General Information

Overview

This unit covers the theory and practice of professional real property management. You will examine the functions, roles and responsibilities of property managers at the various levels of the property management hierarchy within the broader context of the parameters that govern the property industry. You will explore the practical requirements and skills required for effective and ethical property management across a range of property types, including focused research skills to resolve emerging practical problems.

Assessment Overview

Assessment Grading

This is a graded unit: your overall grade will be calculated from the marks or grades for each assessment task, based on the relative weightings shown in the table above. You must obtain an overall mark for the unit of at least 50%, or an overall grade of 'pass' in order to pass the unit. If any 'pass/fail' tasks are shown in the table above they must also be completed successfully ('pass' grade). You must also meet any minimum mark requirements specified for a particular assessment task, as detailed in the 'assessment task' section (note that in some instances, the minimum mark for a task may be greater than 50%). Consult the [University's Grades and Results Policy](#) for more details of interim results and final grades.

Previous Student Feedback

Feedback, Recommendations and Responses

Every unit is reviewed for enhancement each year. At the most recent review, the following staff and student feedback items were identified and recommendations were made.

Feedback from Student emails and discussion posting

Feedback

Take-home exam date release considered too late.

Recommendation

As a take-home exam the scheduling must consider timing conflicts. This is managed at a level beyond the unit coordinator. That said, the unit coordinator is to undertake all possible steps to have the date set as early as possible and communicate this with the class.

Feedback from Student feedback

Feedback

Assignment authenticity

Recommendation

Each year the main assignment adopts a new real property. This year the assignment was based on a medical centre in Noosa with a real investment trust as the client. This authenticity is appreciated by the students and the approach is to be continued.

Unit Learning Outcomes

On successful completion of this unit, you will be able to:

1. Demonstrate the theory underlying property management practice
2. Analyse and propose solutions for practical and ethical problems in the property management
3. Research emerging legal, and practical issues in property management.

The Australian Property Institute (API) has accredited this unit as part of the Bachelor of Property course. This unit contributes to the core knowledge field of the API in Property Management. The learning outcomes for the unit and the assessments have been designed around the accreditation requirements.
