

# NURS20161 Contemporary Australian Healthcare

## Term 1 - 2019

Profile information current as at 15/05/2024 06:46 pm

All details in this unit profile for NURS20161 have been officially approved by CQUUniversity and represent a learning partnership between the University and you (our student). The information will not be changed unless absolutely necessary and any change will be clearly indicated by an approved correction included in the profile.

## General Information

### Overview

This unit will provide you with the knowledge of the health and healthcare needs of a range of people within Australia's culturally diverse society with an emphasis on Aboriginal and Torres Strait Islander health perspectives. You will review contemporary models of health services used to provide healthcare to populations in urban, rural and remote locations. You will explore the social determinants of health by analysing health conditions and the provision of quality and culturally safe health care. The role of the government will also be analysed in terms of the provision of health care. You will use your judgement in a range of simulated scenarios across these contextual factors in order to contribute to meaningful and responsive care.

### Details

Career Level: *Postgraduate*

Unit Level: *Level 8*

Credit Points: 6

Student Contribution Band: 7

Fraction of Full-Time Student Load: 0.125

### Pre-requisites or Co-requisites

Must be enrolled in CH79 Graduate Certificate in Nursing (Re-Entry) Co-requisite: NURS20160

Important note: Students enrolled in a subsequent unit who failed their pre-requisite unit, should drop the subsequent unit before the census date or within 10 working days of Fail grade notification. Students who do not drop the unit in this timeframe cannot later drop the unit without academic and financial liability. See details in the [Assessment Policy and Procedure \(Higher Education Coursework\)](#).

### Offerings For Term 1 - 2019

- Online

### Attendance Requirements

All on-campus students are expected to attend scheduled classes – in some units, these classes are identified as a mandatory (pass/fail) component and attendance is compulsory. International students, on a student visa, must maintain a full time study load and meet both attendance and academic progress requirements in each study period (satisfactory attendance for International students is defined as maintaining at least an 80% attendance record).

### Website

[This unit has a website, within the Moodle system, which is available two weeks before the start of term. It is important that you visit your Moodle site throughout the term. Please visit Moodle for more information.](#)

## Class and Assessment Overview

### Recommended Student Time Commitment

Each 6-credit Postgraduate unit at CQUniversity requires an overall time commitment of an average of 12.5 hours of study per week, making a total of 150 hours for the unit.

### Class Timetable

### Assessment Overview

#### 1. **Written Assessment**

Weighting: 50%

#### 2. **Portfolio**

Weighting: 50%

### Assessment Grading

This is a graded unit: your overall grade will be calculated from the marks or grades for each assessment task, based on the relative weightings shown in the table above. You must obtain an overall mark for the unit of at least 50%, or an overall grade of 'pass' in order to pass the unit. If any 'pass/fail' tasks are shown in the table above they must also be completed successfully ('pass' grade). You must also meet any minimum mark requirements specified for a particular assessment task, as detailed in the 'assessment task' section (note that in some instances, the minimum mark for a task may be greater than 50%). Consult the [University's Grades and Results Policy](#) for more details of interim results and final grades.

## CQUniversity Policies

## Previous Student Feedback

### Feedback, Recommendations and Responses

Every unit is reviewed for enhancement each year. At the most recent review, the following staff and student feedback items were identified and recommendations were made.

#### Feedback from "Have your say" button Student conversations

##### **Feedback**

Some students would have liked a more multi-cultural focus to the Unit.

##### **Recommendation**

This unit has a strong focus on Aboriginal and Torres Strait Islander health and wellbeing which is communicated in the Unit Overview. This is an Australian Nursing and Midwifery Accreditation Council requirement. NURS20161 has been mapped to the Aboriginal and Torres Strait Islander Health Curriculum Framework. This strong focus and relevance of this perspective will be emphasised at the beginning of the Unit.

#### Feedback from "Have your say" button Student conversations

##### **Feedback**

Students found the Unit to be important and interesting.

##### **Recommendation**

Students, particularly those who come from culturally and linguistically diverse backgrounds, found this Unit to be important. Study topics, such as internal bias and privilege, encouraged students to examine themselves and their own culture and consider how that would affect the way in which they delivered care.

## Unit Learning Outcomes

### **On successful completion of this unit, you will be able to:**

1. Analyse the role of government in the provision of healthcare in Australia
2. Research and assess the impact of the social determinants of health on common health conditions
3. Apply a process of cultural safety to a range of scenarios with particular consideration of Aboriginal and Torres Strait Islander peoples and people of other cultures
4. Compare and contrast nursing roles in the contemporary models of healthcare used in Australia.

#### Standard 1: Thinks critically and analyses nursing practice

1.2 develops practice through reflection on experiences, knowledge, actions, feelings and beliefs to identify how these shape practice

## Assessment Tasks

### 1 Assessment 1

#### Assessment Type

Written Assessment

#### Task Description

**Length:** 2000 words

The word count is considered from the first word of the introduction to the last word of the conclusion. It excludes the cover page, abstract, contents page and reference list. It includes in-text references and direct quotations.

**Referencing Style:** APA 6th Edition

#### Format:

- Size 12 font (Times New Roman or Arial)
- 1.5 spacing
- 2.54cm margins
- Page numbers, name and student number on each page

#### Learning Outcomes Assessed

- Research and assess the impact of the social determinants of health on common health conditions
- Apply a process of cultural safety to a range of scenarios with particular consideration of Aboriginal and Torres Strait Islander peoples and people of other cultures

#### Graduate Attributes

1. Knowledge: Acquire and apply a body of knowledge and appropriate professional judgment relevant to a discipline.
2. Communication: Communicate and interact with others and in culturally diverse contexts.
3. Cognitive, technical and creative skills: Investigate, analyse and synthesise complex information, problems and concepts.
4. Research: Critically appraise outcomes and products of research for translation into the discipline
5. Self-management: Reflect on and critically evaluate one's performance
6. Ethical and Professional Responsibility: Demonstrate ethical, legal, social and civic responsibility

#### Objectives and Outcomes

Throughout this unit you have been challenged to reflect on the way in which you view healthcare; that is, your worldview. For this assessment, you are required to watch the film *Occupation: Native* then complete the written task.

#### The Task

Write an academic piece which:

1. Applies the Critical Reflection Framework of Analysis to analyse your personal attitudes towards First Nations Australians.
2. Explains the effect colonisation has had on the determinants of health for Australians.
3. Consider some strategies that might lead to better health outcomes for people from minority and disadvantaged groups. Support your strategies with evidence from peer-reviewed journal articles.
4. Proposes approaches nurses could take to provide culturally safe initiatives to deliver appropriate services to clients from minority and disadvantaged groups. Support your proposed approaches with evidence from peer-reviewed journal articles.

A reference list should be included at the end of the essay. You should review "Academic Writing" which can be found in the Academic Learning Centre site.

**Referencing Style:** APA 6th Edition

### Format:

This assessment will be presented in CQUniversity's student Mahara Portfolio. It should be submitted as a separate collection to be titled 'NURS20161 Assignment 2 Portfolio'. Please see the exemplar and Mahara How-To videos for further information.

### Learning Outcomes Assessed

- Analyse the role of government in the provision of healthcare in Australia.
- Compare and contrast nursing roles in the contemporary models of healthcare used in Australia.

### Graduate Attributes

1. Knowledge: Acquire and apply a body of knowledge and appropriate professional judgment relevant to a discipline.
2. Communication: Communicate and interact with others and in culturally diverse contexts.
3. Cognitive, technical and creative skills: Investigate, analyse and synthesise complex information, problems and concepts.
4. Research: Critically appraise outcomes and products of research for translation into the discipline
5. Self-management: Reflect on and critically evaluate one's performance
6. Ethical and Professional Responsibility: Demonstrate ethical, legal, social and civic responsibility

### Objectives and Outcomes

Throughout this unit, you have learnt how Australia's healthcare systems and the nursing profession are governed and have been introduced/re-introduced to some of the many nursing roles found in practice. In the following assessment piece, you will explore, in greater detail, an area of specific interest to you.

### Nursing Role

In this section of the Portfolio, you will explore the type of nursing role you wish to return to (e.g. theatre nurse, mental health nurse, community health nurse, sexual and reproductive health nurse).

This section of the Portfolio will give you the opportunity to learn more about the role of nursing you wish to return to and its broad and specific governance structures. This assignment should be presented as a portfolio using Mahara.

- Locate and upload artefacts related to your anticipated nursing role such as job advertisements, position descriptions, recorded interviews with nurses in the field, journal or grey literature articles etc.
- Write a 750-word reflection which first, discusses the attributes, skills or credentials that are required to undertake this nursing role identified above. Next, consider which of these attributes, skills or credentials you possess, which you will need to refresh and which you will need to learn.
- Locate and upload artefacts (certificates, degrees, work history etc.) as evidence of the attributes, skills or credentials you possess.
- Locate and upload artefacts of continuing professional development which directly relate to the reflection. Create an annual CPD plan directed at increasing your knowledge and skill in your preferred area of nursing. In undertaking this task you should use the Nursing and Midwifery Board of Australia's Self Directed Evidence Record. Tasks should be well-aligned to the nursing role you selected.

### Governance (750 words approx.)

This section of the Portfolio will give you the opportunity to analyse healthcare policy in greater detail. This section of the assessment task should be presented in Mahara.

The 14 National Boards which make up the Australian Health Practitioner Regulation Agency jointly created a social media policy which applies to all registered health practitioner.

Before you read this policy write down your thoughts of what you think will be in the policy. You should consider the scope of the policy, which legislation it may be based on, what other guidelines it might be informed by, the definition of social media and how the policy affects your practice (250 words).

After you have read the policy write a reflection that answers the following, broad questions.

- How did this policy meet your expectations
- Were there elements that you thought ought to feature in this policy that was not included? Why do you think that this occurred?

- Were there other elements that were included that you had not considered? Why do you think those elements were included in the policy?
- How do you think this policy will affect your professional practice? (500 words)

## Academic Integrity Statement

As a CQUniversity student you are expected to act honestly in all aspects of your academic work.

Any assessable work undertaken or submitted for review or assessment must be your own work. Assessable work is any type of work you do to meet the assessment requirements in the unit, including draft work submitted for review and feedback and final work to be assessed.

When you use the ideas, words or data of others in your assessment, you must thoroughly and clearly acknowledge the source of this information by using the correct referencing style for your unit. Using others' work without proper acknowledgement may be considered a form of intellectual dishonesty.

Participating honestly, respectfully, responsibly, and fairly in your university study ensures the CQUniversity qualification you earn will be valued as a true indication of your individual academic achievement and will continue to receive the respect and recognition it deserves.

As a student, you are responsible for reading and following CQUniversity's policies, including the [Student Academic Integrity Policy and Procedure](#). This policy sets out CQUniversity's expectations of you to act with integrity, examples of academic integrity breaches to avoid, the processes used to address alleged breaches of academic integrity, and potential penalties.

### What is a breach of academic integrity?

A breach of academic integrity includes but is not limited to plagiarism, self-plagiarism, collusion, cheating, contract cheating, and academic misconduct. The Student Academic Integrity Policy and Procedure defines what these terms mean and gives examples.

### Why is academic integrity important?

A breach of academic integrity may result in one or more penalties, including suspension or even expulsion from the University. It can also have negative implications for student visas and future enrolment at CQUniversity or elsewhere. Students who engage in contract cheating also risk being blackmailed by contract cheating services.

### Where can I get assistance?

For academic advice and guidance, the [Academic Learning Centre \(ALC\)](#) can support you in becoming confident in completing assessments with integrity and of high standard.

### What can you do to act with integrity?

#### Be Honest

If your assessment task is done by someone else, it would be dishonest of you to claim it as your own

#### Seek Help

If you are not sure about how to cite or reference in essays, reports etc, then seek help from your lecturer, the library or the Academic Learning Centre (ALC)

#### Produce Original Work

Originality comes from your ability to read widely, think critically, and apply your gained knowledge to address a question or problem
