

PSIO14002 *Professional Physiotherapy Practice*

3

Term 1 - 2019

Profile information current as at 04/05/2024 01:16 am

All details in this unit profile for PSIO14002 have been officially approved by CQUniversity and represent a learning partnership between the University and you (our student). The information will not be changed unless absolutely necessary and any change will be clearly indicated by an approved correction included in the profile.

General Information

Overview

The unit aims to develop your ability to integrate the knowledge, physical skills, principles of evidence based practice and clinical reasoning, ethical and professional behaviours that are necessary for you to function competently as a physiotherapist. This will include a variety of settings and client groups, with an emphasis on effective and client-centred management plans, within the framework of the International Classification of Functioning, Disability and Health (ICF).

Details

Career Level: *Undergraduate*

Unit Level: *Level 4*

Credit Points: *12*

Student Contribution Band: *8*

Fraction of Full-Time Student Load: *0.25*

Pre-requisites or Co-requisites

To enrol in this unit you must be enrolled in the CB85 Course and meet the following pre-requisites: PSIO13002 Professional Physiotherapy Practice 1 PSIO13003 Professional Physiotherapy Practice 2

Important note: Students enrolled in a subsequent unit who failed their pre-requisite unit, should drop the subsequent unit before the census date or within 10 working days of Fail grade notification. Students who do not drop the unit in this timeframe cannot later drop the unit without academic and financial liability. See details in the [Assessment Policy and Procedure \(Higher Education Coursework\)](#).

Offerings For Term 1 - 2019

- Bundaberg
- Rockhampton

Attendance Requirements

All on-campus students are expected to attend scheduled classes - in some units, these classes are identified as a mandatory (pass/fail) component and attendance is compulsory. International students, on a student visa, must maintain a full time study load and meet both attendance and academic progress requirements in each study period (satisfactory attendance for International students is defined as maintaining at least an 80% attendance record).

Website

[This unit has a website, within the Moodle system, which is available two weeks before the start of term. It is important that you visit your Moodle site throughout the term. Please visit Moodle for more information.](#)

Class and Assessment Overview

Recommended Student Time Commitment

Each 12-credit Undergraduate unit at CQUniversity requires an overall time commitment of an average of 25 hours of study per week, making a total of 300 hours for the unit.

Assessment Overview

1. **Professional Practice Placement**

Weighting: 70%

2. **Written Assessment**

Weighting: 30%

Assessment Grading

This is a graded unit: your overall grade will be calculated from the marks or grades for each assessment task, based on the relative weightings shown in the table above. You must obtain an overall mark for the unit of at least 50%, or an overall grade of 'pass' in order to pass the unit. If any 'pass/fail' tasks are shown in the table above they must also be completed successfully ('pass' grade). You must also meet any minimum mark requirements specified for a particular assessment task, as detailed in the 'assessment task' section (note that in some instances, the minimum mark for a task may be greater than 50%). Consult the [University's Grades and Results Policy](#) for more details of interim results and final grades.

CQUniversity Policies

All University policies are available on the [CQUniversity Policy site](#).

You may wish to view these policies:

- Grades and Results Policy
- Assessment Policy and Procedure (Higher Education Coursework)
- Review of Grade Procedure
- Student Academic Integrity Policy and Procedure
- Monitoring Academic Progress (MAP) Policy and Procedure – Domestic Students
- Monitoring Academic Progress (MAP) Policy and Procedure – International Students
- Student Refund and Credit Balance Policy and Procedure
- Student Feedback – Compliments and Complaints Policy and Procedure
- Information and Communications Technology Acceptable Use Policy and Procedure

This list is not an exhaustive list of all University policies. The full list of University policies are available on the [CQUniversity Policy site](#).

Previous Student Feedback

Feedback, Recommendations and Responses

Every unit is reviewed for enhancement each year. At the most recent review, the following staff and student feedback items were identified and recommendations were made.

Feedback from Have Your Say, Email correspondence

Feedback

Some students reported that due to the clinical environment that they completed their placement in they found it very hard to refer patients to sub acute services and therefore found the written assessment topic challenging.

Recommendation

Unit Coordinator to review written assessment topic and potentially give students an alternative option in 2019.

Feedback from Have Your Say, Email correspondence

Feedback

Written assessment due date was a challenge for some students due to their placement allocations.

Recommendation

Unit Coordinator to review placement allocation and written assessment due date in 2019.

Unit Learning Outcomes

On successful completion of this unit, you will be able to:

1. Demonstrate consistent adherence to the rules of professional conduct, including legal and ethical responsibilities, and take responsibility for your personal development as an autonomous physiotherapist
2. Communicate effectively and efficiently with service users and the multi-disciplinary team in all aspects of your clinical practice
3. Demonstrate competency at an entry level standard of practice in assessments, clinical reasoning, execution of techniques, and delivery of programmes to manage specific clinical problems across a variety of services
4. Critically reflect upon your clinical development and relate this to relevant published sources and practice based experience.

Per NPC1330

Term Specific Information

Clinical Placements run throughout the year from late January to early December and some may occur outside of term times. You may be required to travel outside of your home town to complete clinical placements. Placements are allocated by the Physiotherapy Clinical Educator Coordinator in accordance with requirements set by the Physiotherapy Board of Australia. You will be notified of your clinical placement allocation once you have met all pre-requisites for Professional Physiotherapy Practice 3.

Assessment Tasks

1 Clinical Placement

Assessment Type

Professional Practice Placement

Task Description

You will complete a 5 week full-time clinical placement as allocated by the unit coordinator. This clinical placement can be in any area of physiotherapy and may be located in any facility ranging from Acute Hospitals to Community programs.

The grade awarded is based on your performance during the 5 week clinical placement and evaluated using the Assessment of Physiotherapy Practice (APP) via the APPLink-up.

You are also required to submit the Hurdle assessment - Placement Evaluation survey via Moodle at the completion of your clinical placement to be eligible to pass this assessment item.

Assessment Due Date

Week 12 Friday (7 June 2019) 11:45 pm AEST

Return Date to Students

At the completion of their clinical placement from your Clinical Educator.

Weighting

70%

Minimum mark or grade

You are required to pass this assessment task in order to pass this unit. Assessment criteria discussed above in the assessment criteria section.

Assessment Criteria

In order to pass the Clinical Placement you need to meet the "Adequate" level on the Global Rating Score and achieve the following on the APP, as graded by your Clinical Educator:

1. A minimum total score of 49.5% for the combined domains of Professional Behaviour and Communication AND
2. A minimum total score of 49.5% for the combined domains of Assessment, Analysis and Planning, Intervention, Evidence Based Practice and Risk Management.

If you don't meet the above criteria for the Clinical Placement you will be eligible to sit a Clinical Exam, provided you have achieved an overall grade equal to, or higher than 44.5% for your clinical placement. The Clinical Exam is in the format of an OSCE that will be completed on a real or simulated patient within the area that you completed the clinical placement. The clinical exam will be assessed by two clinical educators, one or more will be a CQUniversity Physiotherapy academic. The exam will run for approximately 60 minutes and will be assessed on the APP.

Learning Outcomes Assessed

- Demonstrate consistent adherence to the rules of professional conduct, including legal and ethical responsibilities, and take responsibility for your personal development as an autonomous physiotherapist
- Communicate effectively and efficiently with service users and the multi-disciplinary team in all aspects of your clinical practice
- Demonstrate competency at an entry level standard of practice in assessments, clinical reasoning, execution of techniques, and delivery of programmes to manage specific clinical problems across a variety of services

Graduate Attributes

- Communication
- Problem Solving
- Critical Thinking
- Information Literacy
- Team Work
- Information Technology Competence
- Cross Cultural Competence
- Ethical practice
- Social Innovation

2 Written Assignment - Referral to Community Program or Multi-Discipline Team

Assessment Type

Written Assessment

Task Description

This assignment has been designed to get you as a new clinician to think about your patient holistically and explore either of the following two options:

A) the vast community based services that exist to further assist your patients outside of the hospital or health clinic you are working within;

B) the multi-disciplinary team within which we work as physiotherapist

We work with our patients to create SMART goals both short term and long term, some of these can't always be achieved with just physiotherapy or the service/facility your working within, so put your thinking caps on and get out and explore the options.

Description

You are required to write an essay based on **one** of the following options:

A) a community sub acute program that is **not** Queensland Health funded, that you either referred a patient to or that was available in the health district where you completed your third placement in. You can introduce the case study if you wish, but not compulsory.

Use the literature to outline the benefit for patients to be linked in with community programs post discharge from acute or subacute health care centres to continue their rehabilitation/subacute care. Think outside the box, the program doesn't have to be run by a health care provider it can be any organisation that will assist patients to achieve their goals. The patient's goals don't always have to be physical in nature, anything that they want to be able to complete, return to as part of their recovery. **Transition Care Programs (TCP),**

Community Based Rehabilitation Teams (CBRT) will not be excepted, as these are Queensland Health funded programs. Some examples of programs that students in the past have reviewed i.e. Men's Shed, Falls and Balance classes, Hydrotherapy classes, Heart Start.

or B) a different discipline within the Allied Health Multi-disciplinary team that you either referred a patient to or that was available in the health district where you completed your third placement in. You need to base this option around a case study to discuss the need for the referral.

Use the literature to outline the benefit for patients to be linked with different disciplines to continue their rehabilitation/subacute care.

The following should be included in your essay:

- Outline of the program or discipline
- Referral process
- Inclusion and exclusion criteria (this may not be necessary for option B)
- Financial cost to the patient (this may not be necessary for option B)
- Location/access
- Length of program (if there is one)
- Any other information relevant to the program – team members etc.

Assessment Due Date

Vacation Week Thursday (18 Apr 2019) 4:00 pm AEST

Return Date to Students

2 weeks after submissions

Weighting

30%

Minimum mark or grade

You must complete this assessment item to be eligible to pass the unit.

Assessment Criteria

Detailed marking criteria will be available on the unit moodle site, and will be based on the following:

- Presentation (30%)
- Referral (30%)
- Literature to support community program or MDT referral (40%)

The assignment must be within 2250 - 2750 words. Failure to meet this requirement will incur a 5% penalty off the initial mark for this assessment.

Referencing Style

- Communication
- Problem Solving
- Critical Thinking
- Information Literacy
- Ethical practice

Academic Integrity Statement

As a CQUniversity student you are expected to act honestly in all aspects of your academic work.

Any assessable work undertaken or submitted for review or assessment must be your own work. Assessable work is any type of work you do to meet the assessment requirements in the unit, including draft work submitted for review and feedback and final work to be assessed.

When you use the ideas, words or data of others in your assessment, you must thoroughly and clearly acknowledge the source of this information by using the correct referencing style for your unit. Using others' work without proper acknowledgement may be considered a form of intellectual dishonesty.

Participating honestly, respectfully, responsibly, and fairly in your university study ensures the CQUniversity qualification you earn will be valued as a true indication of your individual academic achievement and will continue to receive the respect and recognition it deserves.

As a student, you are responsible for reading and following CQUniversity's policies, including the [Student Academic Integrity Policy and Procedure](#). This policy sets out CQUniversity's expectations of you to act with integrity, examples of academic integrity breaches to avoid, the processes used to address alleged breaches of academic integrity, and potential penalties.

What is a breach of academic integrity?

A breach of academic integrity includes but is not limited to plagiarism, self-plagiarism, collusion, cheating, contract cheating, and academic misconduct. The Student Academic Integrity Policy and Procedure defines what these terms mean and gives examples.

Why is academic integrity important?

A breach of academic integrity may result in one or more penalties, including suspension or even expulsion from the University. It can also have negative implications for student visas and future enrolment at CQUniversity or elsewhere. Students who engage in contract cheating also risk being blackmailed by contract cheating services.

Where can I get assistance?

For academic advice and guidance, the [Academic Learning Centre \(ALC\)](#) can support you in becoming confident in completing assessments with integrity and of high standard.

What can you do to act with integrity?

Be Honest

If your assessment task is done by someone else, it would be dishonest of you to claim it as your own

Seek Help

If you are not sure about how to cite or reference in essays, reports etc, then seek help from your lecturer, the library or the Academic Learning Centre (ALC)

Produce Original Work

Originality comes from your ability to read widely, think critically, and apply your gained knowledge to address a question or problem
