

# PBHL11001 *Public Health Data and Measurement*

## Term 2 - 2019

Profile information current as at 19/08/2022 07:11 pm

All details in this unit profile for PBHL11001 have been officially approved by CQUniversity and represent a learning partnership between the University and you (our student). The information will not be changed unless absolutely necessary and any change will be clearly indicated by an approved correction included in the profile.

## General Information

### Overview

There is an enormous body of health data and information that is relevant to public health and the ability to locate, interpret and communicate health information is a fundamental skillset required by all public health professionals. In this unit you will be introduced to the concepts of measurement and data relating to public health. You will explore potential sources of data, how to identify and interpret appropriate measurements and data for public health, and how to communicate measurements and data with confidence to inform public health decisions.

### Details

Career Level: *Undergraduate*

Unit Level: *Level 1*

Credit Points: 6

Student Contribution Band: 8

Fraction of Full-Time Student Load: 0.125

### Pre-requisites or Co-requisites

There are no requisites for this unit.

Important note: Students enrolled in a subsequent unit who failed their pre-requisite unit, should drop the subsequent unit before the census date or within 10 working days of Fail grade notification. Students who do not drop the unit in this timeframe cannot later drop the unit without academic and financial liability. See details in the [Assessment Policy and Procedure \(Higher Education Coursework\)](#).

### Offerings For Term 2 - 2019

- Online

### Attendance Requirements

All on-campus students are expected to attend scheduled classes - in some units, these classes are identified as a mandatory (pass/fail) component and attendance is compulsory. International students, on a student visa, must maintain a full time study load and meet both attendance and academic progress requirements in each study period (satisfactory attendance for International students is defined as maintaining at least an 80% attendance record).

### Website

[This unit has a website, within the Moodle system, which is available two weeks before the start of term. It is important that you visit your Moodle site throughout the term. Please visit Moodle for more information.](#)

## Class and Assessment Overview

### Recommended Student Time Commitment

Each 6-credit Undergraduate unit at CQUniversity requires an overall time commitment of an average of 12.5 hours of study per week, making a total of 150 hours for the unit.

### Class Timetable

#### [Regional Campuses](#)

Bundaberg, Cairns, Emerald, Gladstone, Mackay, Rockhampton, Townsville

#### [Metropolitan Campuses](#)

Adelaide, Brisbane, Melbourne, Perth, Sydney

### Assessment Overview

#### 1. **Group Discussion**

Weighting: 20%

#### 2. **Online Quiz(zes)**

Weighting: 30%

#### 3. **Project (research)**

Weighting: 50%

### Assessment Grading

This is a graded unit: your overall grade will be calculated from the marks or grades for each assessment task, based on the relative weightings shown in the table above. You must obtain an overall mark for the unit of at least 50%, or an overall grade of 'pass' in order to pass the unit. If any 'pass/fail' tasks are shown in the table above they must also be completed successfully ('pass' grade). You must also meet any minimum mark requirements specified for a particular assessment task, as detailed in the 'assessment task' section (note that in some instances, the minimum mark for a task may be greater than 50%). Consult the [University's Grades and Results Policy](#) for more details of interim results and final grades.

## CQUniversity Policies

**All University policies are available on the [CQUniversity Policy site](#).**

You may wish to view these policies:

- Grades and Results Policy
- Assessment Policy and Procedure (Higher Education Coursework)
- Review of Grade Procedure
- Student Academic Integrity Policy and Procedure
- Monitoring Academic Progress (MAP) Policy and Procedure – Domestic Students
- Monitoring Academic Progress (MAP) Policy and Procedure – International Students
- Student Refund and Credit Balance Policy and Procedure
- Student Feedback – Compliments and Complaints Policy and Procedure
- Information and Communications Technology Acceptable Use Policy and Procedure

This list is not an exhaustive list of all University policies. The full list of University policies are available on the [CQUniversity Policy site](#).

## Previous Student Feedback

### Feedback, Recommendations and Responses

Every unit is reviewed for enhancement each year. At the most recent review, the following staff and student feedback items were identified and recommendations were made.

#### Feedback from Unit evaluation

##### Feedback

Request for additional guidelines for report assessment item.

##### Recommendation

A small number of students have requested additional guidelines for the report assessment. Recommend considering a framework or exemplar that could be provided in a way that encourages students to still critically consider what elements and information is most appropriate for their topic rather than rigidly following the example.

## Unit Learning Outcomes

### On successful completion of this unit, you will be able to:

1. Assess the source and quality of health information and data as related to public health.
2. Identify and interpret appropriate measurements and data for public health.
3. Communicate health information using a range of information technologies.
4. Reflect on individual, cultural, and ethical perspectives relating to health measurement and data.

## Alignment of Learning Outcomes, Assessment and Graduate Attributes

### Alignment of Assessment Tasks to Learning Outcomes

Assessment Tasks	Learning Outcomes			
	1	2	3	4
1 - Group Discussion - 20%	•	•	•	•
2 - Online Quiz(zes) - 30%		•		
3 - Project (research) - 50%	•	•	•	•

### Alignment of Graduate Attributes to Learning Outcomes

Graduate Attributes	Learning Outcomes			
	1	2	3	4
1 - Communication			•	•
2 - Problem Solving	•	•		
3 - Critical Thinking	•	•	•	•

Graduate Attributes	Learning Outcomes			
	1	2	3	4
4 - Information Literacy	•	•		
5 - Team Work				•
6 - Information Technology Competence	•	•	•	
7 - Cross Cultural Competence			•	•
8 - Ethical practice			•	•
9 - Social Innovation				
10 - Aboriginal and Torres Strait Islander Cultures				

## Alignment of Assessment Tasks to Graduate Attributes

Assessment Tasks	Graduate Attributes									
	1	2	3	4	5	6	7	8	9	10
1 - Group Discussion - 20%	•			•	•		•	•		
2 - Online Quiz(zes) - 30%		•	•	•		•		•		
3 - Project (research) - 50%	•	•	•	•			•	•		

## Textbooks and Resources

### Textbooks

There are no required textbooks.

### IT Resources

You will need access to the following IT resources:

- CQUniversity Student Email
- Internet
- Unit Website (Moodle)

## Referencing Style

All submissions for this unit must use the referencing styles below:

- [American Psychological Association 6th Edition \(APA 6th edition\)](#)
- [Harvard \(author-date\)](#)

For further information, see the Assessment Tasks.

## Schedule

### Week 1 - 15 Jul 2019

Module/Topic	Chapter	Events and Submissions/Topic
Introduction and Critical Thinking	Prescribed learning activities - combination of journal articles, chapter readings and online activities	

### Week 2 - 22 Jul 2019

Module/Topic	Chapter	Events and Submissions/Topic
Foundations of Data & Measurement and Self Awareness	Prescribed learning activities - combination of journal articles, chapter readings and online activities	

### Week 3 - 29 Jul 2019

Module/Topic	Chapter	Events and Submissions/Topic
Measuring Mortality & Morbidity and Self Management	Prescribed learning activities - combination of journal articles, chapter readings and online activities	

### Week 4 - 05 Aug 2019

Module/Topic	Chapter	Events and Submissions/Topic
Measuring Other Health Outcomes and Social Awareness	Prescribed learning activities - combination of journal articles, chapter readings and online activities	

### Week 5 - 12 Aug 2019

Module/Topic	Chapter	Events and Submissions/Topic
Measuring Exposures and Social Management	Prescribed learning activities - combination of journal articles, chapter readings and online activities	

### Vacation Week - 19 Aug 2019

Module/Topic	Chapter	Events and Submissions/Topic
--------------	---------	------------------------------

### Week 6 - 26 Aug 2019

Module/Topic	Chapter	Events and Submissions/Topic
Qualitative Data	Prescribed learning activities - combination of journal articles, chapter readings and online activities	

### Week 7 - 02 Sep 2019

Module/Topic	Chapter	Events and Submissions/Topic
Sources of Data for Public Health	Prescribed learning activities - combination of journal articles, chapter readings and online activities	<b>Quiz Due:</b> Week 7 Friday (6 Sept 2019) 5:00 pm AEST

### Week 8 - 09 Sep 2019

Module/Topic	Chapter	Events and Submissions/Topic
Interpreting Research Findings	Prescribed learning activities - combination of journal articles, chapter readings and online activities	

Week 9 - 16 Sep 2019		
Module/Topic	Chapter	Events and Submissions/Topic
Concepts of Data in non-Western Knowledge Systems	Prescribed learning activities - combination of journal articles, chapter readings and online activities	
Week 10 - 23 Sep 2019		
Module/Topic	Chapter	Events and Submissions/Topic
Communicating and Describing Data Part 1	Prescribed learning activities - combination of journal articles, chapter readings and online activities	
Week 11 - 30 Sep 2019		
Module/Topic	Chapter	Events and Submissions/Topic
Communicating and Describing Data Part 2	Prescribed learning activities - combination of journal articles, chapter readings and online activities	
Week 12 - 07 Oct 2019		
Module/Topic	Chapter	Events and Submissions/Topic
The Concept of Evidence	Prescribed learning activities - combination of journal articles, chapter readings and online activities	<b>Report Due:</b> Week 12 Friday (11 Oct 2019) 5:00 pm AEST
Review/Exam Week - 14 Oct 2019		
Module/Topic	Chapter	Events and Submissions/Topic
Exam Week - 21 Oct 2019		
Module/Topic	Chapter	Events and Submissions/Topic

## Assessment Tasks

### 1 Group Discussion

#### Assessment Type

Group Discussion

#### Task Description

Each week as part of the course learning materials, students are encouraged to contribute to discussions or activities using online tutorials or forums. To complete this task, **students need to contribute to at least four (4) different discussions throughout the term**. Feedback will be provided to contributions made before Week 4 to enable students to improve their later contributions.

#### Assessment Due Date

Throughout term.

#### Return Date to Students

#### Weighting

20%

#### Assessment Criteria

Students will be assessed on the quality of their input to forum discussion activities across the semester. Contributions will be assessed on the following criteria:

1. Comprehension and understanding of the topic
2. Relevance
3. Critical thinking and depth
4. Quality of expression
5. Engagement and interaction with colleagues

For each post, students will be given a grade ranging from 0 (poor), 2.5 (sufficient), to 5 (outstanding).

## Referencing Style

- [American Psychological Association 6th Edition \(APA 6th edition\)](#)
- [Harvard \(author-date\)](#)

## Submission

Online

## Learning Outcomes Assessed

- Assess the source and quality of health information and data as related to public health.
- Identify and interpret appropriate measurements and data for public health.
- Communicate health information using a range of information technologies.
- Reflect on individual, cultural, and ethical perspectives relating to health measurement and data.

## Graduate Attributes

- Communication
- Information Literacy
- Team Work
- Cross Cultural Competence
- Ethical practice

## 2 Quiz

### Assessment Type

Online Quiz(zes)

### Task Description

This quiz will assess your understanding of the core concepts for the unit covered in weeks 1 - 6. The questions for each student will be drawn randomly from a pool of questions.

- There is no time limit to complete the quiz and you can save your quiz and return to it later (while the quiz is available)
- After you have submitted, you will get your grade for the quiz.
- Once the quiz has closed, you will get your final result from the quiz showing which questions you got right or wrong. This will let you know what areas you need to study/revise.
- You should choose the most correct answer.

### Number of Quizzes

1

### Frequency of Quizzes

### Assessment Due Date

Week 7 Friday (6 Sept 2019) 5:00 pm AEST

The quiz will open at 9am on Friday of Week 6.

### Return Date to Students

After quiz has closed.

### Weighting

30%

### Assessment Criteria

The quiz will assess students' understanding of topics covered in Weeks 1-6, including critical thinking, fundamental measurements of health outcomes, measurement of exposures, self-management and social awareness.

## Referencing Style

- [American Psychological Association 6th Edition \(APA 6th edition\)](#)
- [Harvard \(author-date\)](#)

## Submission

Online

## Learning Outcomes Assessed

- Identify and interpret appropriate measurements and data for public health.

## Graduate Attributes

- Problem Solving
- Critical Thinking
- Information Literacy
- Information Technology Competence
- Ethical practice

## 3 Report

### Assessment Type

Project (research)

### Task Description

Research and write a report on the impact of **one (1)** of the health outcomes below on population health in Australia over the last 20 years.

1. Syphilis
2. Dementia
3. Foodborne illness
4. Vector-borne disease

The report is worth 50% of your overall grade. It should be 2500 words long and include data visualisations. It will draw on appropriate sources to outline the **differential impact** of a particular health outcome or behaviour over the last 20 years in Australia. You should use headings and subheadings, where appropriate, to guide your reader. You can discuss your topic, and how you might like to approach it during the tutorials.

### Assessment Due Date

Week 12 Friday (11 Oct 2019) 5:00 pm AEST

### Return Date to Students

Following certification of grades

### Weighting

50%

### Minimum mark or grade

Students must achieve a minimum score of 50% (25/50) for this assessment task as well as a minimum aggregate grade of 50% in order to pass this unit.

### Assessment Criteria

#### Relevance (30%)

- Communicates an understanding of the current issues around the selected topic in the Australian context
- Utilises a range of appropriate references
- Accuracy of data visualisations

#### Validity (40%)

- Depth of analysis of the chosen topic
- Originality of argument
- Quality of data visualisations
- Quality of references used

#### Organisation (20%)

- Clear communication of ideas
- Logical sequence
- Appropriate written style

#### Presentation (10%)

- Professional layout and consistent style (fonts, paragraph spacing, headings, etc)
- Appropriate headings & subheadings
- Data visualisations are consistent in style, attractive and easily interpreted
- Objects are appropriately labelled
- Correct spelling and grammar
- Referencing is consistent and correct according to Harvard or APA style.

**Referencing Style**

- [American Psychological Association 6th Edition \(APA 6th edition\)](#)
- [Harvard \(author-date\)](#)

**Submission**

Online

**Learning Outcomes Assessed**

- Assess the source and quality of health information and data as related to public health.
- Identify and interpret appropriate measurements and data for public health.
- Communicate health information using a range of information technologies.
- Reflect on individual, cultural, and ethical perspectives relating to health measurement and data.

**Graduate Attributes**

- Communication
- Problem Solving
- Critical Thinking
- Information Literacy
- Cross Cultural Competence
- Ethical practice

## Academic Integrity Statement

As a CQUniversity student you are expected to act honestly in all aspects of your academic work.

Any assessable work undertaken or submitted for review or assessment must be your own work. Assessable work is any type of work you do to meet the assessment requirements in the unit, including draft work submitted for review and feedback and final work to be assessed.

When you use the ideas, words or data of others in your assessment, you must thoroughly and clearly acknowledge the source of this information by using the correct referencing style for your unit. Using others' work without proper acknowledgement may be considered a form of intellectual dishonesty.

Participating honestly, respectfully, responsibly, and fairly in your university study ensures the CQUniversity qualification you earn will be valued as a true indication of your individual academic achievement and will continue to receive the respect and recognition it deserves.

As a student, you are responsible for reading and following CQUniversity's policies, including the [Student Academic Integrity Policy and Procedure](#). This policy sets out CQUniversity's expectations of you to act with integrity, examples of academic integrity breaches to avoid, the processes used to address alleged breaches of academic integrity, and potential penalties.

### What is a breach of academic integrity?

A breach of academic integrity includes but is not limited to plagiarism, self-plagiarism, collusion, cheating, contract cheating, and academic misconduct. The Student Academic Integrity Policy and Procedure defines what these terms mean and gives examples.

### Why is academic integrity important?

A breach of academic integrity may result in one or more penalties, including suspension or even expulsion from the University. It can also have negative implications for student visas and future enrolment at CQUniversity or elsewhere. Students who engage in contract cheating also risk being blackmailed by contract cheating services.

### Where can I get assistance?

For academic advice and guidance, the [Academic Learning Centre \(ALC\)](#) can support you in becoming confident in completing assessments with integrity and of high standard.

### What can you do to act with integrity?

#### Be Honest

If your assessment task is done by someone else, it would be dishonest of you to claim it as your own

#### Seek Help

If you are not sure about how to cite or reference in essays, reports etc, then seek help from your lecturer, the library or the Academic Learning Centre (ALC)

#### Produce Original Work

Originality comes from your ability to read widely, think critically, and apply your gained knowledge to address a question or problem
