

PSYC21006 *Psychopathology II*

Term 2 - 2017

Profile information current as at 11/05/2024 12:53 am

All details in this unit profile for PSYC21006 have been officially approved by CQUniversity and represent a learning partnership between the University and you (our student). The information will not be changed unless absolutely necessary and any change will be clearly indicated by an approved correction included in the profile.

General Information

Overview

The focus of Psychopathology II is on adult and older adult psychopathology. This unit is intended to provide knowledge in research, theory and practice related to adult (and older adult) psychopathology and examines the major psychopathologies in this population. Diagnosis and classification, various theories for the aetiology of adult and older adult psychopathology are considered, and the implications for diagnosis, consultation, and treatment are addressed. Students will be expected to develop competence in the application of diagnostic classification systems to adult and older adult presentations and will also be encouraged to critically evaluate such systems and be aware of their limitations in the general adult population.

Details

Career Level: *Postgraduate*

Unit Level: *Level 9*

Credit Points: 6

Student Contribution Band: 10

Pre-requisites or Co-requisites

Pre-requisite PSYC21005 Psychopathology I

Important note: Students enrolled in a subsequent unit who failed their pre-requisite unit, should drop the subsequent unit before the census date or within 10 working days of Fail grade notification. Students who do not drop the unit in this timeframe cannot later drop the unit without academic and financial liability. See details in the [Assessment Policy and Procedure \(Higher Education Coursework\)](#).

Offerings For Term 2 - 2017

- Rockhampton

Attendance Requirements

All on-campus students are expected to attend scheduled classes – in some units, these classes are identified as a mandatory (pass/fail) component and attendance is compulsory. International students, on a student visa, must maintain a full time study load and meet both attendance and academic progress requirements in each study period (satisfactory attendance for International students is defined as maintaining at least an 80% attendance record).

Website

[This unit has a website, within the Moodle system, which is available two weeks before the start of term. It is important that you visit your Moodle site throughout the term. Please visit Moodle for more information.](#)

Class and Assessment Overview

Recommended Student Time Commitment

Each 6-credit Postgraduate unit at CQUniversity requires an overall time commitment of an average of 12.5 hours of study per week, making a total of 150 hours for the unit.

Assessment Grading

This is a graded unit: your overall grade will be calculated from the marks or grades for each assessment task, based on the relative weightings shown in the table above. You must obtain an overall mark for the unit of at least 50%, or an overall grade of 'pass' in order to pass the unit. If any 'pass/fail' tasks are shown in the table above they must also be completed successfully ('pass' grade). You must also meet any minimum mark requirements specified for a particular assessment task, as detailed in the 'assessment task' section (note that in some instances, the minimum mark for a task may be greater than 50%). Consult the [University's Grades and Results Policy](#) for more details of interim results and final grades.

CQUniversity Policies

All University policies are available on the [CQUniversity Policy site](#).

You may wish to view these policies:

- Grades and Results Policy
- Assessment Policy and Procedure (Higher Education Coursework)
- Review of Grade Procedure
- Student Academic Integrity Policy and Procedure
- Monitoring Academic Progress (MAP) Policy and Procedure – Domestic Students
- Monitoring Academic Progress (MAP) Policy and Procedure – International Students
- Student Refund and Credit Balance Policy and Procedure
- Student Feedback – Compliments and Complaints Policy and Procedure
- Information and Communications Technology Acceptable Use Policy and Procedure

This list is not an exhaustive list of all University policies. The full list of University policies are available on the [CQUniversity Policy site](#).

Previous Student Feedback

Feedback, Recommendations and Responses

Every unit is reviewed for enhancement each year. At the most recent review, the following staff and student feedback items were identified and recommendations were made.

Feedback from 2 students wanted the reflective diary marks changed so they get feedback prior to week 12.

Feedback

Reflective diary

Recommendation

I am happy provide formative (ie informal) feedback to students in week 6 re their journals.

Unit Learning Outcomes

On successful completion of this unit, you will be able to:

1. Describe the diagnostic criteria for common adult and older adult psychological disorders and evaluate the advantages and limitations of existing diagnostic systems.
2. Critically examine the essential features of common adult and older adult disorders as well as the existing evidence on the phenomenology, epidemiology, etiology, risk factors and course of these disorders.
3. Identify and critically evaluate psychological theories and models in relation to the onset and maintenance etiology of adult and older adult disorders.
4. Demonstrate relevant communication skills, and reflective professional and ethical practice consistent with a Clinical Psychologist role.

This unit links with APAC and APS standards and guidelines for accreditation of Master's Course in Clinical Psychology units.

End of Year Exam	Date and Location TBA	

Assessment Tasks

1 Participation

Assessment Type

Group Work

Task Description

This grade relates to your weekly participation as an active member of the class. Specifically, each week (to a maximum of 10%), you get 1% for:

- presenting your material to the class in a succinct format. Participation in class discussion, including asking meaningful questions and providing relevant feedback re material discussed.
- posting your topic area by the previous Friday
- uploading your materials to the Moodle discussion site, by the relevant week day, ahead of our discussion on class, in time for people to read and digest the material. To help your classmates, please write a succinct summary of what you have found and signpost the most relevant article (so people can read just one article if pressed for time).

You are encouraged to engage with your peers on the Moodle site, however, monitoring of relevant questions/focus areas will be the responsibility of the unit convenor and co-facilitator.

Assessment Due Date

Week 12 Friday (6 Oct 2017) 10:00 pm AEST

It is expected that participation will occur throughout the semester and all postings will be complete by week 12.

Return Date to Students

Review/Exam Week Friday (13 Oct 2017)

I will finalise your participation grade before your final exam.

Weighting

10%

- Knowledge
- Communication
- Cognitive, technical and creative skills
- Research
- Self-management
- Ethical and Professional Responsibility
- Leadership

2 Reflection, Outreach assignment and Co-facilitation

Assessment Type

Portfolio

Task Description

This assessment item involves three pieces:

- A reflection (20%) handed in at the end of the term, where you summarise your learning about yourself as a learner, a scientist-practitioner and an emerging clinical psychologist. You will be asked to draw about your weekly contributions to the class, your assignment and your observations.
- An assignment (20%), where the focus is on developing some psychological resource that is relevant to adult or older adult psychopathology, and that will incorporate the description (e.g., classification, epidemiology), aetiology, assessment, basic diagnostic criteria, intervention/prevention and ethical and/or cultural issues and that is created for a general audience.
- Being a co-facilitator (10%) of the class at the Problem Based Learning (PBL) sessions that are held weekly. Your role is to observe, help with the integration of knowledge, ask questions that stimulate discussion and summarise your observations/integration by the end of the week that you were co-facilitating. During the week you are co-facilitating, you will not be working on a separate presentation to the class.

Assessment Due Date

Week 12 Friday (6 Oct 2017) 10:00 pm AEST

Return Date to Students

Exam Week Friday (20 Oct 2017)

Academic Integrity Statement

As a CQUniversity student you are expected to act honestly in all aspects of your academic work.

Any assessable work undertaken or submitted for review or assessment must be your own work. Assessable work is any type of work you do to meet the assessment requirements in the unit, including draft work submitted for review and feedback and final work to be assessed.

When you use the ideas, words or data of others in your assessment, you must thoroughly and clearly acknowledge the source of this information by using the correct referencing style for your unit. Using others' work without proper acknowledgement may be considered a form of intellectual dishonesty.

Participating honestly, respectfully, responsibly, and fairly in your university study ensures the CQUniversity qualification you earn will be valued as a true indication of your individual academic achievement and will continue to receive the respect and recognition it deserves.

As a student, you are responsible for reading and following CQUniversity's policies, including the [Student Academic Integrity Policy and Procedure](#). This policy sets out CQUniversity's expectations of you to act with integrity, examples of academic integrity breaches to avoid, the processes used to address alleged breaches of academic integrity, and potential penalties.

What is a breach of academic integrity?

A breach of academic integrity includes but is not limited to plagiarism, self-plagiarism, collusion, cheating, contract cheating, and academic misconduct. The Student Academic Integrity Policy and Procedure defines what these terms mean and gives examples.

Why is academic integrity important?

A breach of academic integrity may result in one or more penalties, including suspension or even expulsion from the University. It can also have negative implications for student visas and future enrolment at CQUniversity or elsewhere. Students who engage in contract cheating also risk being blackmailed by contract cheating services.

Where can I get assistance?

For academic advice and guidance, the [Academic Learning Centre \(ALC\)](#) can support you in becoming confident in completing assessments with integrity and of high standard.

What can you do to act with integrity?

Be Honest

If your assessment task is done by someone else, it would be dishonest of you to claim it as your own

Seek Help

If you are not sure about how to cite or reference in essays, reports etc, then seek help from your lecturer, the library or the Academic Learning Centre (ALC)

Produce Original Work

Originality comes from your ability to read widely, think critically, and apply your gained knowledge to address a question or problem
