

Profile information current as at 17/04/2024 07:35 am

All details in this unit profile for PMSC20001 have been officially approved by CQUniversity and represent a learning partnership between the University and you (our student). The information will not be changed unless absolutely necessary and any change will be clearly indicated by an approved correction included in the profile.

### **General Information**

#### Overview

This unit will introduce you to advanced clinical assessment, combining the skills of clinical history taking with those for physical examination, whilst incorporating knowledge of cultural and linguistically diverse populations. You will synthesise clinical information while integrating underpinning knowledge of common pathologies and pathophysiology in the critical care context. You will be able to formulate an appropriate clinical management plan to treat the critically ill or injured and employ reflective practice principles to effectively revise ongoing management plans as required. You will also critically reflect upon the leadership skills required at a critical care level.

#### **Details**

Career Level: Postgraduate

Unit Level: Level 8 Credit Points: 6

Student Contribution Band: 8

Fraction of Full-Time Student Load: 0.125

# Pre-requisites or Co-requisites

There are no requisites for this unit.

Important note: Students enrolled in a subsequent unit who failed their pre-requisite unit, should drop the subsequent unit before the census date or within 10 working days of Fail grade notification. Students who do not drop the unit in this timeframe cannot later drop the unit without academic and financial liability. See details in the <u>Assessment Policy and Procedure (Higher Education Coursework)</u>.

# Offerings For Term 1 - 2023

• Online

# Attendance Requirements

All on-campus students are expected to attend scheduled classes – in some units, these classes are identified as a mandatory (pass/fail) component and attendance is compulsory. International students, on a student visa, must maintain a full time study load and meet both attendance and academic progress requirements in each study period (satisfactory attendance for International students is defined as maintaining at least an 80% attendance record).

#### Website

This unit has a website, within the Moodle system, which is available two weeks before the start of term. It is important that you visit your Moodle site throughout the term. Please visit Moodle for more information.

# Class and Assessment Overview

#### Recommended Student Time Commitment

Each 6-credit Postgraduate unit at CQUniversity requires an overall time commitment of an average of 12.5 hours of study per week, making a total of 150 hours for the unit.

### Class Timetable

#### **Regional Campuses**

Bundaberg, Cairns, Emerald, Gladstone, Mackay, Rockhampton, Townsville

#### **Metropolitan Campuses**

Adelaide, Brisbane, Melbourne, Perth, Sydney

#### **Assessment Overview**

1. Written Assessment

Weighting: 40% 2. **Online Quiz(zes)** Weighting: 20% 3. **Portfolio** Weighting: 40%

### Assessment Grading

This is a graded unit: your overall grade will be calculated from the marks or grades for each assessment task, based on the relative weightings shown in the table above. You must obtain an overall mark for the unit of at least 50%, or an overall grade of 'pass' in order to pass the unit. If any 'pass/fail' tasks are shown in the table above they must also be completed successfully ('pass' grade). You must also meet any minimum mark requirements specified for a particular assessment task, as detailed in the 'assessment task' section (note that in some instances, the minimum mark for a task may be greater than 50%). Consult the <u>University's Grades and Results Policy</u> for more details of interim results and final grades.

# **CQUniversity Policies**

#### All University policies are available on the CQUniversity Policy site.

You may wish to view these policies:

- Grades and Results Policy
- Assessment Policy and Procedure (Higher Education Coursework)
- Review of Grade Procedure
- Student Academic Integrity Policy and Procedure
- Monitoring Academic Progress (MAP) Policy and Procedure Domestic Students
- Monitoring Academic Progress (MAP) Policy and Procedure International Students
- Student Refund and Credit Balance Policy and Procedure
- Student Feedback Compliments and Complaints Policy and Procedure
- Information and Communications Technology Acceptable Use Policy and Procedure

This list is not an exhaustive list of all University policies. The full list of University policies are available on the CQUniversity Policy site.

### Previous Student Feedback

# Feedback, Recommendations and Responses

Every unit is reviewed for enhancement each year. At the most recent review, the following staff and student feedback items were identified and recommendations were made.

#### Feedback from SUTE Comment Report.

#### **Feedback**

The lecturer was incredibly supportive and assisted me in gaining a clearer understanding of the requirements for critical care and evidence-based practice as it relates directly to me. I can not speak highly enough of the assistance and professionalism.

#### Recommendation

Adhere to current teaching standards and strive to engage with students continually.

# **Unit Learning Outcomes**

#### On successful completion of this unit, you will be able to:

- 1. Undertake a comprehensive clinical assessment, including history taking and physical examination whilst incorporating knowledge of culturally and linguistically diverse populations
- 2. Synthesise clinical information while integrating underpinning knowledge of common pathologies and pathophysiology in the critical care context
- 3. Formulate an appropriate clinical management plan based on clinical assessment findings, underpinning knowledge and evidence based medicine
- 4. Engage reflective practice principles to revise ongoing management of the critical care patient
- 5. Critically reflect upon leadership skills at a critical care level within a clinical team environment.

#### **Assessment Tasks**

#### 1 PRESENTATION

#### **Assessment Type**

Written Assessment

#### **Task Description**

In the critical care context, you will formulate an appropriate clinical management plan based on clinical assessment findings, underpinning knowledge, and evidence-based medicine. You will be required to engage in reflective practice principles to revise ongoing management of the critical care patient and develop leadership skills at a critical care level within a clinical team environment.

In this assessment, you will need to create a case presentation of a patient who was assessed and treated during your experience as a clinician and required or received prehospital management at a critical care level.

Your presentation must include the following information:

- · A brief introduction to the case.
- · The clinical assessment findings of the case.
- · The Clinical Management Plan (CMP) that was implemented.
- · Reflection on the management provided to this patient.
- $\cdot$  Discussion on the patient assessment required and revise the CMP for this patient at a critical care level, including ongoing management, justified by the inclusion of evidence-based medicine.
- · Reflection on the leadership traits demonstrated in the management of this patient, including the leadership skills required to care for patients at a critical care level.

#### **Assessment Due Date**

Week 8 Monday (1 May 2023) 9:00 am AEST

#### **Return Date to Students**

Week 10 Monday (15 May 2023)

#### Weighting

40%

#### Minimum mark or grade

50%

#### **Assessment Criteria**

The presentation will be assessed in accordance with the rubric and information provided on the unit's Moodle page. The following criteria are key points to be included:

- The preferred presentation program is PowerPoint.
- Recorded narration is required and you can use the Notes section to detail your thinking.
- The presentation must address each of the main topic tasks as detailed in the task description.
- Avoid superficial points or comments.

As this is a presentation, you should include images where appropriate. Images must be referenced as well as acknowledging other authors work in line with standard academic practices.

The presentation has no specified length regarding the number of slides used, but the recorded presentation should be approximately fifteen (15) minutes.

#### **Referencing Style**

• Harvard (author-date)

#### **Submission**

Online

#### **Learning Outcomes Assessed**

- Formulate an appropriate clinical management plan based on clinical assessment findings, underpinning knowledge and evidence based medicine
- Engage reflective practice principles to revise ongoing management of the critical care patient
- Critically reflect upon leadership skills at a critical care level within a clinical team environment.

#### **Graduate Attributes**

- Knowledge
- Communication
- Cognitive, technical and creative skills
- Research
- Self-management
- Ethical and Professional Responsibility
- Leadership

# 2 Online Quiz

#### **Assessment Type**

Online Quiz(zes)

#### **Task Description**

In this assessment, you will complete one (1) online quiz. The quiz will consist of multiple-choice questions exploring content included in the unit (including lecture materials, online modules, links, & required readings).

Content for the quiz is based on previous weeks' topics (Week 1 - Week 9). It will test your ability to articulate what is required in undertaking a comprehensive clinical assessment, including history taking and physical examination and synthesising clinical information while integrating underpinning knowledge of common pathologies and pathophysiology in the critical care context.

#### **Number of Quizzes**

1

#### **Frequency of Quizzes**

Other

#### **Assessment Due Date**

Week 10 Friday (19 May 2023) 9:00 am AEST

#### **Return Date to Students**

Week 10 Friday (19 May 2023)

#### Weighting

20%

#### Minimum mark or grade

50%

#### **Assessment Criteria**

The quiz is worth 20%. Marks are awarded if the multiple-choice question is answered correctly and the total marks are tallied after the quiz has closed.

The quiz is open book, so the use of Clinical Practice Guidelines, book chapters, and journal articles, etc. are allowed. There will be a specific time limit imposed to complete the quiz.

In the absence of an approved extension, there will be no opportunity to complete the task after the due date, and there will be no opportunity to apply a late penalty of five per cent per day.

Non-attempts will score a zero mark. The quiz may not be reattempted.

#### **Referencing Style**

• Harvard (author-date)

#### **Submission**

Online

#### **Learning Outcomes Assessed**

• Undertake a comprehensive clinical assessment, including history taking and physical examination whilst incorporating knowledge of culturally and linguistically diverse populations

• Synthesise clinical information while integrating underpinning knowledge of common pathologies and pathophysiology in the critical care context

#### **Graduate Attributes**

- Knowledge
- Cognitive, technical and creative skills
- Research
- Self-management
- Leadership

#### 3 PORTFOLIO

#### **Assessment Type**

Portfolio

#### **Task Description**

In this assessment, you will need to complete a clinical portfolio of a minimum of three (3) patients who were assessed and treated during your recent experience as a clinician. The format of your portfolio can be self-determined; however, it must include the following for each case:

- · The patient's clinical presentation, history, assessment, and clinical findings
- · Deliberation on the possible differential diagnoses for the patient.
- · Examination of the connection between the patient's clinical presentation and assessment findings with the pathophysiology of the most likely definitive diagnosis.
- · Reflection on the Clinical Management Plan used in the treatment of this patient.
- · Discussion and reflection on what further assessment and management could have been undertaken at a critical care level and the leadership skills that would have been required at a critical care level in the treatment of this patient. All medical practices discussed must be justified with presented evidence (This does not include your service's Drug Therapy Protocols and Clinical Practice Manuals, though they should still be included if applicable.).

#### **Assessment Due Date**

Week 12 Monday (29 May 2023) 9:00 am AEST

#### **Return Date to Students**

Exam Week Monday (12 June 2023)

#### Weighting

40%

#### Minimum mark or grade

50%

#### **Assessment Criteria**

The portfolio will be assessed in accordance with the rubric and information provided on the unit's Moodle page. The following criteria are key points to be included:

- The portfolio should be presented in an essay format.
- The portfolio must address each of the main topic tasks as detailed in the task description.
- Avoid superficial points or comments and be clear and concise.
- As this is a written assessment, you must include in-text referencing and a reference list.

There is a minimum word count of 1500 words per case (minimum of 4500 words in total) and a maximum of 2000 words per case (a maximum of 6000 words in total).

#### **Referencing Style**

• Harvard (author-date)

#### **Learning Outcomes Assessed**

- Undertake a comprehensive clinical assessment, including history taking and physical examination whilst incorporating knowledge of culturally and linguistically diverse populations
- Synthesise clinical information while integrating underpinning knowledge of common pathologies and pathophysiology in the critical care context
- Formulate an appropriate clinical management plan based on clinical assessment findings, underpinning knowledge and evidence based medicine
- Engage reflective practice principles to revise ongoing management of the critical care patient
- Critically reflect upon leadership skills at a critical care level within a clinical team environment.

#### **Graduate Attributes**

- Knowledge
- Communication
- Cognitive, technical and creative skills
- Research
- Self-management
- Ethical and Professional Responsibility
- Leadership

# **Academic Integrity Statement**

As a CQUniversity student you are expected to act honestly in all aspects of your academic work.

Any assessable work undertaken or submitted for review or assessment must be your own work. Assessable work is any type of work you do to meet the assessment requirements in the unit, including draft work submitted for review and feedback and final work to be assessed.

When you use the ideas, words or data of others in your assessment, you must thoroughly and clearly acknowledge the source of this information by using the correct referencing style for your unit. Using others' work without proper acknowledgement may be considered a form of intellectual dishonesty.

Participating honestly, respectfully, responsibly, and fairly in your university study ensures the CQUniversity qualification you earn will be valued as a true indication of your individual academic achievement and will continue to receive the respect and recognition it deserves.

As a student, you are responsible for reading and following CQUniversity's policies, including the **Student Academic Integrity Policy and Procedure**. This policy sets out CQUniversity's expectations of you to act with integrity, examples of academic integrity breaches to avoid, the processes used to address alleged breaches of academic integrity, and potential penalties.

#### What is a breach of academic integrity?

A breach of academic integrity includes but is not limited to plagiarism, self-plagiarism, collusion, cheating, contract cheating, and academic misconduct. The Student Academic Integrity Policy and Procedure defines what these terms mean and gives examples.

#### Why is academic integrity important?

A breach of academic integrity may result in one or more penalties, including suspension or even expulsion from the University. It can also have negative implications for student visas and future enrolment at CQUniversity or elsewhere. Students who engage in contract cheating also risk being blackmailed by contract cheating services.

#### Where can I get assistance?

For academic advice and guidance, the <u>Academic Learning Centre (ALC)</u> can support you in becoming confident in completing assessments with integrity and of high standard.

#### What can you do to act with integrity?

#### **Be Honest**

If your assessment task is done by someone else, it would be dishonest of you to claim it as your own

### Seek Help

If you are not sure about how to cite or reference in essays, reports etc, then seek help from your lecturer, the library or the Academic Learning Centre (ALC)

### **Produce Original Work**

Originality comes from your ability to read widely, think critically, and apply your gained knowledge to address a question or problem
