Attendance Requirements

All on-campus students are expected to attend scheduled classes – in some units, these classes are identified as a mandatory (pass/fail) component and attendance is compulsory. International students, on a student visa, must maintain a full time study load and meet both attendance and academic progress requirements in each study period (satisfactory attendance for International students is defined as maintaining at least an 80% attendance record).

Website

[This unit has a website, within the Moodle system, which is available two weeks before the start of term. It is important that you visit your Moodle site throughout the term. Please visit Moodle for more information.](#)

Previous Student Feedback

Feedback, Recommendations and Responses

Every unit is reviewed for enhancement each year. At the most recent review, the following staff and student feedback items were identified and recommendations were made.

Feedback from Self-reflection, and informal discussion with students and supervisors.

Feedback

Progress reports embedded in Moodle are well accepted by students and supervisors as a strategy to monitor issues related to timely project completion and to raise supervisory concerns.

Recommendation

It is recommended to continue to use progress reports embedded in Moodle as a strategy to monitor issues related to supervision and on-time project completion.

Unit Learning Outcomes

On successful completion of this unit, you will be able to:

1. Develop appropriate data collection skills relevant to your project
2. Commence and manage a research project.

1 Progress Reports

Assessment Type
Written Assessment

Task Description
You must submit three (3) online project Progress Reports through Moodle. The Progress Reports will be available on Moodle during Weeks 2, 5, and 9. The Progress Reports will contain questions regarding the progress of the research project and identify any barriers to commencement or continuation of the project.

Due dates for submission of Progress Reports are as follows:
Progress Report 1 is due Week 2 Friday (17 March 2023) at 5:00pm AEST.
Progress Report 2 is due Week 5 Thursday (6 April 2023) at 5:00pm AEST.
Progress Report 3 is due Week 9 Friday (12 May 2023) at 5:00pm AEST.

This is non-graded (Pass/Fail) unit. Successful completion of this unit may only be achieved through satisfactory and timely submission of all three (3) Progress Reports.

Assessment Due Date

Due dates for submission of Progress Reports are noted in the Task Description.

Return Date to Students

Issues or concerns regarding project progression identified in the Progress Reports will be addressed by the Unit Coordinator in the week following submission of the report.

Academic Integrity Statement

As a CQUniversity student you are expected to act honestly in all aspects of your academic work.

Any assessable work undertaken or submitted for review or assessment must be your own work. Assessable work is any type of work you do to meet the assessment requirements in the unit, including draft work submitted for review and feedback and final work to be assessed.

When you use the ideas, words or data of others in your assessment, you must thoroughly and clearly acknowledge the source of this information by using the correct referencing style for your unit. Using others' work without proper acknowledgement may be considered a form of intellectual dishonesty.

Participating honestly, respectfully, responsibly, and fairly in your university study ensures the CQUniversity qualification you earn will be valued as a true indication of your individual academic achievement and will continue to receive the respect and recognition it deserves.

As a student, you are responsible for reading and following CQUniversity's policies, including the **Student Academic Integrity Policy and Procedure**. This policy sets out CQUniversity's expectations of you to act with integrity, examples of academic integrity breaches to avoid, the processes used to address alleged breaches of academic integrity, and potential penalties.

What is a breach of academic integrity?
A breach of academic integrity includes but is not limited to plagiarism, self-plagiarism, collusion, cheating, contract cheating, and academic misconduct. The Student Academic Integrity Policy and Procedure defines what these terms mean and gives examples.

Why is academic integrity important?
A breach of academic integrity may result in one or more penalties, including suspension or even expulsion from the University. It can also have negative implications for student visas and future enrolment at CQUniversity or elsewhere. Students who engage in contract cheating also risk being blackmailed by contract cheating services.

Where can I get assistance?
For academic advice and guidance, the Academic Learning Centre (ALC) can support you in becoming confident in completing assessments with integrity and of high standard.

What can you do to act with integrity?

Be Honest
If your assessment task is done by someone else, it would be dishonest of you to claim it as your own

Seek Help
If you are not sure about how to cite or reference in essays, reports etc, then seek help from your lecturer, the library or the Academic Learning Centre (ALC)

Produce Original Work
Originality comes from your ability to read widely, think critically, and apply your gained knowledge to address a question or problem
