## Term Specific Information

### Equipment Requirements for Recording Projects

Performance and Production Studies students require some very specific equipment to facilitate the recording requirements of this unit.

This unit provides training in performing recording and mixing music. Because of this, you will need to have access to the following:

- *Ableton Live* software
- An audio interface
- Your instrument
- A quick stable internet connection (preferable ethernet)
- Microphone or instrument lead
- Studio headphones and your computer / webcam

### About Ableton Live

*Ableton Live* is an industry standard DAW (digital audio workstation) and learning how to use it is extremely beneficial. You will be required to submit *Ableton Live* sessions as part of your assessments and therefore need to have access to a copy of *Ableton* software. As the production classes are based on the *Ableton* software, no other DAWs are acceptable for this unit. A free 90 day full use trial version of the *Ableton Live* software is available for download from the *Ableton Live* website

(<https://www.ableton.com/en/trial/>).

If you have any questions regarding these requirements, please contact the Unit Coordinator, Jason Smyth-Tomkins ([j.smyth-tomkins@cqu.edu.au](mailto:j.smyth-tomkins@cqu.edu.au)).

## Academic Integrity Statement

As a CQUniversity student you are expected to act honestly in all aspects of your academic work.

Any assessable work undertaken or submitted for review or assessment must be your own work. Assessable work is any type of work you do to meet the assessment requirements in the unit, including draft work submitted for review and feedback and final work to be assessed.

When you use the ideas, words or data of others in your assessment, you must thoroughly and clearly acknowledge the source of this information by using the correct referencing style for your unit. Using others' work without proper acknowledgement may be considered a form of intellectual dishonesty.

Participating honestly, respectfully, responsibly, and fairly in your university study ensures the CQUniversity qualification you earn will be valued as a true indication of your individual academic achievement and will continue to receive the respect and recognition it deserves.

As a student, you are responsible for reading and following CQUniversity's policies, including the [Student Academic Integrity Policy and Procedure](#). This policy sets out CQUniversity's expectations of you to act with integrity, examples of academic integrity breaches to avoid, the processes used to address alleged breaches of academic integrity, and potential penalties.

### What is a breach of academic integrity?

A breach of academic integrity includes but is not limited to plagiarism, self-plagiarism, collusion, cheating, contract cheating, and academic misconduct. The Student Academic Integrity Policy and Procedure defines what these terms mean and gives examples.

### Why is academic integrity important?

A breach of academic integrity may result in one or more penalties, including suspension or even expulsion from the University. It can also have negative implications for student visas and future enrolment at CQUniversity or elsewhere. Students who engage in contract cheating also risk being blackmailed by contract cheating services.

### Where can I get assistance?

For academic advice and guidance, the [Academic Learning Centre \(ALC\)](#) can support you in becoming confident in completing assessments with integrity and of high standard.

### What can you do to act with integrity?

#### Be Honest

If your assessment task is done by someone else, it would be dishonest of you to claim it as your own

#### Seek Help

If you are not sure about how to cite or reference in essays, reports etc, then seek help from your lecturer, the library or the Academic Learning Centre (ALC)

#### Produce Original Work

Originality comes from your ability to read widely, think critically, and apply your gained knowledge to address a question or problem
