Every unit is reviewed for enhancement each year. At the most recent review, the following staff and student feedback items were identified and recommendations were made.

Feedback from Student feedback from unit evaluations

Feedback

The provided example assessments are of a high quality and some students have asked for more information as to why these examples are deemed to be high quality.

Recommendation

The provided examples be annotated to explain why they are deemed to be very high quality.

Feedback from Some students asked for clarification around some of the specifics associate with the assessment tasks.

Feedback

Explanation of the assessment tasks

Recommendation

The task explanation in the unit profile should be reviewed for clarity and readability.

Unit Learning Outcomes

On successful completion of this unit, you will be able to:

1. Evaluate assessment design based on relevant theories, policies and practices
2. Develop authentic assessment tasks appropriate to the learning environment
3. Design assessment tasks that are informed by scholarship and policy
4. Reflect on the influence that assessment and feedback have on student learning.

Assessment Tasks

1 Assessment 1: Assessment Strategy Evaluation

Assessment Type

Written Assessment

Task Description**Title:** Assessment Strategy Evaluation**Rationale/Purpose:** Evaluate the assessment strategy for a unit based on current practices in higher education.**Content assessed:** Demonstrate your understanding of the topics in the themes of Broader Overview, Smarter, Assessment Types.**Scenario:** The Head of Program/Discipline Leader has asked you to review the assessment strategy of a particular unit and provide a written report. They are particularly keen to know:

- How well the assessment strategy aligns with the learning outcomes,
- Does the assessment strategy maximise students learning,
- Is the assessment strategy fit-for-purpose (valid, reliable, transparent, authentic and manageable),
- What recommendations would you suggest as possible improvements?

Task Requirements:

- Select a Unit (preferably one you teach),
- Identify student cohort (level, size, what course, the purpose of the unit within the context of the course.),
- Map and evaluate appropriateness of assessment against the Learning Outcomes,
- Evaluate and reflect on the assessment strategy in relation to current assessment practices in HE,
- Make recommendations for improvement based on literature and current HE practice.

Apart from the above requirements for the Report, you will also be required to self assess your report against the Assessment Criteria.

Assessment Due Date

Week 4 Friday (4 Aug 2017) 11:45 pm AEST

Return Date to Students

Week 6 Friday (25 Aug 2017)

Weighting

Pass/Fail

Minimum mark or grade

Pass. Students must pass all assessment items to pass the unit.

Assessment Criteria

The assessment task is marked according to how well you have met the specific requirements and in accordance with the assessment criteria outlined below.

Communication – The report is persuasive and compelling. Clarity of purpose and coherence of expression (spelling, grammar, syntax); appropriate written conventions used.

Mapping – The report maps and critically evaluates appropriateness of assessment against the Learning Outcomes.

Scholarship – critical evaluation of the current practice is supported by the integration of knowledge/research of assessment principles and practices

Recommendations – are appropriate and supported by the integration of knowledge/research of assessment principles and practices.

Academic Integrity Statement

As a CQUniversity student you are expected to act honestly in all aspects of your academic work.

Any assessable work undertaken or submitted for review or assessment must be your own work. Assessable work is any type of work you do to meet the assessment requirements in the unit, including draft work submitted for review and feedback and final work to be assessed.

When you use the ideas, words or data of others in your assessment, you must thoroughly and clearly acknowledge the source of this information by using the correct referencing style for your unit. Using others' work without proper acknowledgement may be considered a form of intellectual dishonesty.

Participating honestly, respectfully, responsibly, and fairly in your university study ensures the CQUniversity qualification you earn will be valued as a true indication of your individual academic achievement and will continue to receive the respect and recognition it deserves.

As a student, you are responsible for reading and following CQUniversity's policies, including the [Student Academic Integrity Policy and Procedure](#). This policy sets out CQUniversity's expectations of you to act with integrity, examples of academic integrity breaches to avoid, the processes used to address alleged breaches of academic integrity, and potential penalties.

What is a breach of academic integrity?

A breach of academic integrity includes but is not limited to plagiarism, self-plagiarism, collusion, cheating, contract cheating, and academic misconduct. The Student Academic Integrity Policy and Procedure defines what these terms mean and gives examples.

Why is academic integrity important?

A breach of academic integrity may result in one or more penalties, including suspension or even expulsion from the University. It can also have negative implications for student visas and future enrolment at CQUniversity or elsewhere. Students who engage in contract cheating also risk being blackmailed by contract cheating services.

Where can I get assistance?

For academic advice and guidance, the [Academic Learning Centre \(ALC\)](#) can support you in becoming confident in completing assessments with integrity and of high standard.

What can you do to act with integrity?

Be Honest

If your assessment task is done by someone else, it would be dishonest of you to claim it as your own

Seek Help

If you are not sure about how to cite or reference in essays, reports etc, then seek help from your lecturer, the library or the Academic Learning Centre (ALC)

Produce Original Work

Originality comes from your ability to read widely, think critically, and apply your gained knowledge to address a question or problem
