

PERF20039 *Applied Creative and Professional Practice*

Term 1 - 2020

Profile information current as at 15/05/2024 02:00 pm

All details in this unit profile for PERF20039 have been officially approved by CQUniversity and represent a learning partnership between the University and you (our student). The information will not be changed unless absolutely necessary and any change will be clearly indicated by an approved correction included in the profile.

General Information

Overview

This unit provides you with the opportunity to extend your specialised, discipline-specific or interdisciplinary creative and/or professional practice and project management skills and knowledge (developed and delivered in Creative and Professional Project 1 and Creative and Professional Project 2) through the applied implementation of that project. In strategically embedding the outcomes of your project in an industry context, you will extend your expertise. This may be through an advanced engagement with the creative or professional practice of your project or a greater integration of practice within industry (such as applying for grant funding, or securing publication, exhibition or other dissemination of the work). You will also consider, evaluate and appraise the outcomes of your creative and professional project within the context of the wider policy and funding landscape of your discipline and employment opportunities, appraising the project in industry terms.

Attendance Requirements

All on-campus students are expected to attend scheduled classes – in some units, these classes are identified as a mandatory (pass/fail) component and attendance is compulsory. International students, on a student visa, must maintain a full time study load and meet both attendance and academic progress requirements in each study period (satisfactory attendance for International students is defined as maintaining at least an 80% attendance record).

Website

[This unit has a website, within the Moodle system, which is available two weeks before the start of term. It is important that you visit your Moodle site throughout the term. Please visit Moodle for more information.](#)

Class and Assessment Overview

Recommended Student Time Commitment

Each 6-credit Postgraduate unit at CQUniversity requires an overall time commitment of an average of 12.5 hours of study per week, making a total of 150 hours for the unit.

Assessment Grading

This is a graded unit: your overall grade will be calculated from the marks or grades for each assessment task, based on the relative weightings shown in the table above. You must obtain an overall mark for the unit of at least 50%, or an overall grade of 'pass' in order to pass the unit. If any 'pass/fail' tasks are shown in the table above they must also be completed successfully ('pass' grade). You must also meet any minimum mark requirements specified for a particular assessment task, as detailed in the 'assessment task' section (note that in some instances, the minimum mark for a task may be greater than 50%). Consult the [University's Grades and Results Policy](#) for more details of interim results and final grades.

Previous Student Feedback

Feedback, Recommendations and Responses

Every unit is reviewed for enhancement each year. At the most recent review, the following staff and student feedback items were identified and recommendations were made.

Feedback from self-reflection

Feedback

There is not as much scaffolding of discipline content in this unit.

Recommendation

Investigate whether more scaffolding is required in the unit, or if this will interfere with the flexibility of the project work.

Unit Learning Outcomes

On successful completion of this unit, you will be able to:

1. Investigate and analyse the processes involved and skills acquired in the strategic application of an advanced level practice-based creative or professional project
2. Strategically embed the outcomes of a advanced level practice-based creative or professional project in an industry context
3. Evidence and evaluate effective project management skills, such as time management, and project timeliness in this strategic application
4. Appraise the outcomes of the project in industry terms.

Assessment Tasks

1 Presentation - Applied Project Proposal

Assessment Type

Presentation

Task Description

You are required to deliver a 5 – 7 minute presentation to pitch your extended project phase proposal. This presentation will be recorded and digitally submitted online. This is designed to provide an outline of your proposed project phase, your progress, and your creative or professional output/s. This assessment should show evidence of your creative or professional practice. It should also showcase how you are applying your creative and professional project into an industry specific context. Further information, including the assessment criteria, will be available on Moodle.

Academic Integrity Statement

As a CQUniversity student you are expected to act honestly in all aspects of your academic work.

Any assessable work undertaken or submitted for review or assessment must be your own work. Assessable work is any type of work you do to meet the assessment requirements in the unit, including draft work submitted for review and feedback and final work to be assessed.

When you use the ideas, words or data of others in your assessment, you must thoroughly and clearly acknowledge the source of this information by using the correct referencing style for your unit. Using others' work without proper acknowledgement may be considered a form of intellectual dishonesty.

Participating honestly, respectfully, responsibly, and fairly in your university study ensures the CQUniversity qualification you earn will be valued as a true indication of your individual academic achievement and will continue to receive the respect and recognition it deserves.

As a student, you are responsible for reading and following CQUniversity's policies, including the [Student Academic Integrity Policy and Procedure](#). This policy sets out CQUniversity's expectations of you to act with integrity, examples of academic integrity breaches to avoid, the processes used to address alleged breaches of academic integrity, and potential penalties.

What is a breach of academic integrity?

A breach of academic integrity includes but is not limited to plagiarism, self-plagiarism, collusion, cheating, contract cheating, and academic misconduct. The Student Academic Integrity Policy and Procedure defines what these terms mean and gives examples.

Why is academic integrity important?

A breach of academic integrity may result in one or more penalties, including suspension or even expulsion from the University. It can also have negative implications for student visas and future enrolment at CQUniversity or elsewhere. Students who engage in contract cheating also risk being blackmailed by contract cheating services.

Where can I get assistance?

For academic advice and guidance, the [Academic Learning Centre \(ALC\)](#) can support you in becoming confident in completing assessments with integrity and of high standard.

What can you do to act with integrity?

Be Honest

If your assessment task is done by someone else, it would be dishonest of you to claim it as your own

Seek Help

If you are not sure about how to cite or reference in essays, reports etc, then seek help from your lecturer, the library or the Academic Learning Centre (ALC)

Produce Original Work

Originality comes from your ability to read widely, think critically, and apply your gained knowledge to address a question or problem
