

# PMSC13002 Clinical Paramedic Practice 2

## Term 1 - 2024

Profile information current as at 29/04/2024 10:07 pm

All details in this unit profile for PMSC13002 have been officially approved by CQU University and represent a learning partnership between the University and you (our student). The information will not be changed unless absolutely necessary and any change will be clearly indicated by an approved correction included in the profile.

### General Information

#### Overview

This unit is the second of three (3) clinical placement units within the Bachelor of Paramedic Science Course. The unit requires you to apply clinical knowledge and skills at an Intermediate level in a clinical setting with an approved provider. You will engage in reflective practice activities to support self-directed learning, demonstrate your competency of newly acquired skills and work on areas for improvement identified during your first clinical placement unit.

#### Details

Career Level: *Undergraduate*

Unit Level: *Level 3*

Credit Points: 6

Student Contribution Band: 8

Fraction of Full-Time Student Load: 0.125

#### Pre-requisites or Co-requisites

Pre requisites: PMSC12002 Clinical Paramedic Practice 1 PMSC12003 Special Populations in Paramedic Practice PMSC12005 Paramedic Medical Emergencies 2 Please note: Any student who has not successfully completed a PMSC residential school within the preceding 12 months or undertaken a clinical placement unit, must complete a PMSC12001 Procedures & Skills refresher. This ensures currency with all contemporary skills and procedures in line with industry standards and professional capabilities.

Important note: Students enrolled in a subsequent unit who failed their pre-requisite unit, should drop the subsequent unit before the census date or within 10 working days of Fail grade notification. Students who do not drop the unit in this timeframe cannot later drop the unit without academic and financial liability. See details in the [Assessment Policy and Procedure \(Higher Education Coursework\)](#).

#### Offerings For Term 1 - 2024

- Mixed Mode

#### Attendance Requirements

All on-campus students are expected to attend scheduled classes - in some units, these classes are identified as a mandatory (pass/fail) component and attendance is compulsory. International students, on a student visa, must maintain a full time study load and meet both attendance and academic progress requirements in each study period (satisfactory attendance for International students is defined as maintaining at least an 80% attendance record).

#### Website

[This unit has a website, within the Moodle system, which is available two weeks before the start of term. It is important that you visit your Moodle site throughout the term. Please visit Moodle for more information.](#)

## Class and Assessment Overview

### Recommended Student Time Commitment

Each 6-credit Undergraduate unit at CQUniversity requires an overall time commitment of an average of 12.5 hours of study per week, making a total of 150 hours for the unit.

## Previous Student Feedback

### Feedback, Recommendations and Responses

Every unit is reviewed for enhancement each year. At the most recent review, the following staff and student feedback items were identified and recommendations were made.

#### Feedback from SUTE

**Feedback**

I did not have any issues with the learning material or content for this unit. I do appreciate the time and effort that has been put into the new electronic mentor reports however, I would of liked a section for the mentor to actually write some comments like they did with the old ones as it really helped me last time to receive some written feedback.

**Recommendation**

It is recommended to include open text boxes in the electronic and automated Mentor Reports, via Sonia.

#### Feedback from SUTE

**Feedback**

I love the new electronic form for recording our cases however can we please have a couple more allocations for jobs that don't quite fit anywhere ie - Other and have a field we can type in the category we think it fits in.

**Recommendation**

It is recommended to align the mentor report clinical fields with a greater range of case types for option. For example a 'Poisons' section.

#### Feedback from Forum posts, emails, phone conversations.

**Feedback**

Students have expressed concern regarding lack of a consistent mentor whilst on clinical placement with QAS. And therefore raising concerns regarding impact on mentor report completion and validity.

**Recommendation**

This is largely at the mercy of QAS operational demand, COVID health staff shortages and increase in case load for prehospital care providers. Ensure student communication is clear and early on in placement allocations with both OICs and mentors. Feedback can also be provided to industry through the academic team and QAS clinical placement coordination regarding this.

## Unit Learning Outcomes

### On successful completion of this unit, you will be able to:

1. Apply clinical reasoning and practical skills at an Intermediate level within the clinical setting whilst working collaboratively with allied health professionals
2. Revise reflective practice principles associated with clinical reasoning and conduct whilst supporting diverse groups in the health care setting
3. Analyse legal responsibilities and requirements, ethical and professional responsibilities and the legal and ethical boundaries of paramedicine practice.

It is a requirement of the Paramedicine Board of Australia that units align with the AHPRA professional capabilities for registered paramedics. These are broken down into five (5) domains. Below aligns the proposed learning outcomes with these domains. In addition, the learning outcomes have also been aligned with the National Safety and Quality Health Service (NSQHS) Standards.

### Professional Capabilities for a Registered Paramedic

The Paramedicine Board of Australia is responsible for assessing, consulting on and setting the standards for paramedics practicing in Australia. These standards and relevant domains are articulated in the *Professional capabilities for registered paramedics* document. The learning outcomes of this unit are matched to the relevant capabilities.

## Academic Integrity Statement

As a CQUniversity student you are expected to act honestly in all aspects of your academic work.

Any assessable work undertaken or submitted for review or assessment must be your own work. Assessable work is any type of work you do to meet the assessment requirements in the unit, including draft work submitted for review and feedback and final work to be assessed.

When you use the ideas, words or data of others in your assessment, you must thoroughly and clearly acknowledge the source of this information by using the correct referencing style for your unit. Using others' work without proper acknowledgement may be considered a form of intellectual dishonesty.

Participating honestly, respectfully, responsibly, and fairly in your university study ensures the CQUniversity qualification you earn will be valued as a true indication of your individual academic achievement and will continue to receive the respect and recognition it deserves.

As a student, you are responsible for reading and following CQUniversity's policies, including the [Student Academic Integrity Policy and Procedure](#). This policy sets out CQUniversity's expectations of you to act with integrity, examples of academic integrity breaches to avoid, the processes used to address alleged breaches of academic integrity, and potential penalties.

### What is a breach of academic integrity?

A breach of academic integrity includes but is not limited to plagiarism, self-plagiarism, collusion, cheating, contract cheating, and academic misconduct. The Student Academic Integrity Policy and Procedure defines what these terms mean and gives examples.

### Why is academic integrity important?

A breach of academic integrity may result in one or more penalties, including suspension or even expulsion from the University. It can also have negative implications for student visas and future enrolment at CQUniversity or elsewhere. Students who engage in contract cheating also risk being blackmailed by contract cheating services.

### Where can I get assistance?

For academic advice and guidance, the [Academic Learning Centre \(ALC\)](#) can support you in becoming confident in completing assessments with integrity and of high standard.

### What can you do to act with integrity?

#### Be Honest

If your assessment task is done by someone else, it would be dishonest of you to claim it as your own

#### Seek Help

If you are not sure about how to cite or reference in essays, reports etc, then seek help from your lecturer, the library or the Academic Learning Centre (ALC)

#### Produce Original Work

Originality comes from your ability to read widely, think critically, and apply your gained knowledge to address a question or problem
