

PMSC11002 Foundations of Paramedic Clinical Practice

Term 1 - 2024

Profile information current as at 29/04/2024 08:59 am

All details in this unit profile for PMSC11002 have been officially approved by CQUniversity and represent a learning partnership between the University and you (our student). The information will not be changed unless absolutely necessary and any change will be clearly indicated by an approved correction included in the profile.

General Information

Overview

This unit provides you with basic paramedic practice skills and knowledge to start the formulation of a clinical diagnosis and basic treatment plans for patients. You will learn scene assessment, patient assessment, diagnostic evaluations, history taking and treatment integration in cardiac life support. The unit also reviews the concepts of self care, ethics, cultural sensitivities as well as infection control and safety in practice.

Pre-requisites or Co-requisites

There are no requisites for this unit.

Important note: Students enrolled in a subsequent unit who failed their pre-requisite unit, should drop the subsequent unit before the census date or within 10 working days of Fail grade notification. Students who do not drop the unit in this timeframe cannot later drop the unit without academic and financial liability. See details in the [Assessment Policy and Procedure \(Higher Education Coursework\)](#).

Offerings For Term 1 - 2024

- Cairns
- Mixed Mode
- Rockhampton
- Townsville

Attendance Requirements

All on-campus students are expected to attend scheduled classes – in some units, these classes are identified as a mandatory (pass/fail) component and attendance is compulsory. International students, on a student visa, must maintain a full time study load and meet both attendance and academic progress requirements in each study period (satisfactory attendance for International students is defined as maintaining at least an 80% attendance record).

Residential Schools

This unit has a Compulsory Residential School for distance mode students and the details are:

Assessment Grading

This is a graded unit: your overall grade will be calculated from the marks or grades for each assessment task, based on the relative weightings shown in the table above. You must obtain an overall mark for the unit of at least 50%, or an overall grade of 'pass' in order to pass the unit. If any 'pass/fail' tasks are shown in the table above they must also be completed successfully ('pass' grade). You must also meet any minimum mark requirements specified for a particular assessment task, as detailed in the 'assessment task' section (note that in some instances, the minimum mark for a task may be greater than 50%). Consult the [University's Grades and Results Policy](#) for more details of interim results and final grades.

CQUniversity Policies

All University policies are available on the [CQUniversity Policy site](#).

You may wish to view these policies:

This list is not an exhaustive list of all University policies. The full list of University policies are available on the [CQUniversity Policy site](#).

Previous Student Feedback

Feedback, Recommendations and Responses

Every unit is reviewed for enhancement each year. At the most recent review, the following staff and student feedback items were identified and recommendations were made.

Feedback from Moodle Unit Evaluations

Feedback

Students enjoyed the exemplar video that demonstrated systematic approach.

Recommendation

The video will remain and additional exemplar videos will be created to help with contextualising the practical components of this unit.

Unit Learning Outcomes

On successful completion of this unit, you will be able to:

1. Explain how occupational safety, self-awareness, and self-care influence an individual's well-being and paramedic practice
2. Implement a safe foundational paramedic decision-making framework, incorporating basic clinical assessments and skills used in paramedic practice
3. Assess and manage a patient being mindful of cultural sensitivities and ethics
4. Articulate the principles of safe, ethical and professional practice with reference to legislative and regulatory requirements.

It is a requirement of the Paramedicine Board of Australia that units align with the AHPRA professional capabilities for registered paramedics. These are broken down into five (5) domains. Below aligns the proposed learning outcomes with these domains. In addition, the learning outcomes have also been aligned with the National Safety and Quality Health Service (NSQHS) Standards.

Professional Capabilities for a registered Paramedic

The Paramedicine Board of Australia is responsible for assessing, consulting on and setting the standards for paramedics practicing in Australia. These standards and relevant domains are articulated in the *Professional capabilities for registered paramedics* document. The learning outcomes of the unit are matched to the relevant capabilities

Standard/Attribute/Criteria	Learning Outcome

Assessment Tasks

1 Online Quiz

Assessment Type

Online Quiz(zes)

Task Description

You will be required to complete two (2) online quizzes. The quizzes will open for ten (10) days, and each quiz will have a specific time limit imposed.

The quizzes will be made up of questions exploring content based on previous weeks content (including lecture materials, online modules, links, and required reading). Quizzes are accumulative and the content will aggregate across the term.

Quiz 1 Online (Due Monday 15/04/2024 9am)

- This is to review and assess the content that was delivered from week 1 to week 5.

Quiz 2 Online (Due Monday 03/06/2024 9am)

- This is to review and assess the content that was delivered from week 6 to week 12.

A minimum of 50% must be achieved on this assessment to pass the unit

Assessment Criteria

Please access the Online Quizzes in the Assessment Block on the Moodle page for PMSC11002.

PLEASE NOTE: The marks for online quizzes 1 and 2 will be combined - to pass you must achieve 50% of the overall marks available on offer for this assessment item. These quizzes MUST be submitted by the times indicated in the assessment tasks. This is an individual assessment with no collaboration allowed. In the absence of an approved extension, there will be no opportunity to complete the tasks after the specified dates, and there will be no opportunity to apply a late penalty of five per cent per day. You will only receive 1 attempt at the quiz.

requirements.

2 Workbook

Assessment Type

Portfolio

Task Description

You will be required to complete a workbook exploring the knowledge gained throughout this unit. You will be required to work through the tasks set out in the workbook and complete your answers in a separate document. These tasks support your continued professional development through structured self-directed learning. The workbook will be provided to you via the Moodle page along with an assessment video. This task will involve a mixture of short answer responses, research, critical reviews and mini-essays.

Please review the workbook thoroughly before commencing. You must complete all parts of the workbooks according to the instructions provided, ensuring that all work is referenced as per instructions in the workbook.

Assessment Due Date

Week 11 Monday (20 May 2024) 9:00 am AEST

Return Date to Students

Exam Week Monday (10 June 2024)

Workbooks will be returned by the end of Monday 10th June

Weighting

30%

Minimum mark or grade

A minimum of 50% must be achieved on this assessment to pass the unit

Assessment Criteria

You will be required to demonstrate the theoretical knowledge taught to you throughout this unit. This will be conducted through varying tasks throughout the workbook. The workbook will have points awarded to each task with the accumulation of these points being the final result. The workbook and marking guide will be provided on the unit Moodle page. The assessment will be based on marking criteria covering the following key points:

- Successful completion of each task
- Well articulated, researched and referenced work provided throughout the workbook.

You need to pass this assessment item to pass the unit

3 Practical Assessment (OSCE)

Assessment Type

On-campus Activity

Task Description

Preamble

Theoretical knowledge and the practical application of this knowledge is vital when performing the role of paramedic. In this assessment, you will need to articulate your theoretical knowledge gained within this unit as well as apply the knowledge to successfully undertake a variety of Case Management Exercises (CMEs) to a novice level.

To attain a passing grade, you will need to complete the tasks below. All of these will be conducted at a residential school or laboratory session, using simulated environments and patients.

Task Description

You will need to complete four (4) CME stations, each designed to assess your knowledge and practical skills acquired during this unit.

- Station one (1) will involve a 10min general knowledge written test consisting of multiple choice and short answer responses.
- Station two (2) will involve the teaching and demonstration of a chosen skill taught to you in this unit. A more detailed description of this task can be found on the units Moodle page.
- Station three (3) will be in the format of a 20min structured clinical scenario looking at the following areas:
 - Patient assessment
 - History taking
 - Management
 - Professionalism
 - Safety
- Station four (4) will require you to reflect on your performance in station three (3). This reflection will be conducted online, through the units Moodle page.

Grades for this assessment task will be cumulative with each CME station having a separate weighting. Station one (1) and two (2) will be worth 10% EACH towards the total percentage. Station three (3) will be worth 15% and station four (4) will be worth 5%, giving a overall total of 40%.

Assessment Due Date

Week 7 Friday (26 Apr 2024) 8:30 am AEST

This assessment will be conducted during residential schools for external students and during the week seven scheduled session for on-campus students

Return Date to Students

Results from this assessment will be made available by no later than three weeks after the completion of all the residential schools

Academic Integrity Statement

As a CQUniversity student you are expected to act honestly in all aspects of your academic work.

Any assessable work undertaken or submitted for review or assessment must be your own work. Assessable work is any type of work you do to meet the assessment requirements in the unit, including draft work submitted for review and feedback and final work to be assessed.

When you use the ideas, words or data of others in your assessment, you must thoroughly and clearly acknowledge the source of this information by using the correct referencing style for your unit. Using others' work without proper acknowledgement may be considered a form of intellectual dishonesty.

Participating honestly, respectfully, responsibly, and fairly in your university study ensures the CQUniversity qualification you earn will be valued as a true indication of your individual academic achievement and will continue to receive the respect and recognition it deserves.

As a student, you are responsible for reading and following CQUniversity's policies, including the [Student Academic Integrity Policy and Procedure](#). This policy sets out CQUniversity's expectations of you to act with integrity, examples of academic integrity breaches to avoid, the processes used to address alleged breaches of academic integrity, and potential penalties.

What is a breach of academic integrity?

A breach of academic integrity includes but is not limited to plagiarism, self-plagiarism, collusion, cheating, contract cheating, and academic misconduct. The Student Academic Integrity Policy and Procedure defines what these terms mean and gives examples.

Why is academic integrity important?

A breach of academic integrity may result in one or more penalties, including suspension or even expulsion from the University. It can also have negative implications for student visas and future enrolment at CQUniversity or elsewhere. Students who engage in contract cheating also risk being blackmailed by contract cheating services.

Where can I get assistance?

For academic advice and guidance, the [Academic Learning Centre \(ALC\)](#) can support you in becoming confident in completing assessments with integrity and of high standard.

What can you do to act with integrity?

Be Honest

If your assessment task is done by someone else, it would be dishonest of you to claim it as your own

Seek Help

If you are not sure about how to cite or reference in essays, reports etc, then seek help from your lecturer, the library or the Academic Learning Centre (ALC)

Produce Original Work

Originality comes from your ability to read widely, think critically, and apply your gained knowledge to address a question or problem
