General Information

Overview

This unit provides you with the communication skills, networking and inter-professional strategies for functioning as a paramedic with a primary healthcare focus. This unit lays out how the Paramedic Practitioner will function within a multi-disciplinary healthcare system and be an advocate for patient care. It introduces you to the psycho-social underpinnings for referral and patient education and its impact on the patients' well-being. You will learn how to maintain continuity of care for patients in the out-of-hospital setting through the use of the referral process, communication strategies and comprehensive documentation. Additionally, this unit introduces you to community engagement and health promotion with a focus on primary healthcare and meeting the needs of your community.
