## General Information

### Overview

This unit provides you with the skills necessary to succeed in a rapidly changing contemporary work environment. You will identify, formulate and solve problems while being provided with industry focused learning opportunities during your final year of study. You will actively engage in characteristics of an authentic project management practice. These will include: time and resource constraints, capability gaps, cross-cultural and multi-disciplinary teams addressing complex problems and differing leadership and team member working styles. This unit provides an opportunity for you to demonstrate a deep understanding and practical application of the knowledge and skills gained in the early stages of the Master of Project Management, as well as demonstrating the attributes required of a CQUniversity Graduate. You will undertake a project related to your domain of choice and participate in tasks associated with project management within a contemporary work environment. Assessment includes the opportunity to plan and execute a project, analyse your project performance and self-reflect on your experience and lessons learnt.

## Previous Student Feedback

### Feedback, Recommendations and Responses

Every unit is reviewed for enhancement each year. At the most recent review, the following staff and student feedback items were identified and recommendations were made.

#### Feedback from Student Satisfaction Survey

##### **Feedback**

Student feedback continues to highlight the value in the practical nature of the unit, suggesting the unit increases student confidence and industry readiness.

##### **Recommendation**

The practical aspects of the unit will be maintained to ensure the benefits students have reported remain sustainable.

#### Feedback from Student comments. Teaching staff reflection. Student satisfaction ratings.

##### **Feedback**

Approximately 5% of the student satisfaction survey respondents raised the challenges of online learning. Where others noted the benefits of online delivery, such as greater flexibility and experience working in virtual project teams, etc. Students valued these experiential learnings which are essential to improving capabilities, resilience and industry readiness.

##### **Recommendation**

It is recommended that consideration be given to continuing to deliver the Project Management Practicum with extra support in an online environment.
