- Bundaberg
- Distance

Attendance Requirements

All on-campus students are expected to attend scheduled classes - in some units, these classes are identified as a mandatory (pass/fail) component and attendance is compulsory. International students, on a student visa, must maintain a full time study load and meet both attendance and academic progress requirements in each study period (satisfactory attendance for International students is defined as maintaining at least an 80% attendance record).

Website

[This unit has a website, within the Moodle system, which is available two weeks before the start of term. It is important that you visit your Moodle site throughout the term. Please visit Moodle for more information.](#)

Class and Assessment Overview

Recommended Student Time Commitment

Each 6-credit Undergraduate unit at CQUniversity requires an overall time commitment of an average of 12.5 hours of study per week, making a total of 150 hours for the unit.

Assessment Grading

This is a graded unit: your overall grade will be calculated from the marks or grades for each assessment task, based on the relative weightings shown in the table above. You must obtain an overall mark for the unit of at least 50%, or an overall grade of 'pass' in order to pass the unit. If any 'pass/fail' tasks are shown in the table above they must also be completed successfully ('pass' grade). You must also meet any minimum mark requirements specified for a particular assessment task, as detailed in the 'assessment task' section (note that in some instances, the minimum mark for a task may be greater than 50%). Consult the [University's Grades and Results Policy](#) for more details of interim results and final grades.

CQUniversity Policies

All University policies are available on the [CQUniversity Policy site](#).

You may wish to view these policies:

Previous Student Feedback

Feedback, Recommendations and Responses

Every unit is reviewed for enhancement each year. At the most recent review, the following staff and student feedback items were identified and recommendations were made.

Feedback from Verbal feedback and evaluations

Feedback

Students liked the 'optional' (non compulsory) readings/articles provided.

Recommendation

Continue to provide extra 'optional' reading for students who want more in depth information on unit material.

Feedback from Verbal feedback and evaluations

Feedback

Students appreciated having lectures recorded and broken down into short 20-30 min sections.

Recommendation

Ensure lecture content is recorded and broken down into shorter sections (no longer than 30 minutes each).

Feedback from Verbal feedback and evaluations

Feedback

Students requested that the cases for Part B of the Written submission (case write up) be re-written to include more content.

Recommendation

Re-write and provide more content for two cases provided for part B of written submission (e.g case write up).

Unit Learning Outcomes

On successful completion of this unit, you will be able to:

1. Apply a theoretical and practical understanding of the cognitive therapy model
2. Use case information to formulate case conceptualisations and basic treatment plans with appropriate processes and principles of cognitive therapy
3. Apply core principles of ethical and professional practice to therapeutic processes across psychological case studies and themes
4. Use cognitive therapy processes and decision-making strategies in case study presentations

Assessment Type

Practical Assessment

Task Description

Part A Video recording of a psycho-education session (75%)

You will record and submit a video of a psycho-education session.

- The assignment is an opportunity to demonstrate your professional practice in the delivery of a basic component of cognitive behaviour therapy.
- Specifically, you will provide a psycho-education session to a client on the cognitive behavioural model.
- Competence in psycho-education and socialising the client to the CBT model, is a fundamental element of the therapeutic process.
- Further details are provided in the Moodle site.

Part B Critique of Video (25%)

- Watch and review the 10-15 minute video you submitted.
- Write a critical reflection of your experience and approach.

You will need to address the following key areas:

- How well you performed
- What worked well
- How you would potentially run the session next time; What would you do differently?
- Use the assessment criteria from the Moodle site to guide you on the development of this task.

Academic Integrity Statement

As a CQUniversity student you are expected to act honestly in all aspects of your academic work.

Any assessable work undertaken or submitted for review or assessment must be your own work. Assessable work is any type of work you do to meet the assessment requirements in the unit, including draft work submitted for review and feedback and final work to be assessed.

When you use the ideas, words or data of others in your assessment, you must thoroughly and clearly acknowledge the source of this information by using the correct referencing style for your unit. Using others' work without proper acknowledgement may be considered a form of intellectual dishonesty.

Participating honestly, respectfully, responsibly, and fairly in your university study ensures the CQUniversity qualification you earn will be valued as a true indication of your individual academic achievement and will continue to receive the respect and recognition it deserves.

As a student, you are responsible for reading and following CQUniversity's policies, including the [Student Academic Integrity Policy and Procedure](#). This policy sets out CQUniversity's expectations of you to act with integrity, examples of academic integrity breaches to avoid, the processes used to address alleged breaches of academic integrity, and potential penalties.

What is a breach of academic integrity?

A breach of academic integrity includes but is not limited to plagiarism, self-plagiarism, collusion, cheating, contract cheating, and academic misconduct. The Student Academic Integrity Policy and Procedure defines what these terms mean and gives examples.

Why is academic integrity important?

A breach of academic integrity may result in one or more penalties, including suspension or even expulsion from the University. It can also have negative implications for student visas and future enrolment at CQUniversity or elsewhere. Students who engage in contract cheating also risk being blackmailed by contract cheating services.

Where can I get assistance?

For academic advice and guidance, the [Academic Learning Centre \(ALC\)](#) can support you in becoming confident in completing assessments with integrity and of high standard.

What can you do to act with integrity?

Be Honest

If your assessment task is done by someone else, it would be dishonest of you to claim it as your own

Seek Help

If you are not sure about how to cite or reference in essays, reports etc, then seek help from your lecturer, the library or the Academic Learning Centre (ALC)

Produce Original Work

Originality comes from your ability to read widely, think critically, and apply your gained knowledge to address a question or problem
