General Information

Overview
This unit will provide you with the knowledge of the health and healthcare needs of a range of people within Australia's culturally diverse society with an emphasis on Aboriginal and Torres Strait Islander health perspectives. You will review contemporary models of health services used to provide healthcare to populations in urban, rural and remote locations. You will explore the social determinants of health by analysing health conditions and the provision of quality and culturally safe health care. The role of the government will also be analysed in terms of the provision of health care. You will use your judgement in a range of simulated scenarios across these contextual factors in order to contribute to meaningful and responsive care.

Assessment Grading
This is a graded unit: your overall grade will be calculated from the marks or grades for each assessment task, based on the relative weightings shown in the table above. You must obtain an overall mark for the unit of at least 50%, or an overall grade of 'pass' in order to pass the unit. If any 'pass/fail' tasks are shown in the table above they must also be completed successfully ('pass' grade). You must also meet any minimum mark requirements specified for a particular assessment task, as detailed in the 'assessment task' section (note that in some instances, the minimum mark for a task may be greater than 50%). Consult the University's Grades and Results Policy for more details of interim results and final grades.

Previous Student Feedback

Feedback, Recommendations and Responses

Every unit is reviewed for enhancement each year. At the most recent review, the following staff and student feedback items were identified and recommendations were made.

Feedback from Unit evaluation report.

Feedback
Students had mixed feelings about the Mahara portfolio. Some enjoyed it and saw it's future utility, others found it extremely difficult to navigate.

Recommendation
We will continue to use Mahara in T2, 2019 to get more feedback data from the students. Further Mahara support will be provided.

Feedback from Unit evaluation report.

Feedback
Students found the content to be organised and compelling. It changed their perspectives.

Recommendation
Ensure learning materials are contemporary. Use a variety of materials (videos, podcasts, articles).

Feedback from Student conversations.

Feedback
Students found Moodle difficult to navigate.

Recommendation
Continue to rationalise the Moodle site. Provide more information during orientation week.

Unit Learning Outcomes

On successful completion of this unit, you will be able to:

1. Analyse the role of government in the provision of healthcare in Australia
2. Research and assess the impact of the social determinants of health on common health conditions
3. Apply a process of cultural safety to a range of scenarios with particular consideration of Aboriginal and Torres Strait Islander peoples and people of other cultures
4. Compare and contrast nursing roles in the contemporary models of healthcare used in Australia.

Standard 1: Thinks critically and analyses nursing practice
1.2 develops practice through reflection on experiences, knowledge, actions, feelings and beliefs to identify how these shape practice
1.3 respects all cultures and experiences, which includes responding to the role of family and community that underpin the health of Aboriginal and Torres Strait Islander peoples and people of other cultures
Standard 2: Engages in therapeutic and professional relationships
2.2 communicates effectively, and is respectful of a person's dignity, culture, values, beliefs and rights
2.3 recognises that people are the experts in the experience of their life
2.4 provides support and directs people to resources to optimise health-related decisions
2.5 advocates on behalf of people in a manner that respects the person's autonomy and legal capacity
Standard 6: Provides safe, appropriate and responsive quality nursing practice
6.5 practises in accordance with relevant policies, guidelines, standards, regulations and legislation

1 Assessment 1

Assessment Type
Written Assessment

Task Description
Format: Word document
Word Count: 2500 words
The word count is considered from the first word of the introduction to the last word of the conclusion. It excludes the cover page, abstract, contents page, reference list and appendices. It includes in-text references and direct quotations.
In week one, you undertook the Everyday Racism simulation activity. Use your avatar to complete ONE of the following assessments tasks.
Assessment Task A
Step 1. 1000 words – annotated bibliography component
Create a diagram (such as a mind map) that:
a) Demonstrates how everyday racism has affected your avatar's social determinants of health.
b) Illustrates how your avatar is affected by intersectionality.
c) Hypothesises how racism might affect the health and well-being of your avatar.
Support this diagram with an annotated bibliography of contemporary (up to 5 years old) and seminal literature (from any time period) if relevant. You can source literature from peer-reviewed articles, textbooks or grey-literature. A minimum of 5 articles is needed to demonstrate adequate consideration of this topic.
Step 2. 1000 words – diary entry, 500 words - annotated bibliography.
Your avatar is receiving care in the hospital over two days. On day one, they receive culturally unsafe nursing care; on day two, they receive culturally safe nursing care.
Write diary entries from your avatar's perspective that documents their experience and demonstrates the breadth of your knowledge on cultural safety.
Support this diagram with an annotated bibliography of contemporary (up to 5 years old) and seminal literature (if relevant). You can source literature from peer-reviewed articles, textbooks or grey-literature. A minimum of 5 articles is needed to demonstrate adequate consideration of this topic.
Assessment Task B
In week one, you undertook the Everyday Racism activity. Use your avatar to complete the following assessment.
Step 1. (1000 words)
Write an essay that:
a) Describes how everyday racism has affected your avatar's social determinants of health
b) Analyses how your avatar is affected by intersectionality
c) Hypothesises how racism might affect the health and well-being of your avatar
Support your academic argument with contemporary (up to 5 years old) and seminal literature (if relevant). You can source literature from peer-reviewed articles, textbooks or grey-literature. A minimum of 5 articles is needed to demonstrate adequate consideration of topic.
Step 2. (1500 words)
Your avatar is receiving care in hospital over two days.
Write an essay that articulates how you would deliver culturally safe practice to your avatar. Provide examples of the specific nursing practices you would implement as well as broader healthcare practices.
Support your academic argument should with contemporary (up to 5 years old) and seminal literature (from any time period) if relevant. You can source literature from peer-reviewed articles, textbooks or grey-literature. A minimum of 5 articles is needed to demonstrate adequate consideration of the topic.

Length: 2100 words
The word count is considered from the first word of the introduction to the last word of the conclusion. It excludes the cover page, abstract, contents page, reference list and appendices. It includes in-text references and direct quotations.
Short Answers
Answers to all questions must be referenced appropriately according to APA referencing guidelines. A minimum of 10 references is needed to demonstrate broad consideration of the topics. These references may be sourced from peer-reviewed journal articles and grey literature. One reference list should be provided at the end of the document.
Australian citizens and residents who live with HIV and hold a Medicare card are provided with fully subsidised anti-retroviral (AVR) therapy under the Pharmaceutical Benefit Scheme (PBS) Highly Specialised Drugs program. Overseas born HIV-positive temporary residents are not entitled to the same level of care as permanent residents.
The individual State and Territory health departments have established systems to assist overseas-born HIV-positive temporary residents access AVR. Some states have introduced legislation and policy directives allowing ineligible HIV-positive people to access AVR for free. Other states do not have formal legislation and rely on philanthropic relationships with pharmaceutical companies that provide free AVR treatment through compassionate access schemes.
The following three questions relate generally to the above scenario.

Question 1
Explain the role and governance of Medicare and the Pharmaceutical Benefit Scheme (300 words).

Question 2
Compare and contrast the role of the Australian Federal and State/Territory Governments in governance and funding of health care (300 words).

Question 3
Analyse how the current healthcare governance for temporary residence might affect the screening, diagnosis and treatment of HIV. Your answer should consider the possible health outcomes for temporary residents who are HIV-positive as well as the outcomes for healthcare providers? (500 words).

Question 4:
Nurse navigators are specialist registered nurses who assist people, with complex health needs or chronic conditions, to access the different levels of the health system. This question relates to nurse navigators and the Australian health system.
Write an academic essay that analyses the role of the nurse navigator. The essay should demonstrate your understanding of the different levels of the Australian healthcare system as well as compare and contrast the nurse navigator role with other nursing roles (1000 words).

Academic Integrity Statement

As a CQUniversity student you are expected to act honestly in all aspects of your academic work.

Any assessable work undertaken or submitted for review or assessment must be your own work. Assessable work is any type of work you do to meet the assessment requirements in the unit, including draft work submitted for review and feedback and final work to be assessed.

When you use the ideas, words or data of others in your assessment, you must thoroughly and clearly acknowledge the source of this information by using the correct referencing style for your unit. Using others' work without proper acknowledgement may be considered a form of intellectual dishonesty.

Participating honestly, respectfully, responsibly, and fairly in your university study ensures the CQUniversity qualification you earn will be valued as a true indication of your individual academic achievement and will continue to receive the respect and recognition it deserves.

As a student, you are responsible for reading and following CQUniversity's policies, including the **Student Academic Integrity Policy and Procedure**. This policy sets out CQUniversity's expectations of you to act with integrity, examples of academic integrity breaches to avoid, the processes used to address alleged breaches of academic integrity, and potential penalties.

What is a breach of academic integrity?
A breach of academic integrity includes but is not limited to plagiarism, self-plagiarism, collusion, cheating, contract cheating, and academic misconduct. The Student Academic Integrity Policy and Procedure defines what these terms mean and gives examples.

Why is academic integrity important?
A breach of academic integrity may result in one or more penalties, including suspension or even expulsion from the University. It can also have negative implications for student visas and future enrolment at CQUniversity or elsewhere. Students who engage in contract cheating also risk being blackmailed by contract cheating services.

Where can I get assistance?
For academic advice and guidance, the Academic Learning Centre (ALC) can support you in becoming confident in completing assessments with integrity and of high standard.

What can you do to act with integrity?

Be Honest
If your assessment task is done by someone else, it would be dishonest of you to claim it as your own

Seek Help
If you are not sure about how to cite or reference in essays, reports etc, then seek help from your lecturer, the library or the Academic Learning Centre (ALC)

Produce Original Work
Originality comes from your ability to read widely, think critically, and apply your gained knowledge to address a question or problem
