- Rockhampton

Attendance Requirements

All on-campus students are expected to attend scheduled classes – in some units, these classes are identified as a mandatory (pass/fail) component and attendance is compulsory. International students, on a student visa, must maintain a full time study load and meet both attendance and academic progress requirements in each study period (satisfactory attendance for International students is defined as maintaining at least an 80% attendance record).

Website

[This unit has a website, within the Moodle system, which is available two weeks before the start of term. It is important that you visit your Moodle site throughout the term. Please visit Moodle for more information.](#)

Assessment Overview

Assessment Grading

This is a graded unit: your overall grade will be calculated from the marks or grades for each assessment task, based on the relative weightings shown in the table above. You must obtain an overall mark for the unit of at least 50%, or an overall grade of 'pass' in order to pass the unit. If any 'pass/fail' tasks are shown in the table above they must also be completed successfully ('pass' grade). You must also meet any minimum mark requirements specified for a particular assessment task, as detailed in the 'assessment task' section (note that in some instances, the minimum mark for a task may be greater than 50%). Consult the University's Grades and Results Policy for more details of interim results and final grades.

Previous Student Feedback

Feedback, Recommendations and Responses

Every unit is reviewed for enhancement each year. At the most recent review, the following staff and student feedback items were identified and recommendations were made.

Feedback from Unit Coordinator

Feedback
Upon reflection, the unit lectures require consolidation to provide students with more time to prepare for final assessments in their final year.

Recommendation
It is recommended to adjust the unit schedule by consolidating lectures into an intensive block (mid-term), hence offering students more time to prepare for final assessments. This adjustment aims to minimise stressors and improve overall learning experience in their final year.
Unit Learning Outcomes

On successful completion of this unit, you will be able to:

1. Explain financial, legal and ethical theoretical concepts within professional practice
2. Implement podiatry practice as required by the national professional and regulatory bodies, within private and public healthcare settings
3. Describe the processes applicable to job search, interviews, resumes and contract negotiation
4. Design and apply basic business processes applicable to starting and managing a private practice
5. Analyse the social and cultural challenges faced by new allied health employees.
