

Profile information current as at 19/04/2024 04:13 am

All details in this unit profile for PODI13012 have been officially approved by CQUniversity and represent a learning partnership between the University and you (our student). The information will not be changed unless absolutely necessary and any change will be clearly indicated by an approved correction included in the profile.

General Information

Overview

This unit will focus on the study of childhood disorders related to the lower extremity and will include the expectations and variations in regards to development. Students will incorporate the psychosocial issues impacting in treating children and learn to develop history taking, physical examination and diagnosis specific to the paediatric patient. An evidence-based approach to clinical management of the paediatric patient in podiatry practice will be central to this unit.

Details

Career Level: Undergraduate

Unit Level: *Level 3* Credit Points: 6

Student Contribution Band: 8

Fraction of Full-Time Student Load: 0.125

Pre-requisites or Co-requisites

PODI13008 Clinical Biomechanics of the Lower Limb

Important note: Students enrolled in a subsequent unit who failed their pre-requisite unit, should drop the subsequent unit before the census date or within 10 working days of Fail grade notification. Students who do not drop the unit in this timeframe cannot later drop the unit without academic and financial liability. See details in the <u>Assessment Policy and Procedure (Higher Education Coursework)</u>.

Offerings For Term 2 - 2021

- Rockhampton
- Sydney

Attendance Requirements

All on-campus students are expected to attend scheduled classes – in some units, these classes are identified as a mandatory (pass/fail) component and attendance is compulsory. International students, on a student visa, must maintain a full time study load and meet both attendance and academic progress requirements in each study period (satisfactory attendance for International students is defined as maintaining at least an 80% attendance record).

Website

This unit has a website, within the Moodle system, which is available two weeks before the start of term. It is important that you visit your Moodle site throughout the term. Please visit Moodle for more information.

Class and Assessment Overview

Recommended Student Time Commitment

Each 6-credit Undergraduate unit at CQUniversity requires an overall time commitment of an average of 12.5 hours of study per week, making a total of 150 hours for the unit.

Class Timetable

Regional Campuses

Bundaberg, Cairns, Emerald, Gladstone, Mackay, Rockhampton, Townsville

Metropolitan Campuses

Adelaide, Brisbane, Melbourne, Perth, Sydney

Assessment Overview

1. Written Assessment

Weighting: 20%
2. **Presentation**Weighting: 30%
3. **Take Home Exam**Weighting: 50%

Assessment Grading

This is a graded unit: your overall grade will be calculated from the marks or grades for each assessment task, based on the relative weightings shown in the table above. You must obtain an overall mark for the unit of at least 50%, or an overall grade of 'pass' in order to pass the unit. If any 'pass/fail' tasks are shown in the table above they must also be completed successfully ('pass' grade). You must also meet any minimum mark requirements specified for a particular assessment task, as detailed in the 'assessment task' section (note that in some instances, the minimum mark for a task may be greater than 50%). Consult the <u>University's Grades and Results Policy</u> for more details of interim results and final grades.

CQUniversity Policies

All University policies are available on the CQUniversity Policy site.

You may wish to view these policies:

- Grades and Results Policy
- Assessment Policy and Procedure (Higher Education Coursework)
- Review of Grade Procedure
- Student Academic Integrity Policy and Procedure
- Monitoring Academic Progress (MAP) Policy and Procedure Domestic Students
- Monitoring Academic Progress (MAP) Policy and Procedure International Students
- Student Refund and Credit Balance Policy and Procedure
- Student Feedback Compliments and Complaints Policy and Procedure
- Information and Communications Technology Acceptable Use Policy and Procedure

This list is not an exhaustive list of all University policies. The full list of University policies are available on the CQUniversity Policy site.

Previous Student Feedback

Feedback, Recommendations and Responses

Every unit is reviewed for enhancement each year. At the most recent review, the following staff and student feedback items were identified and recommendations were made.

Feedback from Student verbal feedback during term.

Feedback

Different invited guest speakers kept the unit interesting and allowed for diverse unit content.

Recommendation

It is recommended that a range of guest speakers continue to be engaged in this unit to provide a range of paediatric specialist content.

Feedback from Student verbal feedback during term.

Feedback

Some students found the presentation assessment task daunting, but were able to learn from other student presentations.

Recommendation

It is recommended that this assessment task remain within the unit, as students are allocated different topics which facilitates important discussion and peer learning. It is important that students are comfortable with presentation skills, as after graduation they may be engaged in educating certain groups regarding foot health.

Unit Learning Outcomes

On successful completion of this unit, you will be able to:

- 1. Describe the developmental milestones of a child relevant to podiatry practice
- 2. Evaluate factors that can influence the paediatric consultation
- 3. Communicate effectively with the paediatric patient and parent/guardian in podiatric practice
- 4. Describe the common lower limb conditions seen in the paediatric patient
- 5. Analyse the varied clinical assessment and/or tests and interpret the results specific to the paediatric patient
- 6. Implement a safe and effective management plan in conjunction with evidence based practice for the paediatric patient
- 7. Discuss the role of interprofessional practice in regards to effective management of the paediatric patient
- 8. Apply an evidence based approach to podopaediatric practice.

Term Specific Information

Attendance: As per the University's recommendation that "all on-campus students are expected to attend scheduled classes," students should also be aware that there is clear evidence to show that attendance rates are directly related to academic progress. It is therefore in your best interest and strongly recommended in the Bachelor or of Podiatry Practice (Honours) course, that you attend all scheduled learning activities to support your learning. Uniform: In all practical classes, students are required to wear the nominated uniform. Students must purchase their uniform from the bookshop. This uniform is separate to the mandatory clinical uniform. Please refer to the Podiatry Course Handbook for further details. The uniform shirt is to be worn with either black or navy shorts or pants.

Assessment Tasks

1 Written Assessment

Assessment Type

Written Assessment

Task Description

You will be required to complete a written assessment regarding a condition commonly encountered in podopaediatrics. Further information regarding this assessment task will be provided during term in Moodle.

Assessment Due Date

Week 6 Friday (27 Aug 2021) 11:45 pm AEST

Return Date to Students

Week 8 Friday (10 Sept 2021)

Results and feedback will be provided via Moodle

Weighting

20%

Assessment Criteria

A detailed assessment criteria and marking rubric will be made available during term in Moodle. This will include content knowledge, academic writing and referencing information.

Referencing Style

• American Psychological Association 7th Edition (APA 7th edition)

Submission

Online

Submission Instructions

Submission via Moodle

Learning Outcomes Assessed

- Implement a safe and effective management plan in conjunction with evidence based practice for the paediatric patient
- Discuss the role of interprofessional practice in regards to effective management of the paediatric patient
- Apply an evidence based approach to podopaediatric practice.

Graduate Attributes

- Communication
- Problem Solving
- Critical Thinking
- Information Literacy
- Team Work
- Information Technology Competence
- Cross Cultural Competence
- Ethical practice

2 Oral Presentation

Assessment Type

Presentation

Task Description

You have been asked to present to a community parent's group about a variety of paediatric foot conditions. Each student will be delegated a chosen topic early in the term.

You will be required to give a 15 minute PowerPoint presentation, with 5 minutes for Questions and Answers.

Assessment Due Date

Week 8 Friday (10 Sept 2021) 9:00 am AEST

Students must upload their PowerPoint presentation to Moodle by 9:00am on the morning of your presentation. You will present during class time, beginning from 9:00am.

Return Date to Students

Week 10 Friday (24 Sept 2021)

Results and feedback will be provided following the presentation as well as via Moodle

Weighting

30%

Assessment Criteria

Detailed rubric and assessment criteria will be made available in Moodle and will include factors such as: presentation skills, content knowledge, ability to answer questions and adhere to time limit.

Referencing Style

• American Psychological Association 7th Edition (APA 7th edition)

3 Take Home Exam

Assessment Type

Take Home Exam

Task Description

The Take Home Exam will cover all content taught during the term. Further information regarding the examination will be provided during term in Moodle.

Assessment Due Date

Week 10 Friday (24 Sept 2021) 9:00 am AEST

Take Home Exam is an open book exam lasting 120 minutes (with 30 minutes downloading and uploading time). It will be conducted during the usual lecture time.

Return Date to Students

Week 12 Friday (8 Oct 2021)

Weighting

50%

Assessment Criteria

You will be marked according to a purpose made marking sheet for this assessment task.

Referencing Style

American Psychological Association 7th Edition (APA 7th edition)

Submission

Academic Integrity Statement

As a CQUniversity student you are expected to act honestly in all aspects of your academic work.

Any assessable work undertaken or submitted for review or assessment must be your own work. Assessable work is any type of work you do to meet the assessment requirements in the unit, including draft work submitted for review and feedback and final work to be assessed.

When you use the ideas, words or data of others in your assessment, you must thoroughly and clearly acknowledge the source of this information by using the correct referencing style for your unit. Using others' work without proper acknowledgement may be considered a form of intellectual dishonesty.

Participating honestly, respectfully, responsibly, and fairly in your university study ensures the CQUniversity qualification you earn will be valued as a true indication of your individual academic achievement and will continue to receive the respect and recognition it deserves.

As a student, you are responsible for reading and following CQUniversity's policies, including the **Student Academic Integrity Policy and Procedure**. This policy sets out CQUniversity's expectations of you to act with integrity, examples of academic integrity breaches to avoid, the processes used to address alleged breaches of academic integrity, and potential penalties.

What is a breach of academic integrity?

A breach of academic integrity includes but is not limited to plagiarism, self-plagiarism, collusion, cheating, contract cheating, and academic misconduct. The Student Academic Integrity Policy and Procedure defines what these terms mean and gives examples.

Why is academic integrity important?

A breach of academic integrity may result in one or more penalties, including suspension or even expulsion from the University. It can also have negative implications for student visas and future enrolment at CQUniversity or elsewhere. Students who engage in contract cheating also risk being blackmailed by contract cheating services.

Where can I get assistance?

For academic advice and guidance, the <u>Academic Learning Centre (ALC)</u> can support you in becoming confident in completing assessments with integrity and of high standard.

What can you do to act with integrity?

Be Honest

If your assessment task is done by someone else, it would be dishonest of you to claim it as your own

Seek Help

If you are not sure about how to cite or reference in essays, reports etc, then seek help from your lecturer, the library or the Academic Learning Centre (ALC)

Produce Original Work

Originality comes from your ability to read widely, think critically, and apply your gained knowledge to address a question or problem
