

# PSYC21003 *Therapy I: Theory, Research, Practice*

## Term 1 - 2022

Profile information current as at 09/05/2024 12:18 pm

All details in this unit profile for PSYC21003 have been officially approved by CQUniversity and represent a learning partnership between the University and you (our student). The information will not be changed unless absolutely necessary and any change will be clearly indicated by an approved correction included in the profile.

## General Information

### Overview

This unit is intended to provide clinical training in the implementation of culturally-responsive, evidence-based, clinical psychology interventions to meet the needs of culturally and linguistically diverse populations, including Aboriginal and Torres Strait Islander peoples. Specifically, in this unit you will focus on developing competencies in Cognitive Behavioural Therapy, with a strong emphasis on the skill of case conceptualisation and treatment planning.

### Details

Career Level: *Postgraduate*

Unit Level: *Level 9*

Credit Points: 6

Student Contribution Band: 10

Fraction of Full-Time Student Load: 0.125

### Pre-requisites or Co-requisites

There are no requisites for this unit.

Important note: Students enrolled in a subsequent unit who failed their pre-requisite unit, should drop the subsequent unit before the census date or within 10 working days of Fail grade notification. Students who do not drop the unit in this timeframe cannot later drop the unit without academic and financial liability. See details in the [Assessment Policy and Procedure \(Higher Education Coursework\)](#).

### Offerings For Term 1 - 2022

- Rockhampton

### Attendance Requirements

All on-campus students are expected to attend scheduled classes – in some units, these classes are identified as a mandatory (pass/fail) component and attendance is compulsory. International students, on a student visa, must maintain a full time study load and meet both attendance and academic progress requirements in each study period (satisfactory attendance for International students is defined as maintaining at least an 80% attendance record).

### Website

[This unit has a website, within the Moodle system, which is available two weeks before the start of term. It is important that you visit your Moodle site throughout the term. Please visit Moodle for more information.](#)

## Class and Assessment Overview

### Recommended Student Time Commitment

Each 6-credit Postgraduate unit at CQUniversity requires an overall time commitment of an average of 12.5 hours of study per week, making a total of 150 hours for the unit.

### Assessment Grading

This is a graded unit: your overall grade will be calculated from the marks or grades for each assessment task, based on the relative weightings shown in the table above. You must obtain an overall mark for the unit of at least 50%, or an overall grade of 'pass' in order to pass the unit. If any 'pass/fail' tasks are shown in the table above they must also be completed successfully ('pass' grade). You must also meet any minimum mark requirements specified for a particular assessment task, as detailed in the 'assessment task' section (note that in some instances, the minimum mark for a task may be greater than 50%). Consult the [University's Grades and Results Policy](#) for more details of interim results and final grades.

## CQUniversity Policies

This list is not an exhaustive list of all University policies. The full list of University policies are available on the [CQUniversity Policy site](#).

## Previous Student Feedback

### Feedback, Recommendations and Responses

Every unit is reviewed for enhancement each year. At the most recent review, the following staff and student feedback items were identified and recommendations were made.

#### Feedback from Moodle

##### Feedback

There was a clear link between what we learned in class and the work we were doing on placement with clients.

##### Recommendation

Continue to tailor learning to support the practical application of therapy skills to working with real clients.

#### Feedback from Moodle

##### Feedback

Liked the structure of the class, using the structure of a CBT session.

##### Recommendation

Continue to structure the class, following the structure of a CBT session (from check-in to agenda-setting and feedback/check-out).

#### Feedback from Moodle

##### Feedback

Instructions on how to convert videos to upload to Moodle would be helpful.

##### Recommendation

Provide advice on how to convert large video recordings to upload to Moodle.

## Unit Learning Outcomes

### On successful completion of this unit, you will be able to:

1. Explain and demonstrate appropriate selection and implementation of evidence-based Cognitive Behavioural Therapy interventions on the basis of case formulation
2. Adjust therapeutic interventions, based on an evolving Cognitive Behavioural Therapy case formulation, using processes that are responsive to cultural context
3. Apply evidence-based Cognitive Behavioural Therapy interventions across the lifespan.

The course Learning Outcomes for this unit are consistent with the new Australian Psychology Accreditation Council (APAC) Accreditation Standards, in particular, Section 4.2.3 regarding application of advanced psychological knowledge to culturally responsive interventions in the area of clinical psychology.

## Assessment Tasks

### 1 CBT Intervention Plan - Child

**Assessment Type**

Written Assessment

**Task Description**

You will write an 8-week CBT intervention plan, showing clear goals, specific intervention strategies to achieve these goals and a plan for managing risk factors. The intervention plan will be clearly linked to the case formulation (developed in class in Week 3) and discuss relevant evidence-based theories. You will describe how to adjust the CBT intervention plan based on an evolving case formulation, using culturally responsive processes (based on additional case information posted to Moodle in Week 4). You will describe how to evaluate the effectiveness of the intervention. Your reference list will be provided in the American Psychological Association (APA) format. Word limit: 2500 words (excluding references).

**Assessment Due Date**

Week 6 Friday (22 Apr 2022) 1:00 pm AEST

Submit your CBT intervention plan and case formulation in Moodle. The case formulation will not be graded but is required to ascertain that the intervention plan is clearly linked to the case formulation.

**Return Date to Students**

Week 8 Friday (6 May 2022)

Feedback and marks provided via Moodle

**Weighting**

25%

**Minimum mark or grade**

50%

**Assessment Criteria**

You will write an 8-week, CBT intervention plan, including the following:

1. Clear and specific goals, with a rationale explaining how they are linked to the case formulation (15/100 marks)
2. Description of the intervention plan (including the structure of sessions, interventions strategies, the order of interventions and expected length of treatment), with reference to the relevant evidence-based literature (60/100 marks)
3. Description of the adjustments you would make to the intervention, based on the evolving case information, with an evidence-based rationale for the changes (20/100 marks).
4. Description of how you would evaluate the effectiveness of the intervention, using person-centred and evidence-based measures of change (5/100 marks).

## 2 CBT Skills Demonstration - Child

### Assessment Type

Direct observation of procedural skills (DOPs)

### Task Description

You will submit 3 x 10-minute videos of you demonstrating key Cognitive Behavioural Therapy (CBT) skills with a simulated child client, role-played by another student in the unit. In the videos you will demonstrate: 1) the application three specific CBT strategies, adapted to be developmentally and culturally appropriate for your client, 2) collaborative empiricism (i.e. collaboratively working with the client, using relevant evidence to inform treatment) and 3) professional communication with your client. You will be provided with referral information and intake notes for your simulated client and advised of the three CBT strategies that you will be required to demonstrate in class (in Week 6).

### Assessment Due Date

Week 8 Friday (6 May 2022) 1:00 pm AEST

### Minimum mark or grade

50%

### Assessment Criteria

1. Effectively uses three CBT strategies (as advised in-class in Week 6) to work with a simulated child client in ways that are developmentally and culturally appropriate (20/100 marks/strategy x 3 strategies). A more detailed marking rubric for each strategy will be available in Moodle.
2. In each of the three role-plays of CBT strategies, the student demonstrates:
  - a) The use of collaborative empiricism (i.e. collaboratively working with the client, using relevant evidence to inform treatment) (20/100 marks).
  - b) Professional communication, including the expression of appropriate empathy, accurate understanding, clear professional boundaries, and eliciting and providing feedback (20/100 marks).

# 3 CBT Skills Demonstration - Adult

## Assessment Type

Direct observation of procedural skills (DOPs)

## Task Description

You will submit 3 x 10-minute videos of you demonstrating key Cognitive Behavioural Therapy (CBT) skills with a simulated adult client, role-played by another student in the unit. In the videos you will demonstrate: 1) check-in, agenda-setting and the bridge, 2) development of a thought record and 3) summary, setting between-session activities, feedback and check-out. The case study for your adult client will be provided in-class (in Week 8).

## Assessment Due Date

Week 10 Friday (20 May 2022) 1:00 pm AEST

Submit to Moodle

## Return Date to Students

Week 12 Friday (3 June 2022)

Feedback and marks provided via Moodle

## Weighting

## Assessment Criteria

You will demonstrate the following CBT competencies working with the adult:

1. Appropriate use of check-in, agenda-setting and the bridge between sessions (20/100 marks)
2. Effective use of strategies to develop a thought record with the adult (20/100 marks)
3. Appropriate use of the summary, setting between-session activities, feedback and check-out (20/100 marks)
4. Maintenance of a collaborative, empirical alliance with the adult across all three videos (20/100 marks)
5. Explicit demonstration of appropriate empathy, accurate understanding, clear professional boundaries, and eliciting and providing feedback (20/100 marks).

## **4 CBT Intervention Plan Adjustments - Adult**

### **Assessment Type**

Presentation

### **Task Description**

You will present an intervention plan for a Cognitive Behavioural Therapy (CBT) case formulation for an adult (you have developed in-class in Week 9). The presentation will focus on adjustments to your initial treatment plan (based on additional information provided in class in Week 10). The intervention plan will have clear and specific goals, intervention strategies from evidence-based literature, and a plan for the management of risk factors. You will also describe how to evaluate the effectiveness of your plan. The presentation will comprise a 15-minute video recording and reference list in APA style.

### **Assessment Due Date**

## Academic Integrity Statement

As a CQUniversity student you are expected to act honestly in all aspects of your academic work.

Any assessable work undertaken or submitted for review or assessment must be your own work. Assessable work is any type of work you do to meet the assessment requirements in the unit, including draft work submitted for review and feedback and final work to be assessed.

When you use the ideas, words or data of others in your assessment, you must thoroughly and clearly acknowledge the source of this information by using the correct referencing style for your unit. Using others' work without proper acknowledgement may be considered a form of intellectual dishonesty.

Participating honestly, respectfully, responsibly, and fairly in your university study ensures the CQUniversity qualification you earn will be valued as a true indication of your individual academic achievement and will continue to receive the respect and recognition it deserves.

As a student, you are responsible for reading and following CQUniversity's policies, including the [Student Academic Integrity Policy and Procedure](#). This policy sets out CQUniversity's expectations of you to act with integrity, examples of academic integrity breaches to avoid, the processes used to address alleged breaches of academic integrity, and potential penalties.

### What is a breach of academic integrity?

A breach of academic integrity includes but is not limited to plagiarism, self-plagiarism, collusion, cheating, contract cheating, and academic misconduct. The Student Academic Integrity Policy and Procedure defines what these terms mean and gives examples.

### Why is academic integrity important?

A breach of academic integrity may result in one or more penalties, including suspension or even expulsion from the University. It can also have negative implications for student visas and future enrolment at CQUniversity or elsewhere. Students who engage in contract cheating also risk being blackmailed by contract cheating services.

### Where can I get assistance?

For academic advice and guidance, the [Academic Learning Centre \(ALC\)](#) can support you in becoming confident in completing assessments with integrity and of high standard.

### What can you do to act with integrity?

#### Be Honest

If your assessment task is done by someone else, it would be dishonest of you to claim it as your own

#### Seek Help

If you are not sure about how to cite or reference in essays, reports etc, then seek help from your lecturer, the library or the Academic Learning Centre (ALC)

#### Produce Original Work

Originality comes from your ability to read widely, think critically, and apply your gained knowledge to address a question or problem
