Assessment Tasks

1 Internship Assignments and Presentation

Assessment Type
Written Assessment

Task Description

The assessment in this unit consists of 5 parts that need to be submitted by you and 1 part that consists of feedback from your internship organisation. All assessments are to comply with the Harvard style. As assessments are non-graded (PASS/FAIL) there is no weighting. The specific details are as follows:

Part A - Overview of host organisation and a description of your tasks

- This assessment requires you to submit an overview of your host organisation and the activities you are undertaking while there. As with other assessments in this unit, there isn't an explicit word length.
- Assessment Due Date: Week 4 Friday 5:00pm AEST
- Return to students within 2 weeks from submission date
- Weighting: PASS/FAIL
- Submission: online via Moodle

Assessment Criteria:

This is a PASS/FAIL unit. The marks listed in the marking criteria are an indication only of your achievement. The report should consist of:

- Executive summary
- Introduction to the internship organisation
- Detailed description of the tasks to be undertaken
- Summary
- Reference list
- Appendices (as appropriate)
- Layout of report

Part B - Presentation

- This assessment requires that you give a presentation about your learning experiences while at the host organisation. The format of time allowed to each student is: 10 minutes presentation, 5 minutes Q&A, 5 minutes handover to next presenter (Total 20 minutes allocated to each student.)
- Closer to the time of your presentation, the unit coordinator will organise with you the time slot for your presentation (Note: The presentation date will be determined by availability of appropriate rooms on each campus during Week 11)
- You should base your presentation on aspects of your learning journey while at the host organisation and these should be discussed in more depth in your reflective e-portfolio.
- Assessment Due Date: Week 11 Friday 5:00pm AEST
- Return to students within 2 weeks from submission date
- Weighting: PASS/FAIL
- Submission: online via Moodle and face to face presentation

Assessment Criteria:

You will be assessed on the following criteria:

Presentation

- Preparation and consistency of the presentation
- Set up and use of visual aids
- Timing of presentation, including Q&A
- Presented content is relevant to the internship
- Content is clear and concise

Presentation manner

- Professional dress
- Content is well explained
- Response to questions during Q&A.

Part C - Portfolio

- A reflective e-portfolio is a learning tool that enables you to accumulate evidence of your learning achievement. For this assessment you should reflect on your assigned daily activities and whether you met agreed outcomes. In this unit we will use Mahara as the e-portfolio. Please refer to the unit Moodle site for more detailed instructions on how to use Mahara, including how to create a Secret URL. You can practice creating your Secret URL as many times as you want, before the final one you submit via Moodle. Your e-portfolio is based on the

tasks you perform at the host organisation. You should consider why those tasks helped you learn, what the learning experiences comprises of and academic references to support your claim to learning. You should also relate your reflective activities to the unit learning outcomes. Please see the Moodle site for some examples of reflective portfolios.

- Assessment Due Date: Week 12 Friday 5:00pm AEST
- Return to students within 2 weeks from submission date
- Weighting: PASS/FAIL
- Submission: online via Moodle

Assessment Criteria:

- This is a PASS/FAIL unit. The marks listed in the marking criteria are an indication only of your achievement.
- Entries are to be made in your portfolio on each occasion that an activity is undertaken. You should reflect on the activity undertaken, the outcome, whether you met agreed timelines and outcomes, any difficulties experienced and the learning you have gained.
- Please see Moodle unit website for more specific marking criteria.
- There is no explicit word length for this assessment as each of you will have different experiences as you interact with different people and environments.

Part D - Internship Report

- This assessment is your final report on your learning journey at the internship organisation.
- There is no explicit word length requirements but you must submit a report that allows your marker to fully understand what you learned and how this helped you to carry out your tasks. You should consider how the internship has assisted you in filling any knowledge gaps you may have felt you possessed.
- You need to exercise your own judgment on this. I do not believe you can give enough detail for your assessment in one page, nor should you need 20 pages. Exercise your judgment to state what you need to and discuss it in enough detail so that we understand what you have achieved and did during your internship
- Assessment Due Date: Review/Exam Week Friday 5:00pm AEST
- Return to students within 2 weeks from submission date
- Weighting: PASS/FAIL
- Submission: online via Moodle

Assessment Criteria:

 - Executive summary
 - Introduction
 - Placement procurement and orientation
 - Description of tasks performed
 - Significant activities, events and reflections
 - Perceived strategic alignment of your tasks to organisational strategy
 - Conclusions
 - Reference list
 - Appendices (as appropriate)
 - Report quality

Academic Integrity Statement

As a CQUniversity student you are expected to act honestly in all aspects of your academic work.

Any assessable work undertaken or submitted for review or assessment must be your own work. Assessable work is any type of work you do to meet the assessment requirements in the unit, including draft work submitted for review and feedback and final work to be assessed.

When you use the ideas, words or data of others in your assessment, you must thoroughly and clearly acknowledge the source of this information by using the correct referencing style for your unit. Using others' work without proper acknowledgement may be considered a form of intellectual dishonesty.

Participating honestly, respectfully, responsibly, and fairly in your university study ensures the CQUniversity qualification you earn will be valued as a true indication of your individual academic achievement and will continue to receive the respect and recognition it deserves.

As a student, you are responsible for reading and following CQUniversity's policies, including the [Student Academic Integrity Policy and Procedure](#). This policy sets out CQUniversity's expectations of you to act with integrity, examples of academic integrity breaches to avoid, the processes used to address alleged breaches of academic integrity, and potential penalties.

What is a breach of academic integrity?

A breach of academic integrity includes but is not limited to plagiarism, self-plagiarism, collusion, cheating, contract cheating, and academic misconduct. The Student Academic Integrity Policy and Procedure defines what these terms mean and gives examples.

Why is academic integrity important?

A breach of academic integrity may result in one or more penalties, including suspension or even expulsion from the University. It can also have negative implications for student visas and future enrolment at CQUniversity or elsewhere. Students who engage in contract cheating also risk being blackmailed by contract cheating services.

Where can I get assistance?

For academic advice and guidance, the [Academic Learning Centre \(ALC\)](#) can support you in becoming confident in completing assessments with integrity and of high standard.

What can you do to act with integrity?

Be Honest

If your assessment task is done by someone else, it would be dishonest of you to claim it as your own

Seek Help

If you are not sure about how to cite or reference in essays, reports etc, then seek help from your lecturer, the library or the Academic Learning Centre (ALC)

Produce Original Work

Originality comes from your ability to read widely, think critically, and apply your gained knowledge to address a question or problem
