

# PSYC22006 Clinic Team IV

## Term 2 - 2021

Profile information current as at 19/04/2024 09:56 am

All details in this unit profile for PSYC22006 have been officially approved by CQUniversity and represent a learning partnership between the University and you (our student). The information will not be changed unless absolutely necessary and any change will be clearly indicated by an approved correction included in the profile.

### General Information

#### Overview

Clinic Team IV builds on Clinic Team III (PSYC22005) to provide you with advanced practice skills required for the professional competencies in clinical psychology specified by the Australian Psychology Accreditation Council (APAC) and to prepare you for the Registrar Program to gain an Area of Practice Endorsement in Clinical Psychology with the Psychology Board of Australia. This includes the culturally-sensitive, evidence-based practice of clinical psychology, both autonomously and as a member of a multidisciplinary team. During your clinical practicum in a community-based setting, you will continue to develop your knowledge and skills to formulate and share case conceptualisations and intervention plans.

#### Details

Career Level: *Postgraduate*

Unit Level: *Level 9*

Credit Points: 6

Student Contribution Band: 10

Fraction of Full-Time Student Load: 0.125

#### Pre-requisites or Co-requisites

Prerequisite: PSYC22005 Clinic Team III.

Important note: Students enrolled in a subsequent unit who failed their pre-requisite unit, should drop the subsequent unit before the census date or within 10 working days of Fail grade notification. Students who do not drop the unit in this timeframe cannot later drop the unit without academic and financial liability. See details in the [Assessment Policy and Procedure \(Higher Education Coursework\)](#).

#### Offerings For Term 2 - 2021

- Mixed Mode
- Rockhampton

#### Attendance Requirements

All on-campus students are expected to attend scheduled classes - in some units, these classes are identified as a mandatory (pass/fail) component and attendance is compulsory. International students, on a student visa, must maintain a full time study load and meet both attendance and academic progress requirements in each study period (satisfactory attendance for International students is defined as maintaining at least an 80% attendance record).

#### Residential Schools

This unit has a Compulsory Residential School for distance mode students and the details are:

#### Website

[This unit has a website, within the Moodle system, which is available two weeks before the start of term. It is important that you visit your Moodle site throughout the term. Please visit Moodle for more information.](#)

## Class and Assessment Overview

### Recommended Student Time Commitment

Each 6-credit Postgraduate unit at CQUniversity requires an overall time commitment of an average of 12.5 hours of study per week, making a total of 150 hours for the unit.

### Class Timetable

#### [Regional Campuses](#)

Bundaberg, Cairns, Emerald, Gladstone, Mackay, Rockhampton, Townsville

#### [Metropolitan Campuses](#)

This list is not an exhaustive list of all University policies. The full list of University policies are available on the [CQUniversity Policy site](#).

## Previous Student Feedback

### Feedback, Recommendations and Responses

Every unit is reviewed for enhancement each year. At the most recent review, the following staff and student feedback items were identified and recommendations were made.

#### Feedback from Student feedback via Moodle 'Have your Say'.

##### Feedback

Students disliked the viva assessment task but also stated they thought it was important to their learning. Students noted that the viva feedback would have been more useful if delivered earlier, either mid-year or in the Residential School. Students thought having this feedback earlier would have allowed them to implement changes through the reflective practice process

##### Recommendation

Investigate possibilities for changing timeframe of Vivas so that students do this earlier in the term or in the Residential School for this unit.

#### Feedback from Student feedback via Moodle 'Have your Say'.

##### Feedback

Students enjoyed the class format of lectures on practical aspects of clinical psychology, such as the Mental Health Act and Registrar program, group supervision and student case presentations.

##### Recommendation

Continue with the class format of lectures, group supervision and student case presentations.

## Unit Learning Outcomes

### On successful completion of this unit, you will be able to:

1. Perform clinical psychology assessment, diagnosis, intervention, and associated activities in a community-based clinical setting
2. Apply ethical decision making in clinical psychological practice
3. Communicate effectively and professionally with clients, specialist and nonspecialist audiences
4. Critically reflect on knowledge, skills, and ability to independently provide professional clinical psychology services in a community-based setting.

The Learning Outcomes link with the Master of Clinical Psychology course Learning Outcomes: 1 (Apply culturally-sensitive advanced knowledge of psychological theories of the aetiology, presentation, and progression of psychological disorders across the lifespan and relevant international taxonomies of classification of psychological disorders), 2 (Apply advanced knowledge of psychological developmental and biopsychosocial models of health), 3 (Conduct culturally responsive assessment of psychological disorders), and 4 (Implement culturally-responsive, evidence-based, clinical psychology interventions). The Learning Outcomes are designed to meet the Australian Psychology Accreditation Council (APAC) standards for Clinical Psychology courses, in particular, Clinical Psychology guidelines 4.2.1, 4.2.2, and 4.2.3.

## Assessment Tasks

### 1 Professional Practice Placement

#### Assessment Type

Professional Practice Placement

#### Task Description

This assessment task requires you to successfully complete all placement requirements and to upload your Mid-Placement Review form, End of Placement Review form and supervision records for this placement, as well as your complete logbook for your 1000 hours of placement activity over the four Clinic Team units of the Master of Clinical Psychology course. All forms must be fully signed as indicated on the forms.

#### Assessment Due Date

Review/Exam Week Friday (15 Oct 2021) 4:00 pm AEST

All forms must be uploaded to the correct dropboxes on Moodle.

#### Return Date to Students

Via Moodle.

#### Weighting

Pass/Fail

#### Minimum mark or grade

Pass

#### Assessment Criteria

- The forms must all be correctly completed and signed where required by the student, their supervisors, and the Placement Coordinator. The End of Placement Review form must indicate satisfactory performance in all competencies.
- The logbook should show all records for the placements and a summary of client hours, supervision hours, and total hours of placement.

## Academic Integrity Statement

As a CQUniversity student you are expected to act honestly in all aspects of your academic work.

Any assessable work undertaken or submitted for review or assessment must be your own work. Assessable work is any type of work you do to meet the assessment requirements in the unit, including draft work submitted for review and feedback and final work to be assessed.

When you use the ideas, words or data of others in your assessment, you must thoroughly and clearly acknowledge the source of this information by using the correct referencing style for your unit. Using others' work without proper acknowledgement may be considered a form of intellectual dishonesty.

Participating honestly, respectfully, responsibly, and fairly in your university study ensures the CQUniversity qualification you earn will be valued as a true indication of your individual academic achievement and will continue to receive the respect and recognition it deserves.

As a student, you are responsible for reading and following CQUniversity's policies, including the [Student Academic Integrity Policy and Procedure](#). This policy sets out CQUniversity's expectations of you to act with integrity, examples of academic integrity breaches to avoid, the processes used to address alleged breaches of academic integrity, and potential penalties.

### What is a breach of academic integrity?

A breach of academic integrity includes but is not limited to plagiarism, self-plagiarism, collusion, cheating, contract cheating, and academic misconduct. The Student Academic Integrity Policy and Procedure defines what these terms mean and gives examples.

### Why is academic integrity important?

A breach of academic integrity may result in one or more penalties, including suspension or even expulsion from the University. It can also have negative implications for student visas and future enrolment at CQUniversity or elsewhere. Students who engage in contract cheating also risk being blackmailed by contract cheating services.

### Where can I get assistance?

For academic advice and guidance, the [Academic Learning Centre \(ALC\)](#) can support you in becoming confident in completing assessments with integrity and of high standard.

### What can you do to act with integrity?

#### Be Honest

If your assessment task is done by someone else, it would be dishonest of you to claim it as your own

#### Seek Help

If you are not sure about how to cite or reference in essays, reports etc, then seek help from your lecturer, the library or the Academic Learning Centre (ALC)

#### Produce Original Work

Originality comes from your ability to read widely, think critically, and apply your gained knowledge to address a question or problem
