what these terms mean and gives examples.

Why is academic integrity important?

A breach of academic integrity may result in one or more penalties, including suspension or even expulsion from the University. It can also have negative implications for student visas and future enrolment at CQUniversity or elsewhere. Students who engage in contract cheating also risk being blackmailed by contract cheating services.

Where can I get assistance?

For academic advice and guidance, the [Academic Learning Centre \(ALC\)](#) can support you in becoming confident in completing assessments with integrity and of high standard.

What can you do to act with integrity?

**Be Honest**

If your assessment task is done by someone else, it would be dishonest of you to claim it as your own

**Seek Help**

If you are not sure about how to cite or reference in essays, reports etc, then seek help from your lecturer, the library or the Academic Learning Centre (ALC)

**Produce Original Work**

Originality comes from your ability to read widely, think critically, and apply your gained knowledge to address a question or problem
