## General Information

### Overview

This unit builds on your prior learning in the areas of nutrition, biochemistry and physiology and applies this in the context of nutritional assessment. In this unit, you will develop an understanding of nutritional assessment, lifespan nutrition and the relationship between nutrition and disease across specific stages of the lifespan. You will also perform nutritional assessment to evaluate nutritional status of individuals.

### Details

### Assessment Overview

#### Assessment Grading

This is a graded unit: your overall grade will be calculated from the marks or grades for each assessment task, based on the relative weightings shown in the table above. You must obtain an overall mark for the unit of at least 50%, or an overall grade of 'pass' in order to pass the unit. If any 'pass/fail' tasks are shown in the table above they must also be completed successfully ('pass' grade). You must also meet any minimum mark requirements specified for a particular assessment task, as detailed in the 'assessment task' section (note that in some instances, the minimum mark for a task may be greater than 50%). Consult the [University's Grades and Results Policy](#) for more details of interim results and final grades.
