

SCIH14004 Honours Analysis and Completion

Term 1 - 2019

Profile information current as at 25/04/2026 07:02 am

All details in this unit profile for SCIH14004 have been officially approved by CQUniversity and represent a learning partnership between the University and you (our student). The information will not be changed unless absolutely necessary and any change will be clearly indicated by an approved correction included in the profile.

General Information

Overview

During this unit you will complete and present your research project work as a thesis containing scientific scholarly works such as a manuscript intended for submission in peer-reviewed journals and/or industry reports, and as an oral thesis presentation and defense. Particular emphasis will be placed on succinct and clear presentations of background literature, project design, analytical methods, findings, conclusions and implications of your work, by written and oral means.

Details

Career Level: *Undergraduate*

Unit Level: *Level 4*

Credit Points: *12*

Student Contribution Band: *8*

Fraction of Full-Time Student Load: *0.25*

Pre-requisites or Co-requisites

Pre-requisite: SCIH14001 Honours Preparation Pre-requisite: SCIH14002 Research Project A Co-requisite: SCIH14003 Research Project B

Important note: Students enrolled in a subsequent unit who failed their pre-requisite unit, should drop the subsequent unit before the census date or within 10 working days of Fail grade notification. Students who do not drop the unit in this timeframe cannot later drop the unit without academic and financial liability. See details in the [Assessment Policy and Procedure \(Higher Education Coursework\)](#).

Offerings For Term 1 - 2019

- Online
- Rockhampton

Attendance Requirements

All on-campus students are expected to attend scheduled classes – in some units, these classes are identified as a mandatory (pass/fail) component and attendance is compulsory. International students, on a student visa, must maintain a full time study load and meet both attendance and academic progress requirements in each study period (satisfactory attendance for International students is defined as maintaining at least an 80% attendance record).

Website

This unit has a website, within the Moodle system, which is available two weeks before the start of term. It is important that you visit your Moodle site throughout the term. Please visit Moodle for more information.

Class and Assessment Overview

Recommended Student Time Commitment

Each 12-credit Undergraduate unit at CQUniversity requires an overall time commitment of an average of 25 hours of study per week, making a total of 300 hours for the unit.

Class Timetable

Regional Campuses

Bundaberg, Cairns, Emerald, Gladstone, Mackay, Rockhampton, Townsville

Metropolitan Campuses

Adelaide, Brisbane, Melbourne, Perth, Sydney

Assessment Overview

1. Written Assessment

Weighting: 75%

2. Oral Examination

Weighting: 25%

Assessment Grading

This is a graded unit: your overall grade will be calculated from the marks or grades for each assessment task, based on the relative weightings shown in the table above. You must obtain an overall mark for the unit of at least 50%, or an overall grade of 'pass' in order to pass the unit. If any 'pass/fail' tasks are shown in the table above they must also be completed successfully ('pass' grade). You must also meet any minimum mark requirements specified for a particular assessment task, as detailed in the 'assessment task' section (note that in some instances, the minimum mark for a task may be greater than 50%). Consult the [University's Grades and Results Policy](#) for more details of interim results and final grades.

CQUniversity Policies

All University policies are available on the [CQUniversity Policy site](#).

You may wish to view these policies:

- Grades and Results Policy
- Assessment Policy and Procedure (Higher Education Coursework)
- Review of Grade Procedure
- Student Academic Integrity Policy and Procedure
- Monitoring Academic Progress (MAP) Policy and Procedure – Domestic Students
- Monitoring Academic Progress (MAP) Policy and Procedure – International Students
- Student Refund and Credit Balance Policy and Procedure
- Student Feedback – Compliments and Complaints Policy and Procedure
- Information and Communications Technology Acceptable Use Policy and Procedure

This list is not an exhaustive list of all University policies. The full list of University policies are available on the [CQUniversity Policy site](#).

Previous Student Feedback

Feedback, Recommendations and Responses

Every unit is reviewed for enhancement each year. At the most recent review, the following staff and student feedback items were identified and recommendations were made.

Feedback from Self reflection

Feedback

The structure / requirements for the thesis should be reviewed at the end of 2018 to ensure it remains relevant for students and industry.

Recommendation

The course committee should review the structure of the thesis to ensure it remains relevant for students and industry.

Unit Learning Outcomes

On successful completion of this unit, you will be able to:

1. Describe and defend the application of relevant methodology to the design of a project
2. Critically analyse scientific works and scholarly readings in your research area
3. Communicate research to both specialist and non-specialist audiences, using terminology appropriate to the audience
4. Prepare scientific scholarly outputs suitable for publication in peer-review journals or as an industry technical report
5. Apply discipline specific analytical approaches to collected research data.

Assessment Tasks

1 Thesis submission

Assessment Type
Written Assessment

Task Description

A thesis summarising the work undertaken for Honours must be submitted as part of the requirements of the Honours programme.

Assessment Due Date

Week 12 Friday (7 June 2019) 12:00 pm AEST

Return Date to Students

Students will be advised of their results when marks have been received from all members of the marking panel. Notably, this may take a couple of weeks.

Weighting

75%

Assessment Criteria

Detailed marking criteria for the thesis are available on Moodle, however the general criteria is below.

In your thesis have you:

1. Critically analysed scientific work and scholarly readings in your research area?
2. Adequately described and justified the methodology used in the project?
3. Communicated the research to both specialist and non-specialist audiences, using appropriate terminology?
4. Analysed data appropriately? and,
5. Are scholarly outputs suitable for publication in peer-reviewed journals and/or as an industry technical report?

Thus, the whole of the thesis will be examined including the review of literature and scholarly outputs. You should work closely with your supervisors to ensure all criteria are met to the highest standard.

Learning Outcomes Assessed

- Describe and defend the application of relevant methodology to the design of a project
- Critically analyse scientific works and scholarly readings in your research area
- Communicate research to both specialist and non-specialist audiences, using terminology appropriate to the audience
- Prepare scientific scholarly outputs suitable for publication in peer-review journals or as an industry technical report
- Apply discipline specific analytical approaches to collected research data.

Graduate Attributes

- Communication
- Problem Solving
- Critical Thinking
- Information Literacy
- Team Work
- Information Technology Competence
- Ethical practice

2 Oral Examination

Assessment Type

Oral Examination

Task Description

You will prepare and deliver an oral presentation and receive questions from the marking panel and general audience. The oral presentation will be no more than 20 minutes in duration, and will:

1. Highlight the aims and significance of your research;
2. Describe the methodology including data collection and analysis;
3. Present the results in a clear and concise manner;
4. Discuss the findings in light of previous work in the area;
5. Present your conclusions based on the study's findings; and

6. Offer any implications arising from the work.

Immediately following the presentation, the marking panel will be given the opportunity to ask questions and follow up on any items that require further explanation, to inquire about how you might further promote your findings or how your work will inform future studies. The general audience will also be given the opportunity to ask questions if time permits after the marking panel have finished (20 minutes maximum question time - this is independent of the 20 minutes of time allocated for the presentation). You will be required to deliver your presentation from any one of the established CQU campuses, notably presentations will be primarily conducted on the Rockhampton campus, with video conference links to other campuses as required.

Assessment Due Date

Review/Exam Week Monday (10 June 2019) 8:00 am AEST

You must submit your slides as a powerpoint or pdf file by 8.00am on the due date. The presentation will then be conducted on the Monday of Review week and will be on the same day as initial presentations for the students entering the honours course, to help build a research culture within the School. The date of the presentation is non-negotiable.

Return Date to Students

Students will be notified of their grades once all marks have been received and collated from the marking panel.

Weighting

25%

Assessment Criteria

Detailed marking criteria for the final presentation and private discussion are available on Moodle, however the general criteria is;

1. Quality of the oral presentation;
2. Demonstrate comprehensive knowledge of the project;
3. Demonstrate the significance and novelty of the project; and
4. Deduce appropriate conclusions from the experimental work.

You should work closely with your supervisors to ensure all criteria are met to the highest standard.

Academic Integrity Statement

As a CQUniversity student you are expected to act honestly in all aspects of your academic work.

Any assessable work undertaken or submitted for review or assessment must be your own work. Assessable work is any type of work you do to meet the assessment requirements in the unit, including draft work submitted for review and feedback and final work to be assessed.

When you use the ideas, words or data of others in your assessment, you must thoroughly and clearly acknowledge the source of this information by using the correct referencing style for your unit. Using others' work without proper acknowledgement may be considered a form of intellectual dishonesty.

Participating honestly, respectfully, responsibly, and fairly in your university study ensures the CQUniversity qualification you earn will be valued as a true indication of your individual academic achievement and will continue to receive the respect and recognition it deserves.

As a student, you are responsible for reading and following CQUniversity's policies, including the [Student Academic Integrity Policy and Procedure](#). This policy sets out CQUniversity's expectations of you to act with integrity, examples of academic integrity breaches to avoid, the processes used to address alleged breaches of academic integrity, and potential penalties.

What is a breach of academic integrity?

A breach of academic integrity includes but is not limited to plagiarism, self-plagiarism, collusion, cheating, contract cheating, and academic misconduct. The Student Academic Integrity Policy and Procedure defines what these terms mean and gives examples.

Why is academic integrity important?

A breach of academic integrity may result in one or more penalties, including suspension or even expulsion from the University. It can also have negative implications for student visas and future enrolment at CQUniversity or elsewhere. Students who engage in contract cheating also risk being blackmailed by contract cheating services.

Where can I get assistance?

For academic advice and guidance, the [Academic Learning Centre \(ALC\)](#) can support you in becoming confident in completing assessments with integrity and of high standard.

What can you do to act with integrity?

Be Honest

If your assessment task is done by someone else, it would be dishonest of you to claim it as your own

Seek Help

If you are not sure about how to cite or reference in essays, reports etc, then seek help from your lecturer, the library or the Academic Learning Centre (ALC)

Produce Original Work

Originality comes from your ability to read widely, think critically, and apply your gained knowledge to address a question or problem
