

# NURS20163 Australian Identity and Nursing Care

## Term 3 - 2019

Profile information current as at 17/05/2024 01:55 pm

All details in this unit profile for NURS20163 have been officially approved by CQUUniversity and represent a learning partnership between the University and you (our student). The information will not be changed unless absolutely necessary and any change will be clearly indicated by an approved correction included in the profile.

### General Information

#### Overview

In this unit, you will gain knowledge of Australia's geographic and cultural diversity and the impact of these on the nation's healthcare needs and health service delivery. You will review contemporary models of health services used to provide healthcare to populations in urban, rural and remote locations. The government's role in the provision of healthcare will be explored. You will analyse the social determinants of health by exploring colonisation, health inequity and culturally safe and equitable access to health care.

#### Details

Career Level: *Postgraduate*

Unit Level: *Level 8*

Credit Points: 6

Student Contribution Band: 7

Fraction of Full-Time Student Load: 0.125

#### Pre-requisites or Co-requisites

Must be enrolled in CL02 Graduate Certificate in Nursing (International Entry) Co-requisite: NURS20160

Important note: Students enrolled in a subsequent unit who failed their pre-requisite unit, should drop the subsequent unit before the census date or within 10 working days of Fail grade notification. Students who do not drop the unit in this timeframe cannot later drop the unit without academic and financial liability. See details in the [Assessment Policy and Procedure \(Higher Education Coursework\)](#).

#### Offerings For Term 3 - 2019

- Cairns
- Online
- Rockhampton

#### Attendance Requirements

All on-campus students are expected to attend scheduled classes – in some units, these classes are identified as a mandatory (pass/fail) component and attendance is compulsory. International students, on a student visa, must maintain a full time study load and meet both attendance and academic progress requirements in each study period (satisfactory attendance for International students is defined as maintaining at least an 80% attendance record).

#### Website

[This unit has a website, within the Moodle system, which is available two weeks before the start of term. It is important that you visit your Moodle site throughout the term. Please visit Moodle for more information.](#)

## Class and Assessment Overview

### Recommended Student Time Commitment

Each 6-credit Postgraduate unit at CQUniversity requires an overall time commitment of an average of 12.5 hours of study per week, making a total of 150 hours for the unit.

### Class Timetable

#### [Regional Campuses](#)

Bundaberg, Cairns, Emerald, Gladstone, Mackay, Rockhampton, Townsville

#### [Metropolitan Campuses](#)

### Assessment Overview

#### 1. **Portfolio**

Weighting: 50%

#### 2. **Portfolio**

Weighting: 50%

### Assessment Grading

This is a graded unit: your overall grade will be calculated from the marks or grades for each assessment task, based on the relative weightings shown in the table above. You must obtain an overall mark for the unit of at least 50%, or an overall grade of 'pass' in order to pass the unit. If any 'pass/fail' tasks are shown in the table above they must also be completed successfully ('pass' grade). You must also meet any minimum mark requirements specified for a particular assessment task, as detailed in the 'assessment task' section (note that in some instances, the minimum mark for a task may be greater than 50%). Consult the [University's Grades and Results Policy](#) for more details of interim results and final grades.

## CQUniversity Policies

## Previous Student Feedback

### Feedback, Recommendations and Responses

Every unit is reviewed for enhancement each year. At the most recent review, the following staff and student feedback items were identified and recommendations were made.

#### Feedback from Unit Evaluation Report

##### **Feedback**

"I like the way the lectures were laid out for the students in moodle but I think the time needed to complete each module with lots of readings on it before the assessment's deadline is not enough. I maybe reading slowly than what I should do and this is my first time studying course online."

##### **Recommendation**

Reconsider the number of readings required in the unit. Create a schedule that outlines the unit activities and time to complete the activity.

#### Feedback from Unit Evaluation Report Classroom discussions

##### **Feedback**

Students wanted more lecture time to go through activities and theory.

##### **Recommendation**

Increase the lecture time from 1hr to 2 hrs. Introduce study groups so that students can learn from one another.

#### Feedback from Unit Evaluation Report

##### **Feedback**

While the content was heavy, the teaching staff presented it in a way that was easy to learn.

##### **Recommendation**

Continue with constructive alignment approach. Continue with consolidation activities which are aligned to lectures and the assignment. Compliment the teaching approach with study groups.

## Unit Learning Outcomes

### **On successful completion of this unit, you will be able to:**

1. Explore how Australia's cultural and geographic diversity impacts on health and healthcare provision
2. Apply a process of cultural safety with particular consideration of Aboriginal and Torres Strait Islander people
3. Analyse the role of government in the provision of healthcare in Australia
4. Evaluate nursing roles in contemporary models of healthcare used in Australia

The unit learning outcomes are linked to the following Nursing and Midwifery Board of Australia's 'Registered Nurses Standards for Practice':

#### Standard 1: Thinks critically and analyses nursing practice

1.2 develops practice through reflection on experiences, knowledge, actions, feelings and beliefs to identify how these shape practice

1.3 respects all cultures and experiences, which includes responding to the role of family and community that underpin the

health of Aboriginal and Torres Strait Islander peoples and people of other cultures

#### Standard 2: Engages in therapeutic and professional relationships

2.2 communicates effectively and is respectful of a person's dignity, culture, values, beliefs and rights

2.3 recognises that people are the experts in the experience of their life

2.4 provides support and directs people to resources to optimise health-related decisions

2.5 advocates on behalf of people in a manner that respects the person's autonomy and legal capacity

#### Standard 6: Provides safe, appropriate and responsive quality nursing practice

6.5 practises in accordance with relevant policies, guidelines, standards, regulations and legislation

## Assessment Tasks

### 1 Assessment 1

#### Assessment Type

Portfolio

#### Task Description

Format: Word document

Word Count: 2500 words

The word count is considered from the first word of the introduction to the last word of the conclusion. It excludes the cover page, abstract, contents page, reference list and appendices. It includes in-text references and direct quotations.

**In week one, you undertook the Everyday Racism simulation activity. Use your avatar to complete ONE of the following assessments tasks.**

#### Assessment Task A

Step 1. 1000 words – annotated bibliography component

Create a diagram (such as a mind map) that:

- a) Demonstrates how everyday racism has affected your avatar's social determinants of health.
- b) Illustrates how your avatar is affected by intersectionality.
- c) Hypothesises how racism might affect the health and well-being of your avatar.

Support this diagram with an annotated bibliography of contemporary (up to 5 years old) and seminal literature (from any time period) if relevant. You can source literature from peer-reviewed articles, textbooks or grey-literature. A minimum of 5 articles is needed to demonstrate adequate consideration of this topic.

Step 2. 1000 words – diary entry, 500 words - annotated bibliography.

Your avatar is receiving care in the hospital over two days. On day one, they receive culturally unsafe nursing care; on day two, they receive culturally safe nursing care.

Write diary entries from your avatar's perspective that documents their experience and demonstrates the breadth of your knowledge on cultural safety.

Support this diagram with an annotated bibliography of contemporary (up to 5 years old) and seminal literature (if relevant). You can source literature from peer-reviewed articles, textbooks or grey-literature. A minimum of 5 articles is needed to demonstrate adequate consideration of this topic.

#### Assessment Task B

In week one, you undertook the Everyday Racism activity. Use your avatar to complete the following assessment.

Step 1. (1000 words)

Write an essay that:

- a) Describes how everyday racism has affected your avatar's social determinants of health
- b) Analyses how your avatar is affected by intersectionality
- c) Hypothesises how racism might affect the health and well-being of your avatar

Support your academic argument with contemporary (up to 5 years old) and seminal literature (if relevant). You can source literature from peer-reviewed articles, textbooks or grey-literature. A minimum of 5 articles is needed to demonstrate adequate consideration of topic.

Step 2. (1500 words)

Your avatar is receiving care in hospital over two days.

Write an essay that articulates how you would deliver culturally safe practice to your avatar. Provide examples of the specific nursing practices you would implement as well as broader healthcare practices.

Support your academic argument should with contemporary (up to 5 years old) and seminal literature (from any time period) if relevant. You can source literature from peer-reviewed articles, textbooks or grey-literature. A minimum of 5 articles is needed to demonstrate adequate consideration of the topic.

#### Assessment Due Date

Week 5 Monday (16 Dec 2019) 5:00 pm AEST

If you have never uploaded an online assignment, it is strongly recommended that you factor in time to learn how to do

this before the assessment deadline. There is information in "Moodle help" to assist you uploading assessments.

### Task Description

Format: Word document, double spaced

Length: 2100 words

The word count is considered from the first word of the introduction to the last word of the conclusion. It excludes the cover page, abstract, contents page, reference list and appendices. It includes in-text references and direct quotations.

### Short Answers

Answers to all questions must be referenced appropriately according to APA referencing guidelines. A minimum of 10 references is needed to demonstrate broad consideration of the topics. These references may be sourced from peer-reviewed journal articles and grey literature. One reference list should be provided at the end of the document.

Australian citizens and residents who live with HIV and hold a Medicare card are provided with fully subsidised anti-retroviral (AVR) therapy under the Pharmaceutical Benefit Scheme (PBS) Highly Specialised Drugs program. Overseas born HIV-positive temporary residents are not entitled to the same level of care as permanent residents.

The individual State and Territory health departments have established systems to assist overseas-born HIV-positive temporary residents access AVR. Some states have introduced legislation and policy directives allowing ineligible HIV-positive people to access AVR for free. Other states do not have formal legislation and rely on philanthropic relationships with pharmaceutical companies that provide free AVR treatment through compassionate access schemes.

The following three questions relate generally to the above scenario.

### Question 1

Explain the role and governance of Medicare and the Pharmaceutical Benefit Scheme (300 words).

### Question 2

Compare and contrast the role of the Australian Federal and State/Territory Governments in governance and funding of health care (300 words).

### Question 3

Analyse how the current healthcare governance for temporary residence might affect the screening, diagnosis and treatment of HIV. Your answer should consider the possible health outcomes for temporary residents who are HIV-positive as well as the outcomes for healthcare providers? (500 words).

### Question 4

Nurse navigators are specialist registered nurses who assist people, with complex health needs or chronic conditions, to access the different levels of the health system. This question relates to nurse navigators and the Australian health system.

Write an academic essay that analyses the role of the nurse navigator. The essay should demonstrate your understanding of the different levels of the Australian healthcare system as well as compare and contrast the nurse navigator role with other nursing roles (1000 words).

## Academic Integrity Statement

As a CQUniversity student you are expected to act honestly in all aspects of your academic work.

Any assessable work undertaken or submitted for review or assessment must be your own work. Assessable work is any type of work you do to meet the assessment requirements in the unit, including draft work submitted for review and feedback and final work to be assessed.

When you use the ideas, words or data of others in your assessment, you must thoroughly and clearly acknowledge the source of this information by using the correct referencing style for your unit. Using others' work without proper acknowledgement may be considered a form of intellectual dishonesty.

Participating honestly, respectfully, responsibly, and fairly in your university study ensures the CQUniversity qualification you earn will be valued as a true indication of your individual academic achievement and will continue to receive the respect and recognition it deserves.

As a student, you are responsible for reading and following CQUniversity's policies, including the [Student Academic Integrity Policy and Procedure](#). This policy sets out CQUniversity's expectations of you to act with integrity, examples of academic integrity breaches to avoid, the processes used to address alleged breaches of academic integrity, and potential penalties.

### What is a breach of academic integrity?

A breach of academic integrity includes but is not limited to plagiarism, self-plagiarism, collusion, cheating, contract cheating, and academic misconduct. The Student Academic Integrity Policy and Procedure defines what these terms mean and gives examples.

### Why is academic integrity important?

A breach of academic integrity may result in one or more penalties, including suspension or even expulsion from the University. It can also have negative implications for student visas and future enrolment at CQUniversity or elsewhere. Students who engage in contract cheating also risk being blackmailed by contract cheating services.

### Where can I get assistance?

For academic advice and guidance, the [Academic Learning Centre \(ALC\)](#) can support you in becoming confident in completing assessments with integrity and of high standard.

### What can you do to act with integrity?

#### Be Honest

If your assessment task is done by someone else, it would be dishonest of you to claim it as your own

#### Seek Help

If you are not sure about how to cite or reference in essays, reports etc, then seek help from your lecturer, the library or the Academic Learning Centre (ALC)

#### Produce Original Work

Originality comes from your ability to read widely, think critically, and apply your gained knowledge to address a question or problem
