

# ORAL11003 *Introduction to Oral Disease*

## Term 2 - 2023

Profile information current as at 17/04/2024 01:52 pm

All details in this unit profile for ORAL11003 have been officially approved by CQUniversity and represent a learning partnership between the University and you (our student). The information will not be changed unless absolutely necessary and any change will be clearly indicated by an approved correction included in the profile.

## General Information

### Overview

On completion of this unit you will gain knowledge and understanding of the aetiology and pathogenesis of oral and systemic diseases as a foundation for clinical practice in Years 2 and 3. You will develop an understanding of the impact of systemic disease on the health of the oral cavity, dental management and treatment planning, the importance of patient medical history and the role of the oral health therapist within the dental team. You will learn the principles of intra-oral and extra-oral examination and screening for hard and soft tissue pathologies, as well as examination procedures in the detection of caries, changes in the tooth surface, pulpal and periapical tissues, and periodontal assessment. This knowledge will provide you with the foundations to recognise and describe oral pathological conditions in the clinical situation. You will learn to communicate information regarding oral health in oral and written forms and gain relevant interpersonal and team communication skills, professional attitudes and ethical behaviours.

### Details

Career Level: *Undergraduate*

Unit Level: *Level 1*

Credit Points: 6

Student Contribution Band: 9

Fraction of Full-Time Student Load: 0.125

### Pre-requisites or Co-requisites

Condition: Students must be enrolled in CB29 Oral Health Course to enrol in this unit. Prerequisites: ORAL11001 Introduction to Oral Health Therapy and BMSC11010 Human Anatomy and Physiology 1. Corequisites: ORAL11005 Oral Anatomy 2 and BMSC11011 Human Anatomy and Physiology 2.

Important note: Students enrolled in a subsequent unit who failed their pre-requisite unit, should drop the subsequent unit before the census date or within 10 working days of Fail grade notification. Students who do not drop the unit in this timeframe cannot later drop the unit without academic and financial liability. See details in the [Assessment Policy and Procedure \(Higher Education Coursework\)](#).

### Offerings For Term 2 - 2023

- Rockhampton

### Attendance Requirements

All on-campus students are expected to attend scheduled classes – in some units, these classes are identified as a mandatory (pass/fail) component and attendance is compulsory. International students, on a student visa, must maintain a full time study load and meet both attendance and academic progress requirements in each study period (satisfactory attendance for International students is defined as maintaining at least an 80% attendance record).

### Website

[This unit has a website, within the Moodle system, which is available two weeks before the start of term. It is important that you visit your Moodle site throughout the term. Please visit Moodle for more information.](#)

## Class and Assessment Overview

### Recommended Student Time Commitment

Each 6-credit Undergraduate unit at CQUniversity requires an overall time commitment of an average of 12.5 hours of study per week, making a total of 150 hours for the unit.

### Class Timetable

#### [Regional Campuses](#)

Bundaberg, Cairns, Emerald, Gladstone, Mackay, Rockhampton, Townsville

#### [Metropolitan Campuses](#)

Adelaide, Brisbane, Melbourne, Perth, Sydney

### Assessment Overview

#### 1. **On-campus Activity**

Weighting: Pass/Fail

#### 2. **Presentation**

Weighting: 30%

#### 3. **Online Quiz(zes)**

Weighting: 20%

#### 4. **In-class Test(s)**

Weighting: 50%

### Assessment Grading

This is a graded unit: your overall grade will be calculated from the marks or grades for each assessment task, based on the relative weightings shown in the table above. You must obtain an overall mark for the unit of at least 50%, or an overall grade of 'pass' in order to pass the unit. If any 'pass/fail' tasks are shown in the table above they must also be completed successfully ('pass' grade). You must also meet any minimum mark requirements specified for a particular assessment task, as detailed in the 'assessment task' section (note that in some instances, the minimum mark for a task may be greater than 50%). Consult the [University's Grades and Results Policy](#) for more details of interim results and final grades.

## CQUniversity Policies

**All University policies are available on the [CQUniversity Policy site](#).**

You may wish to view these policies:

- Grades and Results Policy
- Assessment Policy and Procedure (Higher Education Coursework)
- Review of Grade Procedure
- Student Academic Integrity Policy and Procedure
- Monitoring Academic Progress (MAP) Policy and Procedure – Domestic Students
- Monitoring Academic Progress (MAP) Policy and Procedure – International Students
- Student Refund and Credit Balance Policy and Procedure
- Student Feedback – Compliments and Complaints Policy and Procedure
- Information and Communications Technology Acceptable Use Policy and Procedure

This list is not an exhaustive list of all University policies. The full list of University policies are available on the [CQUniversity Policy site](#).

## Previous Student Feedback

### Feedback, Recommendations and Responses

Every unit is reviewed for enhancement each year. At the most recent review, the following staff and student feedback items were identified and recommendations were made.

#### Feedback from Student feedback by email and face-to-face.

**Feedback**

Students embraced the medical terminology learning activities and glossary, and felt their understanding of medical terminology improved over the term.

**Recommendation**

It is recommended that medical terminology learning activities continue in a similar format next year.

#### Feedback from Student feedback by email and face-to-face.

**Feedback**

Students enjoyed learning from and watching the oral presentation assessment videos created by their peers. However viewing all recordings on one day was tedious.

**Recommendation**

It is recommended that sharing oral presentation videos with the class in lectures take place over a few weeks rather than all presentations viewed on the same day.

#### Feedback from Student feedback by email and face-to-face.

**Feedback**

Some students struggled to manage the combined workload for all their term 2 units and as a result did not prepare well for the in-class tests.

**Recommendation**

It is recommended that smaller more frequent quizzes be used to provide progress checkpoints for students throughout the term.

#### Feedback from Student feedback by email and face-to-face.

**Feedback**

Guest lecturers were well received by students.

**Recommendation**

It is recommended that the scheduling of guest lecturers continues.

#### Feedback from Student feedback by email and face-to-face.

**Feedback**

Students had difficulty uploading oral presentation assessment documents.

**Recommendation**

It is recommended that the instructions for uploading the assessment be revised.

## Unit Learning Outcomes

**On successful completion of this unit, you will be able to:**

1. Demonstrate and describe the procedures involved in intra-oral and extra-oral examinations
2. Recognize and describe pathological lesions in hard and soft tissues of the oral cavity
3. Describe common and significant oral and systemic diseases and discuss the impact of these diseases on dental treatment and management by the dental team and oral health therapist
4. Describe the aetiology and pathogenesis of dental caries, periodontal diseases, and pulp and periapical disease
5. Demonstrate appropriate oral and written communication skills, professional attitudes and ethical behaviours as required of an Oral Health Therapist.

The learning outcomes of this unit are part of the overall learning outcomes in the BOralHlth course at CQUniversity. They will form part of the annual report documentation which is submitted to the Australian Dental Council for accreditation.

## Alignment of Learning Outcomes, Assessment and Graduate Attributes

### Alignment of Assessment Tasks to Learning Outcomes

Assessment Tasks	Learning Outcomes				
	1	2	3	4	5
1 - On-campus Activity - 0%	•	•			•
2 - Presentation - 30%			•		•
3 - Online Quiz(zes) - 20%		•		•	
4 - In-class Test(s) - 50%	•		•	•	

### Alignment of Graduate Attributes to Learning Outcomes

Graduate Attributes	Learning Outcomes				
	1	2	3	4	5

## Schedule

### Week 1 - 10 Jul 2023

Module/Topic	Chapter	Events and Submissions/Topic
Introduction to general and oral pathology: <ul style="list-style-type: none"><li>• The role of an OHT</li><li>• Introduction to oral and general pathology</li><li>• Classification of diseases</li><li>• Cellular basis of disease</li><li>• Inflammation and repair.</li></ul>	DeLong, L., and Burkhardt, N. W. (2018). <i>General and oral pathology for the dental hygienist</i> (3rd ed.,) Wolters Kluwer. Philadelphia, Pennsylvania, USA. Chapters 1,2 and 3.	

### Week 2 - 17 Jul 2023

Module/Topic	Chapter	Events and Submissions/Topic
Immune systems and immunity. Neoplasia.	DeLong, L., and Burkhardt, N. W. (2018). <i>General and oral pathology for the dental hygienist</i> (3rd ed.,) Wolters Kluwer. Philadelphia, Pennsylvania, USA. Chapters 4 and 5.	

**Week 3 - 24 Jul 2023**

Module/Topic	Chapter	Events and Submissions/Topic
Plaque and the pathophysiology of periodontal disease.	Egelberg, J and Badersten, A., (1999). <i>Periodontal examination</i> (1st ed.,) Odon to Science, Malmo, Sweden. Chapters 1 and 2.	

**Week 4 - 31 Jul 2023**

Module/Topic	Chapter	Events and Submissions/Topic
Soft tissue lesions of the oral mucosa: <ul style="list-style-type: none"> <li>• Ulcers</li> <li>• Vesicles</li> <li>• Red lesions and White lesions</li> <li>• Pigmented lesions</li> <li>• Raised lesions.</li> </ul>	DeLong, L., and Burkhardt, N. W. (2018). <i>General and oral pathology for the dental hygienist</i> (3rd ed.,) Wolters Kluwer. Philadelphia, Pennsylvania, USA. Chapters 10 - 19 Bird, D.L., & Robinson, D. S. (2021) <i>Modern dental assisting</i> (13th ed.,) Elsevier. St Louis, Missouri, US. Chapter 17.	

**Week 5 - 07 Aug 2023**

Module/Topic	Chapter	Events and Submissions/Topic
Enlargements of hard and soft tissues of the orofacial structures.	DeLong, L., and Burkhardt, N. W. (2018). <i>General and oral pathology for the dental hygienist</i> (3rd ed.,) Wolters Kluwer. Philadelphia, Pennsylvania, USA. Chapters 10-19. Bird, D.L., & Robinson, D. S. (2021) <i>Modern dental assisting</i> (13th ed.,) Elsevier. St Louis, Missouri, US. Chapter 17.	In-Class test. A written assessment for weeks 1-4.

**Vacation Week - 14 Aug 2023**

Module/Topic	Chapter	Events and Submissions/Topic

**Week 6 - 21 Aug 2023**

Module/Topic	Chapter	Events and Submissions/Topic
Systemic diseases 1 <ul style="list-style-type: none"> <li>• Developmental, hereditary and congenital disorders</li> <li>• Endocrine disorders</li> <li>• Cardiovascular diseases</li> <li>• Infectious diseases.</li> </ul>	DeLong, L., and Burkhardt, N. W. (2018). <i>General and oral pathology for the dental hygienist</i> (3rd ed.,) Wolters Kluwer. Philadelphia, Pennsylvania, USA. Chapters 6 and 7. Bird, D.L., & Robinson, D. S. (2021) <i>Modern dental assisting</i> (13th ed.,) Elsevier. St Louis, Missouri, US. Chapter 29 and 30.	

**Week 7 - 28 Aug 2023**

Module/Topic	Chapter	Events and Submissions/Topic
Systemic diseases 2: <ul style="list-style-type: none"> <li>• Blood disorders</li> <li>• Respiratory disorders</li> <li>• Gastrointestinal disorders</li> <li>• Neurological disorders</li> <li>• Skeletal disorders.</li> </ul>	DeLong, L., and Burkhardt, N. W. (2018). <i>General and oral pathology for the dental hygienist</i> (3rd ed.,) Wolters Kluwer. Philadelphia, Pennsylvania, USA. Chapters 8 and 9. Bird, D.L., & Robinson, D. S. (2021) <i>Modern dental assisting</i> (13th ed.,) Elsevier. St Louis, Missouri, US. Chapter 29 and 30.	

**Week 8 - 04 Sep 2023**

Module/Topic	Chapter	Events and Submissions/Topic

Medical emergencies in dental practice.

DeLong, L., and Burkhardt, N. W. (2018). *General and oral pathology for the dental hygienist* (3rd ed.,) Wolters Kluwer. Philadelphia, Pennsylvania, USA.  
 Bird, D.L., & Robinson, D. S. (2021) *Modern dental assisting* (13th ed.,) Elsevier. St Louis, Missouri, US. Chapters Chapter 27 and 31.

**Week 9 - 11 Sep 2023**

Module/Topic	Chapter	Events and Submissions/Topic
Introduction to dental caries: <ul style="list-style-type: none"> <li>• Aetiology of dental caries</li> <li>• Enamel changes in the early caries lesion</li> <li>• Progression of the enamel lesion</li> <li>• Progression of caries into dentine</li> <li>• Dentine and pulp response to caries.</li> </ul>	Resources on Moodle.	On-Campus Clinical Activity  <b>Presentation</b> Due: Week 9 Monday (11 Sept 2023) 5:00 pm AEST

**Week 10 - 18 Sep 2023**

Module/Topic	Chapter	Events and Submissions/Topic
Pulp inflammation and its sequela: <ul style="list-style-type: none"> <li>• Aetiology of pulp and periapical disease.</li> <li>• Pulp and dentine response to injury</li> <li>• Reversible pulpitis, irreversible pulpitis and necrosis.</li> <li>• Pulp polyps</li> <li>• External and internal resorption</li> <li>• Apical and peri radicular lesions.</li> </ul>	Resources on Moodle	On-Campus Clinical Activity Recorded Oral presentations presented in class.  <b>On-Campus Clinical Activity</b> Due: Week 10 Friday (22 Sept 2023) 5:00 pm AEST

**Week 11 - 25 Sep 2023**

Module/Topic	Chapter	Events and Submissions/Topic
Clinical examination and recording: <ul style="list-style-type: none"> <li>• Medical and dental histories</li> <li>• Clinical examination procedures and oral cancer screening</li> <li>• Radiographic examination revision</li> <li>• Recording.</li> </ul>	DeLong, L., and Burkhardt, N. W. (2018). <i>General and oral pathology for the dental hygienist</i> (3rd ed.,) Wolters Kluwer. Philadelphia, Pennsylvania, USA. Chapter 1. Bird, D.L., & Robinson, D. S. (2021) <i>Modern dental assisting</i> (13th ed.,) Elsevier. St Louis, Missouri, US. Chapters 26 and 28.	

**Week 12 - 02 Oct 2023**

Module/Topic	Chapter	Events and Submissions/Topic
Revision lecture.		Recorded Oral presentations presented in class.

**Review/Exam Week - 09 Oct 2023**

Module/Topic	Chapter	Events and Submissions/Topic
		In-Class test written assessment for week 5 -11.

**Exam Week - 16 Oct 2023**

Module/Topic	Chapter	Events and Submissions/Topic

## Term Specific Information

### Uniform and clinical attire:

As this unit has a clinical component, all students are to comply with clinical and uniform requirements of the oral health clinic as promulgated. All students must comply with Queensland Health and Work-Integrated Learning mandatory requirements. Students must abide by infection control policies, guidelines, and procedures at each clinical placement. All mandatory requirements for clinical practice must be met before and during the term. Failure to comply will lead to withdrawal from the clinical practice and failure in the Unit.

## Assessment Tasks

### 1 On-Campus Clinical Activity

#### Assessment Type

On-campus Activity

#### Task Description

This activity will take place week 9 and 10 in the Oral Health Clinic. You will be examining and identifying normal anatomical features in an extra oral and intra oral examination as the first step in being able to recognise pathology . Clinical supervisors will be assisting you in this task. You will find the activity described in the workbook and be expected to complete questions and patient notes. The workbook must be submitted for assessment.

The following exercises will be completed. Students will rotate as patient, assistant and operator.

- Medical history
- Consent
- Extra-oral examination
- Intraoral examination of soft and hard tissues
- Changeover procedure.

#### Assessment Due Date

Week 10 Friday (22 Sept 2023) 5:00 pm AEST

Workbooks will be collected after the clinical activity, or workbook questions and notes maybe submitted online. Word document template will be provided.

#### Return Date to Students

Week 12 Monday (2 Oct 2023)

Workbooks will be returned in class and feedback will be given online.

#### Weighting

Pass/Fail

#### Assessment Criteria

This activity is a Pass/Fail assessment. You must complete the tasks and workbook questions to pass this assessment. You must complete the tasks with appropriate standards of professionalism, infection control and workplace health and safety and complete the tasks as described in the workbook. Performance standard rubric is provided in the Moodle assessment page.

#### Referencing Style

- [Harvard \(author-date\)](#)
- [American Psychological Association 7th Edition \(APA 7th edition\)](#)

#### Submission

Offline Online

#### Submission Instructions

Workbook notes and questions maybe submitted online. Word document template will be provided.

#### Learning Outcomes Assessed

- Demonstrate and describe the procedures involved in intra-oral and extra-oral examinations
- Recognize and describe pathological lesions in hard and soft tissues of the oral cavity
- Demonstrate appropriate oral and written communication skills, professional attitudes and ethical behaviours as required of an Oral Health Therapist.

## 2 Presentation

### **Assessment Type**

Presentation

### **Task Description**

For this assessment, you will work in small groups (2-3 students) to present a short oral presentation (8 mins). To prepare for this assessment, you will research a topic and create a short concise power point presentation and record the presentation. Topics relate to case histories of oral diseases and students will be able to choose from a list displayed on Moodle. Each student must prepare and present an equal amount of the presentation. It is expected that the presentation will be an academic level presentation with the aim of being a learning experience for the student audience. Marking criteria will supply information on the framework of the presentation and the standards required. The talk will be recorded and presented to the class group in week 10 tutorial time.

There is also an individual component to this assessment:

Self and Peer Assessment (SPA) - A link will be sent to you via Moodle to complete the SPA. The SPA is feedback to the unit coordinator regarding the group work. This must be completed by due date in Week 11.

### **Assessment Due Date**

Week 9 Monday (11 Sept 2023) 5:00 pm AEST

The due date is for submission of the recording, power points and copy of the script. Self and peer evaluation (SPA) is due Friday 29th September.

### **Return Date to Students**

Week 11 Monday 25th September.

### **Weighting**

30%

### **Minimum mark or grade**

50%

### **Assessment Criteria**

Assessment criteria for the oral presentation is displayed below. There will be two examiners for the oral presentations and the final mark will be an average of the two marks. The presentation is worth 25%.

The Self and Peer Assessment (SPA) criteria is available on Moodle. This individual component will be marked by one examiner. Self and Peer Assessment (SPA) is worth 5%.

The total percentage of your final mark is 30%. You must obtain a mark of at least 50% in order to pass this assessment. You must pass this assessment to pass this unit overall.

Oral Presentation ORAL11003 Student names and Topic		
<b>Organization 15</b> <ul style="list-style-type: none"> <li>• Introduction explains the situation of the case history.</li> <li>• Body of the presentation follows a logical order and supports the listener's understanding.</li> <li>• Conclusion summarizes and emphasises the main points of the presentation.</li> </ul>		
<b>Unsatisfactory</b> 0-----2	<b>Satisfactory</b> 2.5-----3	<b>Outstanding</b> 4-----5
<p>The framework of the presentation is not explained or evident. Information presented is not in a logical sequence. No summary of the potential weaknesses and challenges and implications to OHT practice. No conclusions drawn from the material presented. Talk is poorly prepared and disorganised.</p>	<p>Introduction establishes the framework of the presentation. The information is mostly presented in a logical sequence. Attempts to summarize the implications for OHT practice. Talk prepared and rehearsed. Attempts to draw conclusions from the material presented/ draws conclusions that are not based on the evidence presented.</p>	<p>Introduction establishes the framework of the presentation. Examiner		Total Grade /25
Further comments/Notes		

## Referencing Style

- [Harvard \(author-date\)](#)
- [American Psychological Association 7th Edition \(APA 7th edition\)](#)

## Submission

Online

### Submission Instructions

Each student will upload three documents: 1. Copy of the power point. 2. A script of the speech, including a link sharing the recording with the unit coordinator, and references in either Harvard or APA formats in word document. 3. Reflections in word document. Each student will complete a Self and Peer Assessment (SPA)

## Learning Outcomes Assessed

- Describe common and significant oral and systemic diseases and discuss the impact of these diseases on dental treatment and management by the dental team and oral health therapist
- Demonstrate appropriate oral and written communication skills, professional attitudes and ethical behaviours as required of an Oral Health Therapist.

## 3 Online Quiz

### Assessment Type

Online Quiz(zes)

### Task Description

Knowledge and use of medical and dental terminology is essential to communication within oral health and medical professions. To assess your knowledge and application of medical and dental terminology, you will complete two online quizzes. To prepare for each quiz, create a list of terminology each week and upload new terms and meanings in the Glossary activity on Moodle.

This is not a multiple choice quiz. All answers require you to type in one or two words for your answer. Questions are chosen randomly from a bank of questions.

You are allowed only one attempt for each quiz and must complete the quizzes in a limited time. Your attempts for each quiz will be submitted automatically, but no more questions can be answered once the time limit expires. No attempts are allowed after the quizzes are closed. If you are unable to complete the quizzes by the due date, you must apply for an extension before the due date.

The first quiz opens Friday 4th August 8.00am and closes Friday 11th August 5.00pm. This quiz tests learning material in weeks 1-4. This quiz is worth 10%.

The second quiz opens Monday 18th September 8.00am and closes Monday 2nd October 5.00pm. This quiz tests learning material in weeks 5-10. This quiz is worth 10%.

### Number of Quizzes

2

### Frequency of Quizzes

Other

### Assessment Due Date

The first quiz opens Wednesday 2nd August 8.00am and closes Friday 11th August 5.00pm. This quiz tests learning material in weeks 1-4. This quiz is worth 10%. The second quiz opens Monday 18th September 8.00am and closes Monday 2nd October 5.00pm. This quiz tests learning material in weeks 5-10. This quiz is worth 10%.

### Return Date to Students

Results are made available immediately after each quiz closes.

### Weighting

20%

### Minimum mark or grade

50%

### Assessment Criteria

This assessment is two short answer quizzes on medical and dental terminology, which will require you to fill in the missing word or answer a question relating to terminology studied in this unit.

The combined total of this assessment is worth 20% of the final grade for this unit. It is a must-pass assessment, therefore you must achieve 50% of the combined total of the two quizzes to pass this unit.

### Referencing Style

- [Harvard \(author-date\)](#)
- [American Psychological Association 7th Edition \(APA 7th edition\)](#)

### Submission

Online

### Learning Outcomes Assessed

- Recognize and describe pathological lesions in hard and soft tissues of the oral cavity
- Describe the aetiology and pathogenesis of dental caries, periodontal diseases, and pulp and periapical disease

## 4 In Class Tests

### Assessment Type

In-class Test(s)

### Task Description

You will complete two written In-class tests during allocated lecture time.

The first test will be conducted in Week 5 during lecture time. The first test will cover learning material in weeks 1-4 and is worth 20% of your final grade.

The second test will be conducted in Exam week, Monday 9th October 2023. The second test will cover learning material in weeks 5-11 and is worth 30% of your final grade.

Both tests will include both short answer and longer paragraph questions.

### Assessment Due Date

The first In-class test is due 3.00pm Monday 7th August 2023. The second in-class test is due 11.00am Monday 9th October, 2023

### Return Date to Students

Results of the first test will be returned Monday 21st August. Results of the second test will be returned in review/exam week.

### Weighting

50%

### Minimum mark or grade

50%

### Assessment Criteria

The first In-Class test is worth 20% and the second In-Class test is worth 30%. The combined marks are worth 50% of the total grade for this unit. This is a must pass assessment. You must achieve 50% of the cumulative score of both tests.

The combined In-Class tests will cover all content in lectures, tutorials, study guides and required readings.

### Referencing Style

- [Harvard \(author-date\)](#)
- [American Psychological Association 7th Edition \(APA 7th edition\)](#)

### Submission

Offline

### Submission Instructions

The question and answer sheet for both In-Class tests will be submitted offline in class.

### Learning Outcomes Assessed

- Demonstrate and describe the procedures involved in intra-oral and extra-oral examinations
- Describe common and significant oral and systemic diseases and discuss the impact of these diseases on dental treatment and management by the dental team and oral health therapist
- Describe the aetiology and pathogenesis of dental caries, periodontal diseases, and pulp and periapical disease

## Academic Integrity Statement

As a CQUniversity student you are expected to act honestly in all aspects of your academic work.

Any assessable work undertaken or submitted for review or assessment must be your own work. Assessable work is any type of work you do to meet the assessment requirements in the unit, including draft work submitted for review and feedback and final work to be assessed.

When you use the ideas, words or data of others in your assessment, you must thoroughly and clearly acknowledge the source of this information by using the correct referencing style for your unit. Using others' work without proper acknowledgement may be considered a form of intellectual dishonesty.

Participating honestly, respectfully, responsibly, and fairly in your university study ensures the CQUniversity qualification you earn will be valued as a true indication of your individual academic achievement and will continue to receive the respect and recognition it deserves.

As a student, you are responsible for reading and following CQUniversity's policies, including the [Student Academic Integrity Policy and Procedure](#). This policy sets out CQUniversity's expectations of you to act with integrity, examples of academic integrity breaches to avoid, the processes used to address alleged breaches of academic integrity, and potential penalties.

### What is a breach of academic integrity?

A breach of academic integrity includes but is not limited to plagiarism, self-plagiarism, collusion, cheating, contract cheating, and academic misconduct. The Student Academic Integrity Policy and Procedure defines what these terms mean and gives examples.

### Why is academic integrity important?

A breach of academic integrity may result in one or more penalties, including suspension or even expulsion from the University. It can also have negative implications for student visas and future enrolment at CQUniversity or elsewhere. Students who engage in contract cheating also risk being blackmailed by contract cheating services.

### Where can I get assistance?

For academic advice and guidance, the [Academic Learning Centre \(ALC\)](#) can support you in becoming confident in completing assessments with integrity and of high standard.

### What can you do to act with integrity?

#### Be Honest

If your assessment task is done by someone else, it would be dishonest of you to claim it as your own

#### Seek Help

If you are not sure about how to cite or reference in essays, reports etc, then seek help from your lecturer, the library or the Academic Learning Centre (ALC)

#### Produce Original Work

Originality comes from your ability to read widely, think critically, and apply your gained knowledge to address a question or problem
