General Information

Overview

This 18 credit point unit is a clinical unit where you will complete your first long block of work integrated learning. Successful completion of the professional practice hours will contribute towards your accreditation requirements of completing a minimum of 1000 work integrated learning hours. This unit aims to foster your ability to consistently utilise the occupational therapy process when working with clients. Through integrating and applying the academic concepts, professional reasoning and professional behaviours you have developed throughout your course you will ensure the ethical and legal responsibilities of your professional practice are met. You will be allocated to one work integrated learning opportunity, which will be selected by the practice education manager from a variety of settings and client groups. You may also be required to undertake your work integrated learning away from your home town at your own expense. Work integrated learning opportunities will vary in start and finish dates and it is important to plan on being available for commencement from the end of Term 1 until 31 December of the same year. Additionally you will participate in a compulsory residential focusing on preparing you for the work integrated learning experience through a variety of seminars and workshops.

Your attendance at these tutorials should be logged separately and can be signed off by the unit co-ordinator. On the weeks you attend these tutorials you will complete 38 hours of professional practice. When attending these tutorials, you do not need to make up the 2 hours in your placement week i.e., on these weeks you will be required to complete 38 hours of professional practice.

Assessment Tasks

1 Professional Practice Placement

Assessment Type

Professional Practice Placement

Task Description

This unit requires you to complete a minimum of 400 hours of supervised professional practice over a ten week block placement. This intermediate level placement will provide key opportunities for you to integrate previously acquired knowledge (theories and principles of occupational therapy) within your professional practice experience.

The practice educator who supervises the professional placement will assess you using the Student Practice Evaluation Form Revised Second Edition (SPEF-R2). This will then be returned to the CQU Professional Education Manager, Occupational Therapy for the results to be recorded in Moodle.

Assessment Due Date

Your practice educator will forward the completed SPEF-R2 to the unit co-ordinator within one week of WIL completion.

Return Date to Students

You will receive your SPEF-R2 result during the final evaluation with the practice educator during WIL.

Weighting

Pass/Fail

Assessment Criteria

You will be assessed as pass or fail using the Student Practice Evaluation Form Revised Second Edition (SPEF-R2) by the supervising practice educator/s. In addition to rating items, practice educators provide written feedback on the form. The evaluation is completed at halfway and again at completion of the professional placement. To achieve an overall pass on the final evaluation you will need to:

- pass all core items (a rating of 3 or more). If you fail a core item, you will consequently fail the evaluation overall.
- pass the additional minimum requirements indicated for each learning objective
- pass the relevant learning objectives for all domains

More detailed information on the SPEF-R2 can be found in the user manual supplied to you during the intensive and also located on the unit Moodle site. Minimum requirements for passing each learning objective are specifically located on page 15 of the SPEF-R2 user manual.

A final summary statement regarding your overall performance is recorded together with your final grade of pass or fail

2 Portfolio

Assessment Type

Portfolio

Task Description

You will need to include the following in your portfolio:

- An introductory statement which includes a description of the placement and a clear rationale for your choice of individual learning goals from your learning plan for this placement.
- Completed and signed learning plan with at least four learning goals addressing different domains in the SPEF-R2.
- Completed Student Review of Professional Practice Placement form from the SPEF-R2.
- Completed log of fieldwork hours (this is not marked however these hours need to be recorded for evidence that the WFOT fieldwork requirements have been met at graduation).
- Evidence of a wide range of skills, knowledge and a good use of placement opportunities that displays obvious improvements in competencies over the 10 week duration of the professional placement. This evidence will be clearly linked with competencies relating to your learning plan.
- Evidence of Moodle forum posts.
- A summary statement at the end of the page which summarises your strengths and future learning and career goals as an occupational therapist.

You can find full details of the Portfolio assessment on the unit Moodle site.

Assessment Due Date

The portfolio is due one week following completion of placement.

Return Date to Students

You will be informed of your final results for the Portfolio upon certification of grades.

Weighting

Pass/Fail

Assessment Criteria

To achieve a pass, the minimum content of the Portfolio must include:

1. An introductory statement which provides a description of the placement;
2. A completed Learning Plan that:
 - a) Has at least four (4) goals representing a range of domains in the SPEF-R2;
 - b) Clearly identifies which domain of the SPEF-R2 each goal represents;
 - c) Is signed by the practice educator;
3. Evidence of the different types of learning activities completed during placement including:
 - a) Four (4) examples of different types of activities that you have completed during placement to support your learning. Whilst not limited to, the learning activities may include one of any of these examples; in-service education programs, workshops, journal club, development of evidence-based practice resources, reading a journal article, de-identified case study, reflective journaling and on line learning opportunities;
 - b) Reflection on each activity presented regarding how it is linked to your Learning Plan goals and its impact on your practice as an occupational therapy student;
4. Evidence of at least four (4) Moodle discussion forum posts, including:
 - a) One (1) post on your use of the hierarchy of thinking to reflect on your professional and clinical reasoning as it was used to support one aspect of your occupational therapy practice as a student during placement;
 - b) Feedback on at least two (2) other students' reflections as above;
 - c) Sharing of one resource you found beneficial during your placement;
 - d) Each piece of evidence of learning, cited in the Portfolio, is clearly linked to the Learning Plan goals.
5. Completed log of placement hours signed by your practice educator;
6. Completed Student Review of Professional Practice Placement form included in the SPEF-R2;
7. Completed Student Practice Education Form - Revised Second Edition (SPEF-R2) is to be included in your Portfolio if your practice educator uses the hard copy of the form. If your practice educator uses the online form, they will submit your completed SPEF-R through that on line platform;
8. Summary statement at the end of the page which summarises your strengths and future learning and career goals as an occupational therapy student.

The Portfolio is presented logically and is easy to follow with a fluent and mature writing style that includes accurate grammar, spelling, and APA referencing.

Client and/ or organisation confidentiality is rigorously maintained throughout the Portfolio.

Academic Integrity Statement

As a CQUniversity student you are expected to act honestly in all aspects of your academic work.

Any assessable work undertaken or submitted for review or assessment must be your own work. Assessable work is any type of work you do to meet the assessment requirements in the unit, including draft work submitted for review and feedback and final work to be assessed.

When you use the ideas, words or data of others in your assessment, you must thoroughly and clearly acknowledge the source of this information by using the correct referencing style for your unit. Using others' work without proper acknowledgement may be considered a form of intellectual dishonesty.

Participating honestly, respectfully, responsibly, and fairly in your university study ensures the CQUniversity qualification you earn will be valued as a true indication of your individual academic achievement and will continue to receive the respect and recognition it deserves.

As a student, you are responsible for reading and following CQUniversity's policies, including the [Student Academic Integrity Policy and Procedure](#). This policy sets out CQUniversity's expectations of you to act with integrity, examples of academic integrity breaches to avoid, the processes used to address alleged breaches of academic integrity, and potential penalties.

What is a breach of academic integrity?

A breach of academic integrity includes but is not limited to plagiarism, self-plagiarism, collusion, cheating, contract cheating, and academic misconduct. The Student Academic Integrity Policy and Procedure defines what these terms mean and gives examples.

Why is academic integrity important?

A breach of academic integrity may result in one or more penalties, including suspension or even expulsion from the University. It can also have negative implications for student visas and future enrolment at CQUniversity or elsewhere. Students who engage in contract cheating also risk being blackmailed by contract cheating services.

Where can I get assistance?

For academic advice and guidance, the [Academic Learning Centre \(ALC\)](#) can support you in becoming confident in completing assessments with integrity and of high standard.

What can you do to act with integrity?

Be Honest

If your assessment task is done by someone else, it would be dishonest of you to claim it as your own

Seek Help

If you are not sure about how to cite or reference in essays, reports etc, then seek help from your lecturer, the library or the Academic Learning Centre (ALC)

Produce Original Work

Originality comes from your ability to read widely, think critically, and apply your gained knowledge to address a question or problem
