

PMSC13001 *Mental Health for Paramedics*

Term 1 - 2021

Profile information current as at 11/04/2024 01:21 am

All details in this unit profile for PMSC13001 have been officially approved by CQUUniversity and represent a learning partnership between the University and you (our student). The information will not be changed unless absolutely necessary and any change will be clearly indicated by an approved correction included in the profile.

General Information

Overview

Within your role as a paramedic you will encounter consumers experiencing many differing forms of mental health challenge which affect their presentation and recovery. During this unit you will develop communication skills (including the ability to actively listen to consumer and family story), recognise alterations in mental health and gain knowledge of therapeutic options and referral pathways available to assist consumers.

Offerings For Term 1 - 2021

- Mixed Mode

Attendance Requirements

All on-campus students are expected to attend scheduled classes - in some units, these classes are identified as a mandatory (pass/fail) component and attendance is compulsory. International students, on a student visa, must maintain a full time study load and meet both attendance and academic progress requirements in each study period (satisfactory attendance for International students is defined as maintaining at least an 80% attendance record).

Residential Schools

This unit has a Compulsory Residential School for distance mode students and the details are:

Assessment Grading

This is a graded unit: your overall grade will be calculated from the marks or grades for each assessment task, based on the relative weightings shown in the table above. You must obtain an overall mark for the unit of at least 50%, or an overall grade of 'pass' in order to pass the unit. If any 'pass/fail' tasks are shown in the table above they must also be completed successfully ('pass' grade). You must also meet any minimum mark requirements specified for a particular assessment task, as detailed in the 'assessment task' section (note that in some instances, the minimum mark for a task may be greater than 50%). Consult the [University's Grades and Results Policy](#) for more details of interim results and final grades.

CQUniversity Policies

All University policies are available on the [CQUniversity Policy site](#).

You may wish to view these policies:

This list is not an exhaustive list of all University policies. The full list of University policies are available on the [CQUniversity Policy site](#).

Previous Student Feedback

Feedback, Recommendations and Responses

Every unit is reviewed for enhancement each year. At the most recent review, the following staff and student feedback items were identified and recommendations were made.

Feedback from Have your say

Feedback

Students enjoyed the authenticity and relevance of this unit.

Recommendation

Maintain unit content to reflect authentic paramedic practice relevant to mental health.

Feedback from Have your say

Feedback

Students were disappointed in the clarity of the assessment task

Recommendation

The written assignment piece was new this term and was sent out to the paramedic team prior to posting it on the moodle page. It has been identified that the assignment needed to be written clearer and be more specific, so students could understand clearly what was being asked of them. The marking rubric will also be adjusted to allow for better further clarification and understanding of what is required of the students for the written task.

Feedback from Have your say

Feedback

PowerPoint presentations and other resource material felt thrown together.

Recommendation

The unit had a restructure to allow for industry related topics to be added. There was a lot of research put into every topic in the Moodle page along with several different learning tools i.e journal articles, YouTube videos, past student interviews, PowerPoint slides and videos to try and cater for all types of learners. Consideration will be taken to adjust some of these resources.

Unit Learning Outcomes

On successful completion of this unit, you will be able to:

1. Assess, compare and contrast different presentations of consumers experiencing mental health challenges
2. Plan and deliver a range of therapeutic options (using an individual and cultural specific context) to assist a person who may be experiencing mental health challenges
3. Apply mental health related legislation within the context of paramedicine
4. Apply the principles of interpersonal communication and professional behaviours to the standards expected of a paramedic.

2 On Campus Assessments

Assessment Type

On-campus Activity

Task Description

For this assessment, students will be required to attend a compulsory residential school. This assessment task will consist of Objective Structured Clinical Examination (OSCE) and a Voice Viva which will take place during the residential school. The format of the OSCE will be CME (Case Management Exercise), which relates to the learning outcomes of this unit.

There will be two (2) assessment tasks, which are designed to assess the knowledge and practical skills acquired during this unit.

Students will be allocated 20 minutes for the CME and 10 minutes for the Voice Viva to complete the task.

Both the CME and the Voice Viva will be looking at any / all of the following areas:

- **Patient assessment and history taking**
- **Evidence gathering and patient treatment**
- **Implementation of interventions, procedures, and skills**
- **Overall patient and scene management**
- **MSE**

Assessment Criteria

This practical assessment is a pass/fail assessment. Students must achieve a pass mark equal to or greater than 50% for the OSCE and Voice Viva in order to pass this assessment. Failure to achieve this will result in a failure of residential school.

If you fail to achieve at minimum of 50% in one of the assessment items you will be given the opportunity for a resit, however if you fail to achieve a minimum of 50% for both assessment items you fail the residential school.

There will be varied scoring tools used based on the type of assessment. The scoring tools for each assessment are validated and reliable. Scoring tools will be available to students via the Moodle page at the commencement of term.

During these assessments, if there are any errors performed which would cause immediate harm to yourself, partner, patient, or bystanders this will result in a critical error being recorded.

Critical errors in this unit will be classed as anything, by act or omission, that causes immediate harm or has the potential to cause harm, to yourself, partner, patient or bystanders or any procedure that is performed outside your scope of practice. During any form of assessment, if any of the following are witnessed the assessment will continue and be moderated by the unit coordinator. Furthermore, any critical error discovered on review or moderation will also result in no marks being given for that assessment.

Unsafe defibrillation

Incorrect joule delivered to the patient

Defibrillation of a non-shockable rhythm

Failure to recognise a cardiac arrest within 1 minute

Failure to defibrillate a shockable rhythm within 2 minutes

Failure to perform a complete drug check

Incorrect sharps disposal or unsafe practice with a sharp

Performing a skill or procedure outside the scope of practice taught to you in PMSC12001, PMSC12004 or PMSC13001

Assessment Criteria

The assignment should be of a high academic standard in line with the professional standards and in line with a higher education submission. The emphasis should be on the use of credible, recent and scholarly journal articles. Papers will be marked in line with the rubric, which will be posted on the Moodle page at the start of term. All assignments must be put through Turnitin. The word count for the assignment is 2000 words (+ / - 10%) excluding references.

A marking rubric will be provided on the Moodle page at the start of term.

Please note that you should select and use at least SIX (6) recent peer-reviewed scientific journal articles on your topic. These articles should be dated after 2011. You may also use expert textbooks and websites, however, please note that you are not to use your prescribed textbook or lectures from this unit and references from the website <http://www.wikipedia.org> will not be accepted. In this assessment, you are required to demonstrate and develop your research skills.

Late submissions will receive a 5% deduction per day on the overall mark if an extension has not been granted.

Your assignment **MUST** be in your own words and must be completed individually and you should not collaborate with any other student. It is expected that you are to include **AT LEAST 10** references in total.

You must achieve a pass mark of 50% in order to pass this assessment.

Academic Integrity Statement

As a CQUniversity student you are expected to act honestly in all aspects of your academic work.

Any assessable work undertaken or submitted for review or assessment must be your own work. Assessable work is any type of work you do to meet the assessment requirements in the unit, including draft work submitted for review and feedback and final work to be assessed.

When you use the ideas, words or data of others in your assessment, you must thoroughly and clearly acknowledge the source of this information by using the correct referencing style for your unit. Using others' work without proper acknowledgement may be considered a form of intellectual dishonesty.

Participating honestly, respectfully, responsibly, and fairly in your university study ensures the CQUniversity qualification you earn will be valued as a true indication of your individual academic achievement and will continue to receive the respect and recognition it deserves.

As a student, you are responsible for reading and following CQUniversity's policies, including the [Student Academic Integrity Policy and Procedure](#). This policy sets out CQUniversity's expectations of you to act with integrity, examples of academic integrity breaches to avoid, the processes used to address alleged breaches of academic integrity, and potential penalties.

What is a breach of academic integrity?

A breach of academic integrity includes but is not limited to plagiarism, self-plagiarism, collusion, cheating, contract cheating, and academic misconduct. The Student Academic Integrity Policy and Procedure defines what these terms mean and gives examples.

Why is academic integrity important?

A breach of academic integrity may result in one or more penalties, including suspension or even expulsion from the University. It can also have negative implications for student visas and future enrolment at CQUniversity or elsewhere. Students who engage in contract cheating also risk being blackmailed by contract cheating services.

Where can I get assistance?

For academic advice and guidance, the [Academic Learning Centre \(ALC\)](#) can support you in becoming confident in completing assessments with integrity and of high standard.

What can you do to act with integrity?

Be Honest

If your assessment task is done by someone else, it would be dishonest of you to claim it as your own

Seek Help

If you are not sure about how to cite or reference in essays, reports etc, then seek help from your lecturer, the library or the Academic Learning Centre (ALC)

Produce Original Work

Originality comes from your ability to read widely, think critically, and apply your gained knowledge to address a question or problem
