General Information

Overview

In this unit, you will continue your honours research project and complete an internal clinical placement. During your internal clinical placement, you will refine your skills in patient assessment, diagnostic decision-making, management and prevention of complex clinical cases. You will be required to manage a diverse caseload including patients who differ in age, cultural/ethnic/socioeconomic status, mental health status, and physical capabilities. Your external clinical placement will give you the opportunity to work in metropolitan, regional and/or remote clinical settings. This unit is also the second unit in the formal requirements for the completion of your honours research project.
