

PODI13014 *Diabetes in Podiatry Practice*

Term 2 - 2019

Profile information current as at 29/04/2024 03:53 pm

All details in this unit profile for PODI13014 have been officially approved by CQUniversity and represent a learning partnership between the University and you (our student). The information will not be changed unless absolutely necessary and any change will be clearly indicated by an approved correction included in the profile.

General Information

Overview

This unit focuses on all aspects of diabetes as a chronic disease including the epidemiology, diagnosis, complications, and related management of diabetes. Students will define primary health care goals and recognise the barriers to diabetes care across specific population groups. Further, this unit will explore the principles of shared decision-making incorporating best available evidence in diabetes education and advanced clinical practice.

Details

Career Level: *Undergraduate*

Unit Level: *Level 3*

Credit Points: 6

Student Contribution Band: 8

Fraction of Full-Time Student Load: 0.125

Pre-requisites or Co-requisites

Pre-requisite: PODI13009

Important note: Students enrolled in a subsequent unit who failed their pre-requisite unit, should drop the subsequent unit before the census date or within 10 working days of Fail grade notification. Students who do not drop the unit in this timeframe cannot later drop the unit without academic and financial liability. See details in the [Assessment Policy and Procedure \(Higher Education Coursework\)](#).

Offerings For Term 2 - 2019

- Rockhampton
- Sydney

Attendance Requirements

All on-campus students are expected to attend scheduled classes – in some units, these classes are identified as a mandatory (pass/fail) component and attendance is compulsory. International students, on a student visa, must maintain a full time study load and meet both attendance and academic progress requirements in each study period (satisfactory attendance for International students is defined as maintaining at least an 80% attendance record).

Website

[This unit has a website, within the Moodle system, which is available two weeks before the start of term. It is important that you visit your Moodle site throughout the term. Please visit Moodle for more information.](#)

Class and Assessment Overview

Recommended Student Time Commitment

Each 6-credit Undergraduate unit at CQUniversity requires an overall time commitment of an average of 12.5 hours of study per week, making a total of 150 hours for the unit.

Class Timetable

[Regional Campuses](#)

Bundaberg, Cairns, Emerald, Gladstone, Mackay, Rockhampton, Townsville

[Metropolitan Campuses](#)

Assessment Overview

1. **Written Assessment**

Weighting: 50%

2. **Examination**

Weighting: 50%

Assessment Grading

This is a graded unit: your overall grade will be calculated from the marks or grades for each assessment task, based on the relative weightings shown in the table above. You must obtain an overall mark for the unit of at least 50%, or an overall grade of 'pass' in order to pass the unit. If any 'pass/fail' tasks are shown in the table above they must also be completed successfully ('pass' grade). You must also meet any minimum mark requirements specified for a particular assessment task, as detailed in the 'assessment task' section (note that in some instances, the minimum mark for a task may be greater than 50%). Consult the [University's Grades and Results Policy](#) for more details of interim results and final grades.

CQUniversity Policies

All University policies are available on the [CQUniversity Policy site](#).

You may wish to view these policies:

- Grades and Results Policy
- Assessment Policy and Procedure (Higher Education Coursework)
- Review of Grade Procedure
- Student Academic Integrity Policy and Procedure
- Monitoring Academic Progress (MAP) Policy and Procedure – Domestic Students
- Monitoring Academic Progress (MAP) Policy and Procedure – International Students
- Student Refund and Credit Balance Policy and Procedure
- Student Feedback – Compliments and Complaints Policy and Procedure
- Information and Communications Technology Acceptable Use Policy and Procedure

This list is not an exhaustive list of all University policies. The full list of University policies are available on the [CQUniversity Policy site](#).

Previous Student Feedback

Feedback, Recommendations and Responses

Every unit is reviewed for enhancement each year. At the most recent review, the following staff and student feedback items were identified and recommendations were made.

Feedback from Self reflection

Feedback

Students appreciate a step-by-step approach to learning about the topics in this unit. Being able to hand in a 'first draft' of their written assignment allowed students to fine-tune their work before final submission.

Recommendation

Unit co-ordinators and lecturers should continue to provide necessary guidance to students based on their learning styles, and provide the opportunity for timely feedback in assignments and other related assessment tasks before final submission.

Feedback from Self reflection

Feedback

More time allocated during tutorial sessions would be preferred to relate practical skills to theoretical concepts.

Recommendation

Some practical 'hands-on' sessions should be blended into the tutorial sessions to aid students relate practical skills to theoretical concepts.

Unit Learning Outcomes

On successful completion of this unit, you will be able to:

1. Examine the epidemiology, pathophysiology and clinical presentation of diabetes mellitus.
2. Evaluate the psychosocial impact of diabetes as a contributor to death and disability across diverse population groups in Australia.
3. Describe the microvascular and macrovascular complications of diabetes.
4. Evaluate the process of assessment including risk categorisation and wound care management in the patient with diabetes.
5. Implement patient-centred care and facilitate self-management education strategies for diabetes related care in podiatry practice.
6. Discuss the role of interprofessional practice in effective management of the patient with diabetes.
7. Apply best evidence in the management of diabetes in podiatry practice.

Per NPC1306

Schedule

Week 1- Epidemiology and History of Diabetes Mellitus- Global and Australia context - 15 Jul 2019

Module/Topic	Chapter	Events and Submissions/Topic
This lecture will cover epidemiology and history of diabetes mellitus.		

Week 2- Aetiology, Diagnosis and Classification of Diabetes Mellitus - 22 Jul 2019

Module/Topic	Chapter	Events and Submissions/Topic
This lecture covers the definition, aetiology, diagnosis, and classification of diabetes mellitus.		

Week 3- Insulin Function, Secretion and Action - 29 Jul 2019

Module/Topic	Chapter	Events and Submissions/Topic
This lecture explores the role of Insulin- function, secretion and action.		

Week 4- Metabolism in Person with Diabetes Mellitus - 05 Aug 2019

Module/Topic	Chapter	Events and Submissions/Topic
This lecture covers aspects about metabolism in persons with diabetes mellitus.		

Week 5- Microvascular and Macrovascular Complications - 12 Aug 2019

Module/Topic	Chapter	Events and Submissions/Topic
This lecture covers microvascular and macrovascular complications associated with diabetes mellitus.		

Vacation Week - 19 Aug 2019

Module/Topic	Chapter	Events and Submissions/Topic
Nil lecture.		

Week 6- Pharmacology and Immunology of Diabetes Mellitus - 26 Aug 2019

Module/Topic	Chapter	Events and Submissions/Topic
This lecture will cover pharmacology and immunology of diabetes mellitus.		

Week 7- The Psychosocial Effects of Diabetes Mellitus - 02 Sep 2019

Module/Topic	Chapter	Events and Submissions/Topic
This lecture will cover the social and psychological effects of diabetes mellitus.		

Week 8- Indigenous, Rural and Remote Health - 09 Sep 2019

Module/Topic	Chapter	Events and Submissions/Topic
This lecture will cover Indigenous, rural and remote health.		Essay Due: Week 8 Friday (13 Sept 2019) 11:45 pm AEST

Week 9- Daily Management Requirements of Diabetes Mellitus - 16 Sep 2019

Module/Topic	Chapter	Events and Submissions/Topic
This lecture will cover the daily management requirements of diabetes mellitus.		

Week 10- Health Promotion and Diabetes Mellitus - 23 Sep 2019

Module/Topic	Chapter	Events and Submissions/Topic
This lecture will cover health promotion in the health care team.		

Week 11- Revision and Exam Preparation 1 - 30 Sep 2019

Module/Topic	Chapter	Events and Submissions/Topic
This lecture will revise content covered in weeks 1 to 10 to prepare and revise for the end of term examination (session 1).		

Week 12- Revision and Exam Preparation 2 - 07 Oct 2019

Module/Topic	Chapter	Events and Submissions/Topic
This lecture will revise content covered in weeks 1 to 10 to prepare and revise for the end of term examination (session 2).		

Review/Exam Week - 14 Oct 2019

Module/Topic	Chapter	Events and Submissions/Topic
A Zoom session will be organised for the revision of this unit. Further information will be provided by the lecturer during the term.		

Exam Week - 21 Oct 2019

Module/Topic	Chapter	Events and Submissions/Topic
--------------	---------	------------------------------

Term Specific Information

Attendance: As per the University's recommendation that "All on-campus students are expected to attend scheduled classes" students should also be aware that there is clear evidence to show that attendance rates are directly related to academic progress. It is therefore in your best interest and strongly recommended in the Bachelor of Podiatry Practice (Honours) course, that you attend all scheduled learning activities to support your learning. Attendance will be recorded.

Please refer to the Podiatry Course Handbook for further detail.

Assessment Tasks

1 Essay

Assessment Type

Written Assessment

Task Description

Students will be required to submit a written assessment in the form of an essay. Students are to review the literature in order to establish the current knowledge of a particular topic(s) specific to the field of diabetes mellitus and clinical practice. Students will be able to choose the topic(s) from a variety of writing choices based on particular patient case scenarios.

Further details will be provided via the course Moodle site in the early weeks of the term.

Assessment Due Date

Week 8 Friday (13 Sept 2019) 11:45 pm AEST

Return Date to Students

Week 11 Friday (4 Oct 2019)

Weighting

50%

Assessment Criteria

The marking guide (rubric) and feedback sheet will be made available under the 'Assessment' link in Moodle.

Note: APA referencing system is used for all written assessments. In-text citations are counted as part of the word count for assessment purposes. Penalties will be applied where those strict word limits are exceeded (+/- 10%). If the assessment item exceeds 10%, the content will not be assessed by the examiner (excludes tables, appendices and references where applicable). If you are late submitting your assignment – each day incurs a 5% penalty.

Academic Integrity Statement

As a CQUniversity student you are expected to act honestly in all aspects of your academic work.

Any assessable work undertaken or submitted for review or assessment must be your own work. Assessable work is any type of work you do to meet the assessment requirements in the unit, including draft work submitted for review and feedback and final work to be assessed.

When you use the ideas, words or data of others in your assessment, you must thoroughly and clearly acknowledge the source of this information by using the correct referencing style for your unit. Using others' work without proper acknowledgement may be considered a form of intellectual dishonesty.

Participating honestly, respectfully, responsibly, and fairly in your university study ensures the CQUniversity qualification you earn will be valued as a true indication of your individual academic achievement and will continue to receive the respect and recognition it deserves.

As a student, you are responsible for reading and following CQUniversity's policies, including the [Student Academic Integrity Policy and Procedure](#). This policy sets out CQUniversity's expectations of you to act with integrity, examples of academic integrity breaches to avoid, the processes used to address alleged breaches of academic integrity, and potential penalties.

What is a breach of academic integrity?

A breach of academic integrity includes but is not limited to plagiarism, self-plagiarism, collusion, cheating, contract cheating, and academic misconduct. The Student Academic Integrity Policy and Procedure defines what these terms mean and gives examples.

Why is academic integrity important?

A breach of academic integrity may result in one or more penalties, including suspension or even expulsion from the University. It can also have negative implications for student visas and future enrolment at CQUniversity or elsewhere. Students who engage in contract cheating also risk being blackmailed by contract cheating services.

Where can I get assistance?

For academic advice and guidance, the [Academic Learning Centre \(ALC\)](#) can support you in becoming confident in completing assessments with integrity and of high standard.

What can you do to act with integrity?

Be Honest

If your assessment task is done by someone else, it would be dishonest of you to claim it as your own

Seek Help

If you are not sure about how to cite or reference in essays, reports etc, then seek help from your lecturer, the library or the Academic Learning Centre (ALC)

Produce Original Work

Originality comes from your ability to read widely, think critically, and apply your gained knowledge to address a question or problem
