NURS20172 *Introduction to Developing Specialty Practice*
Term 2 - 2025

Profile information current as at 23/11/2024 08:00 pm

General Information

Overview
This unit builds on the unit NURS20171 Nursing and Professional Practice 1 by extending your nursing knowledge and skills to further develop your professional confidence and competence in managing complex patient care. You will be able to validate your nursing judgements and clinical decisions through critical thinking and professional reflection. You will role model and implement professional attributes in the application of advanced clinical skills including assessment, planning, intervention, and evaluation of nursing and collaborative interventions; and effectively communicate with patients and the multidisciplinary healthcare team, patients and families to improve person-centred care and health outcomes. This unit will be directly applicable to the clinical setting where you are employed.
