

PMSC13004 *Clinical Paramedic Practice 3*

Term 2 - 2020

Profile information current as at 23/04/2024 09:45 pm

All details in this unit profile for PMSC13004 have been officially approved by CQU University and represent a learning partnership between the University and you (our student). The information will not be changed unless absolutely necessary and any change will be clearly indicated by an approved correction included in the profile.

General Information

Overview

This unit is the third of three work-integrated learning units within the undergraduate Paramedic Course, requiring you to apply clinical knowledge, reasoning and practical skills at an advanced level in the acute prehospital care environment. You will complete a total of six weeks of clinical placement at an urban station with an approved ambulance service. Placement activities focus on clinical judgement and decision-making to support your increasingly independent practice, ensuring you are adequately prepared for entry into a graduate internship program.

Details

Career Level: *Undergraduate*

Unit Level: *Level 3*

Credit Points: 6

Student Contribution Band: 8

Fraction of Full-Time Student Load: 0.125

Pre-requisites or Co-requisites

Pre Requisites: PMSC13002 Clinical Paramedic Practice 2 and PMSC13003 Pharmacology in Paramedic Practice

Important note: Students enrolled in a subsequent unit who failed their pre-requisite unit, should drop the subsequent unit before the census date or within 10 working days of Fail grade notification. Students who do not drop the unit in this timeframe cannot later drop the unit without academic and financial liability. See details in the [Assessment Policy and Procedure \(Higher Education Coursework\)](#).

Offerings For Term 2 - 2020

- Mixed Mode

Attendance Requirements

All on-campus students are expected to attend scheduled classes - in some units, these classes are identified as a mandatory (pass/fail) component and attendance is compulsory. International students, on a student visa, must maintain a full time study load and meet both attendance and academic progress requirements in each study period (satisfactory attendance for International students is defined as maintaining at least an 80% attendance record).

Website

[This unit has a website, within the Moodle system, which is available two weeks before the start of term. It is important that you visit your Moodle site throughout the term. Please visit Moodle for more information.](#)

Class and Assessment Overview

Recommended Student Time Commitment

Each 6-credit Undergraduate unit at CQUniversity requires an overall time commitment of an average of 12.5 hours of study per week, making a total of 150 hours for the unit.

Assessment Overview

1. **Portfolio**

Weighting: Pass/Fail

2. **Professional Practice Placement**

Weighting: Pass/Fail

Assessment Grading

This is a pass/fail (non-graded) unit. To pass the unit, you must pass all of the individual assessment tasks shown in the table above.

CQUniversity Policies

All University policies are available on the [CQUniversity Policy site](#).

You may wish to view these policies:

- Grades and Results Policy
- Assessment Policy and Procedure (Higher Education Coursework)
- Review of Grade Procedure
- Student Academic Integrity Policy and Procedure
- Monitoring Academic Progress (MAP) Policy and Procedure – Domestic Students
- Monitoring Academic Progress (MAP) Policy and Procedure – International Students
- Student Refund and Credit Balance Policy and Procedure
- Student Feedback – Compliments and Complaints Policy and Procedure
- Information and Communications Technology Acceptable Use Policy and Procedure

This list is not an exhaustive list of all University policies. The full list of University policies are available on the [CQUniversity Policy site](#).

Previous Student Feedback

Feedback, Recommendations and Responses

Every unit is reviewed for enhancement each year. At the most recent review, the following staff and student feedback items were identified and recommendations were made.

Feedback from Queensland Ambulance Service

Feedback

Several letters of recommendation were sent to CQUni by the placement host during the term to recognise the excellent performance of some CQUni student paramedics who attended critical incidents this term. These students performed professionally and reliably on very stressful and difficult cases, making a real contribution to the effective delivery of prehospital care.

Recommendation

The letters are forwarded to the Dean of the School, Discipline Lead, and other academic leaders in the University, and the student receives a copy of the letter of recommendation with further messages of congratulations from School academics. The high student performance on such cases is indicative of the excellent overall quality of our student cohort and the fact that they do attain all clinical procedures and skills prior to undertaking their first clinical placement.

Feedback from Have your say surveys, informal student feedback

Feedback

Students still feel that the content of the assessments for the unit is too laborious while they are clinical placement.

Recommendation

The assessment tasks in the unit are consistent with other university work-integrated learning tasks and have been reviewed and reduced. It is recommended that a Zoom session be run in the first week of the next offering to go through the assessment tasks in detail with the students to show that these tasks are not time intensive.

Unit Learning Outcomes

On successful completion of this unit, you will be able to:

1. Demonstrate clinical reasoning and practical skills within the acute prehospital care setting
2. Critically examine and self-evaluate own clinical decision-making processes during case management.

Schedule

Week 1 - 13 Jul 2020

Module/Topic

PRE-PLACEMENT:

- Review your progress from Placement Two and establish your learning goals for this term.

Chapter

Review and test yourself on QAS CPM chapters:

- Behavioural Disturbance CPGs.
- Neurological CPGs.
- All related DTPs.

Events and Submissions/Topic

Week 2 - 20 Jul 2020

Module/Topic

PLACEMENT WEEK ONE:

- Discuss your learning goals and support needs with Mentors at the earliest opportunity.

Chapter

Review and test yourself on QAS CPM chapters:

- Cardiac CPGs.
- Resuscitation CPGs.
- Respiratory CPGs.
- All related CPPs.
- All related DTPs.

Events and Submissions/Topic

- Primary goal this week is to discuss your learning goals and support needs with your paramedic Mentors, it is important to let them know of any challenges that you had during your first and second placements.
- If you experience any challenges having a frank discussion regarding your support needs, please contact your Unit Coordinator.

Week 3 - 27 Jul 2020

Module/Topic

PLACEMENT WEEK TWO

Chapter

Review and test yourself on QAS CPM chapters:

- Obstetrics CPGs.
- Obstetrics CPPs.
- All related DTPs.

Events and Submissions/Topic

- Complete PAPER1 this week.

Week 4 - 03 Aug 2020

Module/Topic

PLACEMENT WEEK THREE

Chapter

Review and test yourself on QAS CPM chapters:

- Medical CPGs.
- Other CPGs.
- All related DTPs.

Events and Submissions/Topic

Week 5 - 10 Aug 2020

Module/Topic

PLACEMENT WEEK FOUR

Chapter

Review and test yourself on QAS CPM chapters:

- Toxicology & Toxinology CPGs.
- Environmental CPGs.
- All related DTPs.

Events and Submissions/Topic

- Complete PAPER2 this week.

Vacation Week - 17 Aug 2020

Module/Topic

PLACEMENT WEEK FIVE

Chapter

Review and test yourself on QAS CPM chapters:

- Trauma CPGs.
- All related CPPs.
- All related DTPs.

Term Specific Information

Due to the impact of COVID-19 and the Government-mandated social distancing rules, Queensland Ambulance Service (QAS) and other statutory ambulance services postponed university clinical placements in the first half of 2020. This resulted in the cancellation of the Term One placements for PMSC13002, and the temporary postponement of clinical placement for this unit. Please note that although this placement has now been reinstated, and is cleared to go ahead per the scheduled Term Two dates, QAS are unable to also give additional placement hours beyond the six weeks scheduled for this unit.

For this reason, your six week clinical placement in Term Two, 2020, shall fulfil the requirements for both PMSC13002 T1 2020 and PMSC13004 T2 2020. You will complete all assessment tasks for both units as usual; please refer to the Moodle page for each unit for more information on assessment submissions, and consult the relevant Unit Coordinator with any questions.

Cases of COVID-19 remain present in the community and changes to placement arrangements may arise without prior warning. Alterations to placement dates in response to the pandemic situation remain wholly outside the control of CQUniversity. Please keep a close eye on the CG95 Moodle and the unit Moodle for this placement unit, as the Paramedic Science team at CQUniversity will continue to do our best to notify you ASAP of any further developments in relation to clinical placement.

Assessment Tasks

1 Clinical Placement Portfolio

Assessment Type

Portfolio

Task Description

This term you will continue to use reflective practice activities to self-assess your own academic progress and to proactively manage your learning and development during on-road placement.

This assessment comprises a combination of clinical and non-clinical tasks presented in portfolio format. These tasks support your continued professional development through structured reflective practice activities and self-directed learning.

By continuing with this program of self-review through your final clinical placement, you will further cement the core skill set necessary to take charge of your academic and clinical professional development, both during this final clinical placement and future career with an Australian ambulance service.

Assessment Due Date

Week 8 Friday (11 Sept 2020) 11:59 pm AEST

For non-standard clinical placement dates, your portfolios are due two weeks after the completion of your clinical placement.

Return Date to Students

Week 11 Friday (2 Oct 2020)

For non-standard clinical placement dates, your results will be posted three weeks after actual submission date.

Weighting

Pass/Fail

Assessment Criteria

The Portfolio comprises one workbook document, which must be completed to the required standard and submitted as a single combined PDF document. The portfolio will contain the following elements:

- Patient Care Officer Case Log.
- Pre- and Post- Placement Self-Reviews.
- Clinical Case Reviews, completed to the required standard. **Please review the example provided in Moodle. Substandard CCRs will be returned for completion.**
- Clinical Skills Sign-Off Sheet.
- DTP Sign-Off Sheet.
- Marking Checklist, to be completed by the student prior to submission.

The portfolio must be submitted as a single PDF file and uploaded to Moodle; please do not submit as image files, and please do not email these to your Lecturer. Please see the unit Moodle for a complete description and discussion of this

assessment task, including completion guidelines and word count requirements as relevant.

You must submit and pass all components of this assessment to pass this task. This is a pass/fail assessment. You must pass all assessments to pass the unit.

An exemplar will be posted to the unit Moodle page for reference.

Submission

Online

Submission Instructions

Portfolios must be submitted as a single PDF file and uploaded to Moodle; please do not submit as image files, and please do not email these to your Lecturer.

Learning Outcomes Assessed

- Critically examine and self-evaluate own clinical decision-making processes during case management.

Graduate Attributes

- Communication
- Problem Solving
- Critical Thinking

2 Placement Attendance & Performance Evaluation Reports

Assessment Type

Professional Practice Placement

Task Description

On a fortnightly basis, you will complete a Placement Attendance & Performance Evaluation Report (PAPER) with your supervising Mentor. This report considers aspects of your clinical and professional performance on-road, including your performance as patient care officer, clinical procedures and skills, communication and teamwork skills, and your professional conduct, attitude, and demeanour. The PAPER template guides you and your Mentor through completion, and the form itself also provides comprehensive information for your Mentor on your current stage of learning, your expected performance levels, and information on support and assessment. Please see the unit Moodle site for a complete description of this assessment task, including completion guidelines and examples.

This task is designed to enhance the educational quality and value of your clinical placement by:

- Establishing clear expectations of students' clinical performance and knowledge, enabling Mentors to frame assessment, feedback, and support at the appropriate level.
- Providing a framework for communication and feedback to guide and strengthen the Student - Mentor relationship.
- Recording your on-road performance on a week-by-week basis, to demonstrate achievement of unit learning objectives and assessment requirements.
- Ensure adherence to required standards of conduct and attendance during clinical placement.

It is important to note that these documents are not solely to confirm your completion of unit requirements; they are equally valuable as evidence logs of your professionalism, conduct, and clinical performance that will support your future employment applications. For these reasons they are arguably the most valuable documents from your clinical placement, and it is imperative that you are diligent in completing them with your Mentors as instructed.

Assessment Due Date

Week 7 Friday (4 Sept 2020) 11:59 pm AEST

For non-standard clinical placement dates your due date for this assessment is one week after the completion of your clinical placement.

Return Date to Students

Week 10 Friday (25 Sept 2020)

For non-standard clinical placement dates your return date for this assessment is three weeks after submission.

Weighting

Pass/Fail

Assessment Criteria

Whilst attending placement you will provide a copy of the Student Information Sheet to all Mentors that you work with. This sheet provides information on appropriate performance expectations, the goals of this placement phase, and on the performance review process. Appropriate feedback and grading from your Mentor depends upon their access to this

information, and it also provides University contact details in the event of emergencies or problems, so please ensure that you do provide this sheet for Mentors. Where problems arise in terms of performance expectations one of the first things that is checked is completion of the Student Information Sheet.

- Your submission must meet the following criteria to pass this assessment task:
- You must attend all scheduled shifts for both placement rotations. Minimum placement hours apply.
- You will complete three PAPERS with your Mentors across the six weeks of your clinical placement **according to the stated schedule:** complete PAPER1 at end of second placement week, complete PAPER2 at end of fourth placement week, complete PAPER3 during (but before the end of) the sixth and final placement week.
- You will submit all three PAPERS together on the first Friday following completion of clinical placement.
- All fields must be completed in full according to directions on the Information Sheet at the front of the document.
- Your shift attendance log must be verified as true and correct by either one of your Mentors or your station OIC. Failure to obtain a signature from your Mentor or OIC will result in your PAPER being return for all signatures.
- You must complete the Marking Checklist prior to submission of the PAPER assessment.
- Notify the placement host by phone asap of any unplanned absenteeism; next notify the Unit Coordinator via email and attach a completed Absenteeism Report.
- Absences must be logged on the shift log, and arrangements made to complete missed hours. Minimum total hours apply.
- Minimum expectations of clinical performance grades are detailed within the assessment rubric on Moodle.
- Minimum expectations of professional conduct grades are detailed within the assessment rubric on Moodle.
- Students are expected to uphold the standards and requirements of the Clinical Placement Guidelines as provided within Moodle.
- Direct reports from industry of student misconduct, or of significant concerns regarding clinical performance, are investigated fully and may impact successful completion of this assessment task.
- Please scan all pages of your PAPERS, and compile into ONE SINGLE PDF file. Instructions for this process are provided on Moodle.

Further information and examples of completed documentation are provided on Moodle. Attendance and Mentor reports are subject to validity checks with placement hosts.

Professional conduct:

Your professional conduct during clinical placement is subject to evaluation. Significant penalties, ranging from unit failure to course expulsion, exist for students whose conduct and/or actions breach University policies and/or those of the industry placement host. Direct lines of communication exist between placement hosts and the University, and all complaints or concerns raised by industry representatives will be fully investigated. In such circumstances both student and industry perspectives are sought.

Please review the policies and rubrics for this assessment task prior to placement; these are available on the Moodle assessment page.

You must submit and pass all components of this assessment to pass this task. This is a pass/fail assessment. You must pass all assessments to pass the unit.

Academic Integrity Statement

As a CQUniversity student you are expected to act honestly in all aspects of your academic work.

Any assessable work undertaken or submitted for review or assessment must be your own work. Assessable work is any type of work you do to meet the assessment requirements in the unit, including draft work submitted for review and feedback and final work to be assessed.

When you use the ideas, words or data of others in your assessment, you must thoroughly and clearly acknowledge the source of this information by using the correct referencing style for your unit. Using others' work without proper acknowledgement may be considered a form of intellectual dishonesty.

Participating honestly, respectfully, responsibly, and fairly in your university study ensures the CQUniversity qualification you earn will be valued as a true indication of your individual academic achievement and will continue to receive the respect and recognition it deserves.

As a student, you are responsible for reading and following CQUniversity's policies, including the [Student Academic Integrity Policy and Procedure](#). This policy sets out CQUniversity's expectations of you to act with integrity, examples of academic integrity breaches to avoid, the processes used to address alleged breaches of academic integrity, and potential penalties.

What is a breach of academic integrity?

A breach of academic integrity includes but is not limited to plagiarism, self-plagiarism, collusion, cheating, contract cheating, and academic misconduct. The Student Academic Integrity Policy and Procedure defines what these terms mean and gives examples.

Why is academic integrity important?

A breach of academic integrity may result in one or more penalties, including suspension or even expulsion from the University. It can also have negative implications for student visas and future enrolment at CQUniversity or elsewhere. Students who engage in contract cheating also risk being blackmailed by contract cheating services.

Where can I get assistance?

For academic advice and guidance, the [Academic Learning Centre \(ALC\)](#) can support you in becoming confident in completing assessments with integrity and of high standard.

What can you do to act with integrity?

Be Honest

If your assessment task is done by someone else, it would be dishonest of you to claim it as your own

Seek Help

If you are not sure about how to cite or reference in essays, reports etc, then seek help from your lecturer, the library or the Academic Learning Centre (ALC)

Produce Original Work

Originality comes from your ability to read widely, think critically, and apply your gained knowledge to address a question or problem
