

ORAL12001 Oral Disease Prevention and Management

Term 1 - 2017

Profile information current as at 24/04/2024 08:25 pm

All details in this unit profile for ORAL12001 have been officially approved by CQUniversity and represent a learning partnership between the University and you (our student). The information will not be changed unless absolutely necessary and any change will be clearly indicated by an approved correction included in the profile.

General Information

Overview

In this unit, you will study current approaches for the prevention, treatment and management of dental diseases such as dental caries (including root caries), periodontal diseases and non carious tooth structure loss. By recording and considering the patient's medical, dental and social history you will be able to diagnose dental diseases and develop an appropriate treatment plan. You will use your clinical judgment skills with a wide range of patients, including child and adult patients, medically compromised adults, special needs patients and the elderly.

Assessment Overview

1. **Presentation and Written Assessment**

Weighting: 40%

2. **Examination**

Weighting: 60%

Assessment Grading

This is a graded unit: your overall grade will be calculated from the marks or grades for each assessment task, based on the relative weightings shown in the table above. You must obtain an overall mark for the unit of at least 50%, or an overall grade of 'pass' in order to pass the unit. If any 'pass/fail' tasks are shown in the table above they must also be completed successfully ('pass' grade). You must also meet any minimum mark requirements specified for a particular assessment task, as detailed in the 'assessment task' section (note that in some instances, the minimum mark for a task may be greater than 50%). Consult the [University's Grades and Results Policy](#) for more details of interim results and final grades.

Previous Student Feedback

Feedback, Recommendations and Responses

Every unit is reviewed for enhancement each year. At the most recent review, the following staff and student feedback items were identified and recommendations were made.

Feedback from Informal consultations with students, emails from students and review of grades.

Feedback

Irregularities in the marking of the Final Written Examination.

Recommendation

Assessment of Coursework Procedures will be followed for the Final Written Examination in 2017.

Action

Compliance with assessment of coursework procedures.

Feedback from Informal consultations with students, emails from students and review of grades.

Feedback

Lecturer trained, and competent, in Moodle tasks.

Recommendation

The lecturer will be trained in Moodle before Term 1 commences in 2017.

Action

Unit co-ordinator trained and familiar with Moodle.

Feedback from Informal consultations with students, emails from students and review of grades.

Feedback

Lecturer available for consultation - not on campus, not responding to emails and on Recreation Leave for 3 weeks.

Recommendation

The lecturer should be available for consultation with students in 2017.

Action

Students offered multiple communication opportunities (on campus, email and phone) with the unit co-ordinator on a weekly basis throughout the semester.

Unit Learning Outcomes

On successful completion of this unit, you will be able to:

1. Explain the processes of risk assessment, nutritional advice and oral health education for the management of all patients, including children, adults, medically compromised, special needs and elderly patients.
2. Describe current approaches to the prevention of dental diseases, dental caries (including root caries), periodontal diseases and non carious tooth structure loss.
3. Explain the management of dental diseases including the appropriate selection and use of restorative dental materials.
4. Form a definitive diagnosis from the information gathered and develop an appropriate treatment plan utilising the relevant treatment phases.
5. Communicate information regarding oral health to a patients of all ages.
6. Satisfy the requirements of an evolving dental practitioner utilising appropriate interpersonal/team communication skills, professional attitudes and ethical behaviours.

All unit profiles in the Bachelor of Oral Health are made available to the Australian Dental Council for on-going accreditation purposes.

Academic Integrity Statement

As a CQUniversity student you are expected to act honestly in all aspects of your academic work.

Any assessable work undertaken or submitted for review or assessment must be your own work. Assessable work is any type of work you do to meet the assessment requirements in the unit, including draft work submitted for review and feedback and final work to be assessed.

When you use the ideas, words or data of others in your assessment, you must thoroughly and clearly acknowledge the source of this information by using the correct referencing style for your unit. Using others' work without proper acknowledgement may be considered a form of intellectual dishonesty.

Participating honestly, respectfully, responsibly, and fairly in your university study ensures the CQUniversity qualification you earn will be valued as a true indication of your individual academic achievement and will continue to receive the respect and recognition it deserves.

As a student, you are responsible for reading and following CQUniversity's policies, including the [Student Academic Integrity Policy and Procedure](#). This policy sets out CQUniversity's expectations of you to act with integrity, examples of academic integrity breaches to avoid, the processes used to address alleged breaches of academic integrity, and potential penalties.

What is a breach of academic integrity?

A breach of academic integrity includes but is not limited to plagiarism, self-plagiarism, collusion, cheating, contract cheating, and academic misconduct. The Student Academic Integrity Policy and Procedure defines what these terms mean and gives examples.

Why is academic integrity important?

A breach of academic integrity may result in one or more penalties, including suspension or even expulsion from the University. It can also have negative implications for student visas and future enrolment at CQUniversity or elsewhere. Students who engage in contract cheating also risk being blackmailed by contract cheating services.

Where can I get assistance?

For academic advice and guidance, the [Academic Learning Centre \(ALC\)](#) can support you in becoming confident in completing assessments with integrity and of high standard.

What can you do to act with integrity?

Be Honest

If your assessment task is done by someone else, it would be dishonest of you to claim it as your own

Seek Help

If you are not sure about how to cite or reference in essays, reports etc, then seek help from your lecturer, the library or the Academic Learning Centre (ALC)

Produce Original Work

Originality comes from your ability to read widely, think critically, and apply your gained knowledge to address a question or problem
