

PPMP20017 Project Management Internship

Term 1 - 2024

Profile information current as at 13/05/2024 07:06 am

All details in this unit profile for PPMP20017 have been officially approved by CQUniversity and represent a learning partnership between the University and you (our student). The information will not be changed unless absolutely necessary and any change will be clearly indicated by an approved correction included in the profile.

General Information

Overview

An internship provides you with real project management experience while working with an employer (work-integrated learning). You will integrate knowledge and skills gained while studying your discipline units, with their application in the workplace to further develop your project management competencies. You will document and reflect on your learning experiences and on the employer's contribution to your professional development.

Pre-requisites or Co-requisites

Pre-requisites: You must have completed all units in your course except this one and passed all those units on the first attempt. If you do not pass all prior units on the first attempt, you will not be eligible to enrol in this unit and therefore you must either enrol in 'Research Stream' units or 'Practicum Stream' units. Anti-requisites: If you have completed any units from the 'Research Stream' or 'Practicum Stream' you cannot enrol in this unit.

Important note: Students enrolled in a subsequent unit who failed their pre-requisite unit, should drop the subsequent unit before the census date or within 10 working days of Fail grade notification. Students who do not drop the unit in this timeframe cannot later drop the unit without academic and financial liability. See details in the [Assessment Policy and Procedure \(Higher Education Coursework\)](#).

Previous Student Feedback

Feedback, Recommendations and Responses

Every unit is reviewed for enhancement each year. At the most recent review, the following staff and student feedback items were identified and recommendations were made.

Feedback from SUTE

Feedback

The unit offers a valuable opportunity to practice real-life experiences which shaped the students' learning.

Recommendation

Keep the good practice by offering the students the opportunity to have the internship within relevant host companies.

Feedback from SUTE

Feedback

The unit gives the students the opportunity to experience the working culture on an international platform. It allowed the students to develop other skills (eg: IT skills, stress management, communications etc) apart from Project management skills.

Recommendation

Ensure that the students are making progress in their internship and the allocated tasks meet their expectations.

Feedback from SUTE/Email

Feedback

The unit seems to require lots of paperwork/ assessment to complete which takes extra effort.

Recommendation

A unit update proposal to review and update the assessment tasks as well as the unit learning outcomes is deemed necessary since the unit is now being part of the Master of Construction Management course.

Unit Learning Outcomes

On successful completion of this unit, you will be able to:

1. Apply project management knowledge and skills in the workplace
2. Communicate an understanding of the relevant legal and ethical issues related to the project management profession
3. Work collaboratively in teams in the context of a workplace, either as member of a project team, a project manager, or a shadow to a project manager
4. Critically reflect on strengths and weaknesses in knowledge and skills related both to project management and workplace experience.

Assessment Tasks

1 Assessment Reports

Assessment Type

Written Assessment

Task Description

This is a **Pass/Fail** Unit, The Assessment will be marked either **Satisfactorily (S)** or **Unsatisfactorily (F)**

To pass the unit, students need to achieve **(S)** in **ALL** assessment items. **Failing any assessment item will lead to a (F) grade:**

- There will be multiple Zoom meetings over the term to discuss your progress and any challenges encountered. dates and times to be agreed
- Students are expected to attend **ALL** scheduled Zoom meetings.
- The unit does require multiple submissions including Organisation Overview, Internship report and alignment, Portfolio, and The presentation file

- The **first submission** is an overview report that highlights the host organization, addresses the list of tasks the students are expected to undertake, and how these tasks are mapped with the unit LOs. Students are expected to tabulate these tasks against the LOs. Students are also expected to present their work progress during the frequent meetings as part of this assessment. Therefore you need to attend ALL meetings. Failing to attend these meetings entitles an **F grade**.
- The assessment will allow the students to align their work with the theoretical knowledge gained throughout their study.

Submission may include:

Academic Integrity Statement

As a CQUniversity student you are expected to act honestly in all aspects of your academic work.

Any assessable work undertaken or submitted for review or assessment must be your own work. Assessable work is any type of work you do to meet the assessment requirements in the unit, including draft work submitted for review and feedback and final work to be assessed.

When you use the ideas, words or data of others in your assessment, you must thoroughly and clearly acknowledge the source of this information by using the correct referencing style for your unit. Using others' work without proper acknowledgement may be considered a form of intellectual dishonesty.

Participating honestly, respectfully, responsibly, and fairly in your university study ensures the CQUniversity qualification you earn will be valued as a true indication of your individual academic achievement and will continue to receive the respect and recognition it deserves.

As a student, you are responsible for reading and following CQUniversity's policies, including the [Student Academic Integrity Policy and Procedure](#). This policy sets out CQUniversity's expectations of you to act with integrity, examples of academic integrity breaches to avoid, the processes used to address alleged breaches of academic integrity, and potential penalties.

What is a breach of academic integrity?

A breach of academic integrity includes but is not limited to plagiarism, self-plagiarism, collusion, cheating, contract cheating, and academic misconduct. The Student Academic Integrity Policy and Procedure defines what these terms mean and gives examples.

Why is academic integrity important?

A breach of academic integrity may result in one or more penalties, including suspension or even expulsion from the University. It can also have negative implications for student visas and future enrolment at CQUniversity or elsewhere. Students who engage in contract cheating also risk being blackmailed by contract cheating services.

Where can I get assistance?

For academic advice and guidance, the [Academic Learning Centre \(ALC\)](#) can support you in becoming confident in completing assessments with integrity and of high standard.

What can you do to act with integrity?

Be Honest

If your assessment task is done by someone else, it would be dishonest of you to claim it as your own

Seek Help

If you are not sure about how to cite or reference in essays, reports etc, then seek help from your lecturer, the library or the Academic Learning Centre (ALC)

Produce Original Work

Originality comes from your ability to read widely, think critically, and apply your gained knowledge to address a question or problem
