General Information

Overview

This unit introduces you to the core principles of effective communication used to engage and manage diverse stakeholders. The foundational elements of engagement and communications, such as the use of visualisation, alongside techniques used for effective engagement and communications strategies are covered in the unit. Engaging project stakeholders is important and how this is managed can impact stakeholder expectations and satisfaction. Employers place significant emphasis on graduate communications and interpersonal skills, and this unit will provide you with the opportunity to move beyond the theory, develop and apply your communication skills through the lens of human-centered design principles.
