

# NURS20166 *Learning and Teaching in the Clinical Setting*

## Term 1 - 2018

Profile information current as at 29/04/2024 02:52 pm

All details in this unit profile for NURS20166 have been officially approved by CQUUniversity and represent a learning partnership between the University and you (our student). The information will not be changed unless absolutely necessary and any change will be clearly indicated by an approved correction included in the profile.

## General Information

### Overview

This course provides you with a comprehensive framework for planning, guiding and evaluating learning activities in the clinical setting. You will explore theories and concepts that underpin adult learning to support your teaching in the clinical environment. You will develop the skills and knowledge to foster a culture of learning that includes engagement with health professionals and others in the clinical setting, to share knowledge and practices that support person-centered care.

### Details

Career Level: *Postgraduate*

Unit Level: *Level 9*

Credit Points: 6

Student Contribution Band: 7

Fraction of Full-Time Student Load: 0.125

### Pre-requisites or Co-requisites

There are no requisites for this unit.

Important note: Students enrolled in a subsequent unit who failed their pre-requisite unit, should drop the subsequent unit before the census date or within 10 working days of Fail grade notification. Students who do not drop the unit in this timeframe cannot later drop the unit without academic and financial liability. See details in the [Assessment Policy and Procedure \(Higher Education Coursework\)](#).

### Offerings For Term 1 - 2018

- Distance

### Attendance Requirements

All on-campus students are expected to attend scheduled classes – in some units, these classes are identified as a mandatory (pass/fail) component and attendance is compulsory. International students, on a student visa, must maintain a full time study load and meet both attendance and academic progress requirements in each study period (satisfactory attendance for International students is defined as maintaining at least an 80% attendance record).

### Website

[This unit has a website, within the Moodle system, which is available two weeks before the start of term. It is important that you visit your Moodle site throughout the term. Please visit Moodle for more information.](#)

## Class and Assessment Overview

### Recommended Student Time Commitment

Each 6-credit Postgraduate unit at CQUniversity requires an overall time commitment of an average of 12.5 hours of study per week, making a total of 150 hours for the unit.

### Class Timetable

#### [Regional Campuses](#)

Bundaberg, Cairns, Emerald, Gladstone, Mackay, Rockhampton, Townsville

#### [Metropolitan Campuses](#)

### Assessment Overview

#### 1. **Workplace Project**

Weighting: 50%

#### 2. **Reflective Practice Assignment**

Weighting: 50%

### Assessment Grading

This is a graded unit: your overall grade will be calculated from the marks or grades for each assessment task, based on the relative weightings shown in the table above. You must obtain an overall mark for the unit of at least 50%, or an overall grade of 'pass' in order to pass the unit. If any 'pass/fail' tasks are shown in the table above they must also be completed successfully ('pass' grade). You must also meet any minimum mark requirements specified for a particular assessment task, as detailed in the 'assessment task' section (note that in some instances, the minimum mark for a task may be greater than 50%). Consult the [University's Grades and Results Policy](#) for more details of interim results and final grades.

## Term Specific Information

Welcome to the unit.

In this unit of study, we will guide you through the information and skills development that will assist you in preparing and managing learning and teaching in the clinical setting.

Please make sure that you familiarise yourself with the assignments that are part of this unit. It is advisable that you start considering this work early in the term.

It is also important that you participate in the online discussions and also the ZOOM tutorials because these contribute 10% of the marks for assessment 2. These will be recorded so that you can return to listen to them in your own time. You will notice that there is a FAQ general discussion forum at the beginning of the module. If you have any questions that relate to the unit of study, please use this forum so that all the students can see be involved in the discussions. For any personal discussion, of course, you can email me directly. I will always answer emails within 48 hours, unless I am away, however, I will also always let you know when this may occur.

So, on that note, let the term begin!

Regards Clare

## Assessment Tasks

### 1 Workplace Teaching project (50%)

#### Assessment Type

Workplace Project

#### Task Description

This assignment allows you to develop skills in planning, implementation and evaluating a teaching plan/learning package in your workplace. In this assignment, you will need to consider your preparation, based upon an identified need. Examples of a need could be;

- an issue that has occurred at work, for example, a poor clinical audit result that will need further education and support to improve clinical practice skills,
- A mandatory training skill
- A continuing practice development learning package

You will then need to develop your project using the following steps;

- Title of the project
- Introduction and overview of the project
- Needs analysis
- Objectives

- Learning outcomes
- Evidence based literature underpinning the project
- Identify the learners who will be accessing this teaching
- Describe your consultation process for the development of the project
- Identify communication strategies for dissemination of teaching package/planning delivery
- Identify any barriers to achieving outcomes
- Provide a teaching plan
- Identify materials required, physical environment and teaching support you will need
- Outline the methods of teaching and dissemination of information – you can use any method or medium for the delivery provided it is appropriate for your student cohort
- Outline your assessments and how these will be measured
- Describe how you will provide feedback
- Describe ongoing monitoring and evaluation
- Recording and reporting
- Timelines for delivery, assessment and feedback
- Reflection on the activity

### Assessment Due Date

## Academic Integrity Statement

As a CQUniversity student you are expected to act honestly in all aspects of your academic work.

Any assessable work undertaken or submitted for review or assessment must be your own work. Assessable work is any type of work you do to meet the assessment requirements in the unit, including draft work submitted for review and feedback and final work to be assessed.

When you use the ideas, words or data of others in your assessment, you must thoroughly and clearly acknowledge the source of this information by using the correct referencing style for your unit. Using others' work without proper acknowledgement may be considered a form of intellectual dishonesty.

Participating honestly, respectfully, responsibly, and fairly in your university study ensures the CQUniversity qualification you earn will be valued as a true indication of your individual academic achievement and will continue to receive the respect and recognition it deserves.

As a student, you are responsible for reading and following CQUniversity's policies, including the [Student Academic Integrity Policy and Procedure](#). This policy sets out CQUniversity's expectations of you to act with integrity, examples of academic integrity breaches to avoid, the processes used to address alleged breaches of academic integrity, and potential penalties.

### What is a breach of academic integrity?

A breach of academic integrity includes but is not limited to plagiarism, self-plagiarism, collusion, cheating, contract cheating, and academic misconduct. The Student Academic Integrity Policy and Procedure defines what these terms mean and gives examples.

### Why is academic integrity important?

A breach of academic integrity may result in one or more penalties, including suspension or even expulsion from the University. It can also have negative implications for student visas and future enrolment at CQUniversity or elsewhere. Students who engage in contract cheating also risk being blackmailed by contract cheating services.

### Where can I get assistance?

For academic advice and guidance, the [Academic Learning Centre \(ALC\)](#) can support you in becoming confident in completing assessments with integrity and of high standard.

### What can you do to act with integrity?

#### Be Honest

If your assessment task is done by someone else, it would be dishonest of you to claim it as your own

#### Seek Help

If you are not sure about how to cite or reference in essays, reports etc, then seek help from your lecturer, the library or the Academic Learning Centre (ALC)

#### Produce Original Work

Originality comes from your ability to read widely, think critically, and apply your gained knowledge to address a question or problem
