General Information

Overview
Within this clinical placement unit, you will develop your clinical reasoning abilities and practice ethical and professional behaviours. You will achieve this by integrating and using your current knowledge, physical skills and principles of evidence-based practice to function competently to a level of a graduate physiotherapist. The clinical placement associated with this unit will differ from other clinical placement units. It will allow you to develop specific skills within one of the many physiotherapy clinical areas of expertise, across a variety of settings and patient demographics, with an emphasis on effective and patient-centred management plans, within the framework of the International Classification of Functioning, Disability and Health (ICF).

Assessment Overview
1. **Professional Practice Placement**
Weighting: 70%
2. **Written Assessment**
Weighting: 30%

Assessment Grading
This is a graded unit: your overall grade will be calculated from the marks or grades for each assessment task, based on the relative weightings shown in the table above. You must obtain an overall mark for the unit of at least 50%, or an overall grade of 'pass' in order to pass the unit. If any 'pass/fail' tasks are shown in the table above they must also be completed successfully ('pass' grade). You must also meet any minimum mark requirements specified for a particular assessment task, as detailed in the 'assessment task' section (note that in some instances, the minimum mark for a task may be greater than 50%). Consult the University's Grades and Results Policy for more details of interim results and final grades.

Previous Student Feedback

Feedback, Recommendations and Responses

Every unit is reviewed for enhancement each year. At the most recent review, the following staff and student feedback items were identified and recommendations were made.

Feedback from Student feedback

Feedback

The written assignment topic "New Graduate Job Application" and timing within the year was very helpful. Both on what will be expected for graduates to be submitting to be considered good candidates for highly competitive new graduation positions both in Queensland Health and Private Practices.

Recommendation

It is recommended that the Written Assignment topic for this unit remains as a New Graduate Job Application.

Unit Learning Outcomes

On successful completion of this unit, you will be able to:

1. Demonstrate consistent adherence to the rules of professional conduct, including legal and ethical responsibilities, and take responsibility for your personal development as an autonomous physiotherapist
2. Communicate effectively and efficiently with service users and the multi-disciplinary team in all aspects of your clinical practice
3. Demonstrate competency at an entry level standard of practice in assessments, clinical reasoning, execution of techniques, and delivery of programmes to manage specific clinical problems across a variety of services
4. Critically reflect upon your clinical development and relate this to relevant published sources and practice based experience.

Academic Integrity Statement

As a CQUniversity student you are expected to act honestly in all aspects of your academic work.

Any assessable work undertaken or submitted for review or assessment must be your own work. Assessable work is any type of work you do to meet the assessment requirements in the unit, including draft work submitted for review and feedback and final work to be assessed.

When you use the ideas, words or data of others in your assessment, you must thoroughly and clearly acknowledge the source of this information by using the correct referencing style for your unit. Using others' work without proper acknowledgement may be considered a form of intellectual dishonesty.

Participating honestly, respectfully, responsibly, and fairly in your university study ensures the CQUniversity qualification you earn will be valued as a true indication of your individual academic achievement and will continue to receive the respect and recognition it deserves.

As a student, you are responsible for reading and following CQUniversity's policies, including the **Student Academic Integrity Policy and Procedure**. This policy sets out CQUniversity's expectations of you to act with integrity, examples of academic integrity breaches to avoid, the processes used to address alleged breaches of academic integrity, and potential penalties.

What is a breach of academic integrity?
A breach of academic integrity includes but is not limited to plagiarism, self-plagiarism, collusion, cheating, contract cheating, and academic misconduct. The Student Academic Integrity Policy and Procedure defines what these terms mean and gives examples.

Why is academic integrity important?
A breach of academic integrity may result in one or more penalties, including suspension or even expulsion from the University. It can also have negative implications for student visas and future enrolment at CQUniversity or elsewhere. Students who engage in contract cheating also risk being blackmailed by contract cheating services.

Where can I get assistance?
For academic advice and guidance, the Academic Learning Centre (ALC) can support you in becoming confident in completing assessments with integrity and of high standard.

What can you do to act with integrity?

Be Honest
If your assessment task is done by someone else, it would be dishonest of you to claim it as your own

Seek Help
If you are not sure about how to cite or reference in essays, reports etc, then seek help from your lecturer, the library or the Academic Learning Centre (ALC)

Produce Original Work
Originality comes from your ability to read widely, think critically, and apply your gained knowledge to address a question or problem
