

NURS20169 Nursing and Clinical Governance

Term 2 - 2020

Profile information current as at 23/04/2024 11:11 pm

All details in this unit profile for NURS20169 have been officially approved by CQU University and represent a learning partnership between the University and you (our student). The information will not be changed unless absolutely necessary and any change will be clearly indicated by an approved correction included in the profile.

General Information

Overview

In this unit you will have the opportunity to explore clinical governance, its application to nursing and the health care setting. You will apply a specific governance framework to your clinical setting and evaluate its effectiveness. You will also examine the use of clinical audits as part of a quality improvement cycle as a means for measuring clinical effectiveness and improving patient care.

Details

Career Level: *Postgraduate*

Unit Level: *Level 8*

Credit Points: 6

Student Contribution Band: 7

Fraction of Full-Time Student Load: 0.125

Pre-requisites or Co-requisites

Students must be enrolled in CL22 Master of Clinical Nursing to undertake this unit.

Important note: Students enrolled in a subsequent unit who failed their pre-requisite unit, should drop the subsequent unit before the census date or within 10 working days of Fail grade notification. Students who do not drop the unit in this timeframe cannot later drop the unit without academic and financial liability. See details in the [Assessment Policy and Procedure \(Higher Education Coursework\)](#).

Offerings For Term 2 - 2020

- Online

Attendance Requirements

All on-campus students are expected to attend scheduled classes - in some units, these classes are identified as a mandatory (pass/fail) component and attendance is compulsory. International students, on a student visa, must maintain a full time study load and meet both attendance and academic progress requirements in each study period (satisfactory attendance for International students is defined as maintaining at least an 80% attendance record).

Website

[This unit has a website, within the Moodle system, which is available two weeks before the start of term. It is important that you visit your Moodle site throughout the term. Please visit Moodle for more information.](#)

Class and Assessment Overview

Recommended Student Time Commitment

Each 6-credit Postgraduate unit at CQUniversity requires an overall time commitment of an average of 12.5 hours of study per week, making a total of 150 hours for the unit.

Class Timetable

[Regional Campuses](#)

Bundaberg, Cairns, Emerald, Gladstone, Mackay, Rockhampton, Townsville

[Metropolitan Campuses](#)

Adelaide, Brisbane, Melbourne, Perth, Sydney

Assessment Overview

1. **Presentation**

Weighting: Pass/Fail

2. **Report**

Weighting: Pass/Fail

Assessment Grading

This is a pass/fail (non-graded) unit. To pass the unit, you must pass all of the individual assessment tasks shown in the table above.

CQUniversity Policies

All University policies are available on the [CQUniversity Policy site](#).

You may wish to view these policies:

- Grades and Results Policy
- Assessment Policy and Procedure (Higher Education Coursework)
- Review of Grade Procedure
- Student Academic Integrity Policy and Procedure
- Monitoring Academic Progress (MAP) Policy and Procedure – Domestic Students
- Monitoring Academic Progress (MAP) Policy and Procedure – International Students
- Student Refund and Credit Balance Policy and Procedure
- Student Feedback – Compliments and Complaints Policy and Procedure
- Information and Communications Technology Acceptable Use Policy and Procedure

This list is not an exhaustive list of all University policies. The full list of University policies are available on the [CQUniversity Policy site](#).

Unit Learning Outcomes

On successful completion of this unit, you will be able to:

1. Explain the concept of clinical governance and justify its relevance to the clinical setting and nursing practice
2. Apply a framework derived from the National Commission on Safety and Quality in Health Care to evaluate clinical governance in a clinical setting
3. Evaluate a clinical governance infrastructure within a health service
4. Explain the use of clinical audits as part of a quality improvement cycle to improve nursing practice and patient care
5. Identify deviations from best practice and discuss areas for improvement.

Schedule

Week 1 - module 1 - defining clinical governance - 13 Jul 2020

Module/Topic	Chapter	Events and Submissions/Topic
Concepts relating to clinical governance Exploration of relevant aspects of clinical governance in clinical nursing practice	The history of clinical governance The four pillars of clinical governance	Work through learning materials and readings. Work with local health service Zoom - Welcome to the Unit

Week 2 - module 1 - defining clinical governance - 20 Jul 2020

Module/Topic	Chapter	Events and Submissions/Topic
Components of clinical governance Application of relevant principles	Good clinical governance Shared governance as a principle	Work through learning materials and readings. Work with local health service

Week 3 - module 2 - Evaluation and Clinical Governance Frameworks - 27 Jul 2020

Module/Topic	Chapter	Events and Submissions/Topic
Australian Commission on Safety and Quality in Health Care (ACSQHC) Relevance to clinical practice	Broad and specific areas within the ACSQHC Working with specific Observation and Response Charts (ORCs)	Work through learning materials and readings. Work with local health service. Zoom: Module 1

Week 4 - module 2 - Evaluation and Clinical Governance Frameworks - 03 Aug 2020

Module/Topic	Chapter	Events and Submissions/Topic
Framework definitions and uses Evaluation using a governance framework	Conceptual framework, conceptual models and models of care Critical thinking skill development	Work through learning materials and readings. Work with local health service.

Week 5 - module 3 - Clinical Governance Infrastructure across Clinical Settings - 10 Aug 2020

Module/Topic	Chapter	Events and Submissions/Topic
Clinical governance infrastructure Current issues within health services	Brief analysis of the governance of the Australian Health Care System National Priorities for safety and quality	Work through learning materials and readings. Work with local health service Zoom: Modules 2 & 3

Vacation Week - 17 Aug 2020

Module/Topic	Chapter	Events and Submissions/Topic
--------------	---------	------------------------------

Week 6 - module 3 - Clinical Governance Infrastructure across Clinical Settings - 24 Aug 2020

Module/Topic	Chapter	Events and Submissions/Topic
Detailed components of clinical governance infrastructure Application of clinical governance principles to current issues	Funding of the Australian Health Care System Data analysis, evaluation and open data sources	Work through learning materials and readings. Work with local health service

Week 7 - module 4 - The quality improvement cycle - 31 Aug 2020

Module/Topic	Chapter	Events and Submissions/Topic
The quality improvement movement Aims and goals of quality improvement	Background to the development of the quality improvement cycle Principles of the quality improvement cycle	Work through learning materials and readings. Work with local health service Zoom: Module 4

Week 8 - module 4 - The quality improvement cycle - 07 Sep 2020

Module/Topic	Chapter	Events and Submissions/Topic
Specific areas related to quality improvement Clinical applications	Examples from a range of clinical practice areas Clinician developed quality projects	Work through learning materials and readings. Work with local health service

Week 9 - module 5 - Clinical Audits in practice - 14 Sep 2020

Module/Topic	Chapter	Events and Submissions/Topic
Clinical auditing principles Background to clinical audits	Preparation and collection of data, analysis, bench-marking and feedback Eleven step process to guide clinical auditing	Work through learning materials and readings. Work with local health service Zoom: Module 5

Week 10 - module 5 - clinical audits in practice - 21 Sep 2020

Module/Topic	Chapter	Events and Submissions/Topic
Specific auditing based on national framework Audit practices	The National Inpatient Medication Chart Doing a clinical audit	Work through learning materials and readings. Work with local health service Assessment 1 - submit as PDF file Due Date: Wednesday 23rd September, 2020, 5 pm Assessment Task 1 - nursing and clinical governance - presentation Due: Week 10 Wednesday (23 Sept 2020) 5:00 pm AEST

Week 11 - module 6 - Identification of deviation from best practice and the improvement of patient care - 28 Sep 2020

Module/Topic	Chapter	Events and Submissions/Topic
Concepts relating to deviations from best practice and improvement in care Tools for learning from deviation	Terminology and associated knowledge Samples from clinical practice	Work through learning materials and readings. Work with local health service Zoom Modules 5 & 6

Week 12 - module 6 - Identification of deviation from best practice and the improvement of patient care -

05 Oct 2020

Module/Topic	Chapter	Events and Submissions/Topic
Concepts relating to deviations from best practice and improvements in care Tools for analysis of deviations to improve care	Open disclosure principles The clinician as second victim	Work through learning materials and readings. Work with local health service on Assessment 2 - audit.

Review/Exam Week - 12 Oct 2020

Module/Topic	Chapter	Events and Submissions/Topic
No exam	No exam	No exam

Exam Week - 19 Oct 2020

Module/Topic	Chapter	Events and Submissions/Topic
no exam	no exam	no exam Assessment 2 Due Date: This date will be negotiated at your local health service. Assessment Task 2 - nursing and clinical governance - Clinical Audit Report Due: Exam Week Friday (23 Oct 2020) 5:00 pm AEST

Term Specific Information

Please note: Assessment 1 is submitted via the Moodle site and Assessment 2 is organised by your Graduate Program Coordinator at your employing institution and not submitted online.

Assessment Tasks

1 Assessment Task 1 - nursing and clinical governance - presentation

Assessment Type

Presentation

Task Description

Assessment One: Presentation

Weighting: 40% **Scored:** Pass/ Fail **Word Count:** 4 PowerPoint slides (max)

Due Date: Wednesday 23rd September, 2020 (Week 10), 5 pm.

This assessment addresses the following learning outcomes:

1. Explain the concept of clinical governance and justify its relevance to the clinical setting and nursing practice
2. Apply a framework derived from the National Commission on Safety and Quality in Health Care to evaluate clinical governance in a clinical setting
3. Evaluate a clinical governance infrastructure within a health service

ASSESSMENT

The aim of this assessment is to demonstrate your understanding of clinical governance in the work place by providing a succinct four slide, PowerPoint presentation on clinical governance. The presentation will include an overview of clinical governance, the role of nurse audit in clinical governance, the background to the nurse practice area that you have chosen to audit, the relevant National Safety and Quality Health Service Standard (NSQHSS), and the steps you have taken to initiate the audit. Assessment One will provide the basis for Assessment Two. The audit is to be undertaken in the clinical setting at your local health service.

Step 1: Provide an overview on clinical governance in health care organisations. Your overview will provide a description and explanation of clinical governance including how clinical governance impacts clinical risk and influences safety and quality in nursing practice. Your overview needs to be informed by current literature.

Step 2: Choose a nursing practice for audit and select the relevant National Safety and Quality Health Service Standard (NSQHSS) needed to undertake the audit. You will need to discuss your choice with your local nursing team. They may

be able to suggest nursing practices in your clinical area that require review by audit. After deciding what nursing practice you will audit, select the relevant National Safety and Quality Health Service Standards (2017) in which this nursing practice sits. The standards are listed below.

- Clinical Governance Standard
- Partnering with Consumers Standard
- Preventing and Controlling Healthcare-Associated Infection Standard
- Medication Safety Standard
- Comprehensive Care Standard
- Communicating for Safety Standard
- Blood Management Standard
- Recognising and Responding to Acute Deterioration Standard.

Step 3: Select the relevant audit: Work with your local health team to decide on the most relevant audit that measures compliance of the identified nursing practice with the selected Standard.

Step 4: Describe the background of the identified nursing practice that is to be audited. To do this you will need to research current literature and your local health service policies and procedures, to This background should also include the clinical risks associated with the identified nursing practice.

Step 5: Develop a PowerPoint presentation consisting of four slides addressing the points below. Your presentation should be substantiated by the literature and include a reference list. You may wish to access the Academic Learning Centre (ALC) Computing Moodle site to review 'POWERPOINT AND Presentation Techniques'.

1. An overview of clinical governance.
2. The processes and systems in place to identify clinical risk in your health service.
3. A justification of the use of audit to address risk in your health service
4. The nursing practice to be audited and its associated clinical risks
5. A justification of the relevant NSQHSS
6. A rationale for auditing the selected nursing practice and the steps taken to initiate the audit.

Step 6: Save the PowerPoint presentation in a PDF format for uploading onto the unit Moodle site. Before beginning this assignment please refer to the marking rubric.

Assessment Due Date

Week 10 Wednesday (23 Sept 2020) 5:00 pm AEST

Submit in PDF Format via Moodle site

- Ethical and Professional Responsibility

2 Assessment Task 2 - nursing and clinical governance - Clinical Audit Report

Assessment Type

Report

Task Description

Assessment 2: Clinical Audit Report

Weighting: 60%

Scored: Pass/ Fail

Assessment Types: Presentation

Word Count: 1 PowerPoint slide (max)

Due Date: This date will be negotiated at your local health service.

This assessment addresses the following learning outcomes:

4. Explain the use of clinical audits as part of a quality improvement cycle to improve nursing practice and patient care
5. Identify deviations from best practice and discuss areas for improvement.

ASSESSMENT

The aim of this presentation is to demonstrate your understanding of clinical audit, and the associated quality standards, as part of the quality improvement cycle by identifying deviations from best nursing practice in your clinical area, justifying an audit of a selected nursing practice and explaining what you did with the audit findings.

This assessment is to be undertaken in the clinical setting at your local health service.

This presentation builds on Assessment One. Based on the National Safety and Quality Health Service Standard (NSQHSS) selected in Assessment One, and in collaboration with your local nursing team, undertake a clinical audit and present your

findings at your local Hospital and Health Service. You are not required to repeat information from Assessment One, unless brief detail is required to give context to your presentation. You are to present the audit cycle: the steps that were undertaken to do the actual audit; the findings; and what was done about the findings.

Step 1. Collaborate with your local area team to:

- choose a small area to audit from the selected NSQHSS in Assessment One**
- determine the sample size**

Step 2. Work with your local area team to determine:

- the tools to be used for data collection**
- the time-frame to complete data collection and report findings**

Step 3: Ensure you have the NSQHSS selected in Assessment One for comparison or bench marking to achieve compliance

Step 4. Report on the audit through a five-minute oral presentation at your local health service.

- provide one PowerPoint with a summary of the audit - data collection, findings and recommendations**
- ONLY ONE SLIDE IS TO BE USED.**

Before beginning this assignment please refer to the marking rubric.

Assessment Due Date

Exam Week Friday (23 Oct 2020) 5:00 pm AEST

Assessment Criteria

NURS20169 - Nursing and Clinical Governance: Assessment 2: Oral Presentation Rubric: Student name: _____

To achieve a pass in this assessment students must be successful in at least 2 of the 4 major criteria.

To be successful in each of the major criteria students must be successful in one half of the given minor criteria i.e. 2/4; 3/6;

PASS

SLIDE PRESENTATION

- the slide is aesthetically pleasing and hold the viewer's attention
- slide is well balanced
- figures, photos and writing are well balanced in the slide
- font size and type enhance the readability of the slide

CONTENT (PowerPoint and oral presentation)

- provides clear purpose and subject of presentation
- identifies type of audit and audit tools
- outlines audit process including working with local team & timeframe
- provides pertinent examples, facts, and/or statistics
- explains the selected National Safety and Quality Health Service Standard for comparison
- reports findings
- reports recommendations
- demonstrates knowledge by answering all questions with explanations and elaboration

REFERENCING

- Presentation is substantiated with peer reviewed literature using the American Psychological Association (APA) abridged guide Term 1 2019
- The literature cited is current i.e. published in the last 10 years

ORAL PRESENTATION

FAIL

SLIDE PRESENTATION

- the slide is not aesthetically pleasing and does not hold the viewer's attention
- slide is not well balanced
- figures, photos and writing are not well balanced in the slide
- font size and font does not enhance the readability of the slide

CONTENT (PowerPoint and oral presentation)

- does not provide clear purpose or subject of presentation
- does not identify type of audit and audit tools
- does not outline audit process including working with local team & timeframe
- does not provide pertinent examples, facts, and/or statistics
- does not explain the selected National Safety and Quality Health Service Standard for comparison
- does not report findings
- does not report recommendations
- demonstrates lack of knowledge by not answering all questions with explanations and elaboration

REFERENCING

- Presentation is substantiated with peer reviewed literature using the American Psychological Association (APA) abridged guide Term 1 2019
- The literature cited is current i.e. published in the last 10 years

ORAL PRESENTATION

PASS

- one slide used
- adheres to time limit
- holds attention of audience with the use of direct eye contact
- speaks with fluctuation in volume and inflection to maintain audience interest
- seldom looks at notes
- emphasises key points
- demonstrates enthusiasm about topic during presentation
- engages audience in presentation e.g. asks questions, seeks feedback
- answers questions adequately

ALLOCATED GRADE - PASS / FAIL

FAIL

- more than one slide used
- does not adhere to time limit
- does not hold attention of audience with the use of direct eye contact
- does not speak with fluctuations in volume and inflections
- consistently looks at notes
- does not emphasise key points
- does not demonstrate enthusiasm about topic during presentation
- does not engage audience in presentation
- answers questions inadequately

Academic Integrity Statement

As a CQUniversity student you are expected to act honestly in all aspects of your academic work.

Any assessable work undertaken or submitted for review or assessment must be your own work. Assessable work is any type of work you do to meet the assessment requirements in the unit, including draft work submitted for review and feedback and final work to be assessed.

When you use the ideas, words or data of others in your assessment, you must thoroughly and clearly acknowledge the source of this information by using the correct referencing style for your unit. Using others' work without proper acknowledgement may be considered a form of intellectual dishonesty.

Participating honestly, respectfully, responsibly, and fairly in your university study ensures the CQUniversity qualification you earn will be valued as a true indication of your individual academic achievement and will continue to receive the respect and recognition it deserves.

As a student, you are responsible for reading and following CQUniversity's policies, including the [Student Academic Integrity Policy and Procedure](#). This policy sets out CQUniversity's expectations of you to act with integrity, examples of academic integrity breaches to avoid, the processes used to address alleged breaches of academic integrity, and potential penalties.

What is a breach of academic integrity?

A breach of academic integrity includes but is not limited to plagiarism, self-plagiarism, collusion, cheating, contract cheating, and academic misconduct. The Student Academic Integrity Policy and Procedure defines what these terms mean and gives examples.

Why is academic integrity important?

A breach of academic integrity may result in one or more penalties, including suspension or even expulsion from the University. It can also have negative implications for student visas and future enrolment at CQUniversity or elsewhere. Students who engage in contract cheating also risk being blackmailed by contract cheating services.

Where can I get assistance?

For academic advice and guidance, the [Academic Learning Centre \(ALC\)](#) can support you in becoming confident in completing assessments with integrity and of high standard.

What can you do to act with integrity?

Be Honest

If your assessment task is done by someone else, it would be dishonest of you to claim it as your own

Seek Help

If you are not sure about how to cite or reference in essays, reports etc, then seek help from your lecturer, the library or the Academic Learning Centre (ALC)

Produce Original Work

Originality comes from your ability to read widely, think critically, and apply your gained knowledge to address a question or problem
